Preface	xii
About the Authors	xv
PART ONE	
Introduction to Mortgage and MBS Markets	1
CHAPTER 1	
Overview of Mortgages and the Consumer Mortgage Market	3
Overview of Mortgages	4
Mortgage Loan Mechanics	12
Risks Associated with Mortgages and Mortgage Products	17
Concepts Presented in this Chapter	22
CHAPTER 2	
Overview of the Mortgage-Backed Securities Market	23
Creating Different Types of MBS	24
MBS Trading	35
The Role of the MBS Markets in Generating Consumer Lending Rates	40
Cash Flow Structuring	44
Concepts Presented in this Chapter	46
PART TWO	
Prepayment and Default Metrics and Behavior	47
CHAPTER 3	
Measurement of Prepayments and Defaults	49
Prepayment Terminology	50
Calculating Prepayment Speeds	52
Delinquency, Default, and Loss Terminology	66
Concepts Presented in this Chapter	76

CHAPTER 4	
Prepayments and Factors Influencing the Return of Principal	77
Prepayment Fundamentals	77
Factors Influencing Prepayment Speeds	85
Defaults and “Involuntary” Prepayments	92
Concepts Presented in this Chapter	97
PART THREE	
Structuring	99
CHAPTER 5	
Introduction to MBS Structuring Techniques	101
Underlying Logic in Structuring Cash Flows	102
Structuring Different Mortgage Products	103
Fundamentals of Structuring CMOs	106
CHAPTER 6	
Fundamental MBS Structuring Techniques: Divisions of Principal	109
Time Tranching	110
Planned Amortization Classes (PACs) and the PAC–Support Structure	116
Targeted Amortization Class Bonds	130
Z-Bonds and Accretion-Directed Tranches	130
A Simple Structuring Example	134
Concepts Presented in this Chapter	140
CHAPTER 7	
Fundamental MBS Structuring Techniques: Divisions of Interest	141
Coupon Stripping and Boosting	143
Floater–Inverse Floater Combinations	147
Two-Tiered Index Bonds (TTIBs)	156
Excess Servicing IOs	160
Concepts Presented in this Chapter	166
CHAPTER 8	
Structuring Private-Label CMOs	167
Private-Label Credit Enhancement	169
Private-Label Senior Structuring Variations	176
Governing Documents	189
Concepts Presented in this Chapter	191

CHAPTER 9	
The Structuring of Mortgage ABS Deals	193
Fundamentals of ABS Structures	194
Credit Enhancement for Mortgage ABS Deals	199
Factors Influencing the Credit Structure of Deals	201
Additional Structuring Issues and Developments	203
Concepts Presented in this Chapter	208
PART FOUR	
Valuation and Analysis	209
CHAPTER 10	
Techniques for Valuing MBS	211
Static Cash Flow Yield Analysis	211
Z-Spread	213
Valuation Using Monte Carlo Simulation and OAS Analysis	214
Total Return Analysis	226
Concepts Presented in this Chapter	229
CHAPTER 11	
Measuring MBS Interest Rate Risk	231
Duration	231
Convexity	238
Yield Curve Risk	241
Other Risk Measures	242
Concepts Presented in this Chapter	244
CHAPTER 12	
Evaluating Senior MBS and CMOs	245
Yield and Spread Matrices	246
Monte Carlo and OAS Analysis	262
Total Return Analysis	268
Evaluating Inverse Floaters	274
Concepts Presented in this Chapter	279
CHAPTER 13	
Analysis of Nonagency MBS	281
Factors Impacting Returns from Nonagency MBS	281
Understanding the Evolution of	
Credit Performance within a Transaction	284

The Process of Estimating Private-Label MBS Returns	290
Concepts Presented in this Chapter	304
APPENDIX	
An Option-Theoretic Approach to Valuing MBS	305
Option-Theoretic Models for Valuing MBS	306
An Option-Based Prepayment Model for Mortgages	307
Valuation of Mortgages	311
A Closer Look At Leapers and Laggards	319
Valuation of MBS	323
Index	327
