## CONTENTS

**PREFACE**  xv

**ACKNOWLEDGMENTS**  xvii

**PART ONE—Information Governance Concepts, Definitions, and Principles**  1

**CHAPTER 1**  The Onslaught of Big Data and the Information Governance Imperative  3

- Defining Information Governance  5
- IG Is Not a Project, But an Ongoing Program  7
- Why IG Is Good Business  7
- Failures in Information Governance  8
- Form IG Policies, Then Apply Technology for Enforcement  10
  Notes  12

**CHAPTER 2**  Information Governance, IT Governance, Data Governance: What’s the Difference?  15

- Data Governance  15
- IT Governance  17
- Information Governance  20
- Impact of a Successful IG Program  20
- Summing Up the Differences  21
  Notes  22

**CHAPTER 3**  Information Governance Principles  25

- Accountability Is Key  27
- Generally Accepted Recordkeeping Principles®  27
- Contributed by Charmaine Brooks, CRM
  Assessment and Improvement Roadmap  34
- Who Should Determine IG Policies?  35
  Notes  38

**PART TWO—Information Governance Risk Assessment and Strategic Planning**  41

**CHAPTER 4**  Information Risk Planning and Management  43

- Step 1: Survey and Determine Legal and Regulatory Applicability and Requirements  43
Step 2: Specify IG Requirements to Achieve Compliance  46
Step 3: Create a Risk Profile  46
Step 4: Perform Risk Analysis and Assessment  48
Step 5: Develop an Information Risk Mitigation Plan  49
Step 6: Develop Metrics and Measure Results  50
Step 7: Execute Your Risk Mitigation Plan  50
Step 8: Audit the Information Risk Mitigation Program  51
Notes  51

CHAPTER 5 Strategic Planning and Best Practices for Information Governance  53

Crucial Executive Sponsor Role  54
Evolving Role of the Executive Sponsor  55
Building Your IG Team  56
Assigning IG Team Roles and Responsibilities  56
Align Your IG Plan with Organizational Strategic Plans  57
Survey and Evaluate External Factors  58
Formulating the IG Strategic Plan  65
Notes  69

CHAPTER 6 Information Governance Policy Development  71

A Brief Review of Generally Accepted Recordkeeping Principles®  71
IG Reference Model  72
Best Practices Considerations  75
Standards Considerations  76
Benefits and Risks of Standards  76
Key Standards Relevant to IG Efforts  77
Major National and Regional ERM Standards  81
Making Your Best Practices and Standards Selections to Inform Your IG Framework  87
Roles and Responsibilities  88
Program Communications and Training  89
Program Controls, Monitoring, Auditing and Enforcement  89
Notes  91

PART THREE—Information Governance Key Impact Areas Based on the IG Reference Model  95

CHAPTER 7 Business Considerations for a Successful IG Program  97

By Barclay T. Blair
Changing Information Environment  97
Calculating Information Costs  99
Big Data Opportunities and Challenges  100
Full Cost Accounting for Information  101
Calculating the Cost of Owning Unstructured Information  102
The Path to Information Value  105
Challenging the Culture  107
New Information Models  107
Future State: What Will the IG-Enabled Organization Look Like?  110
Moving Forward  111
Notes  113

CHAPTER 8 Information Governance and Legal Functions  115

By Robert Smallwood with Randy Kahn, Esq., and Barry Murphy

Introduction to e-Discovery: The Revised 2006 Federal Rules of Civil Procedure Changed Everything  115
Big Data Impact  117
More Details on the Revised FRCP Rules  117
Landmark E-Discovery Case: Zubulake v. UBS Warburg  119
E-Discovery Techniques  119
E-Discovery Reference Model  119
The Intersection of IG and E-Discovery  122
By Barry Murphy

Building on Legal Hold Programs to Launch Defensible Disposition  125
By Barry Murphy

Destructive Retention of E-Mail  126
Newer Technologies That Can Assist in E-Discovery  126
Defensible Disposal: The Only Real Way To Manage Terabytes and Petabytes  130
By Randy Kahn, Esq.

Retention Policies and Schedules  137
By Robert Smallwood, edited by Paula Lederman, MLS

Notes  144

CHAPTER 9 Information Governance and Records and Information Management Functions  147

Records Management Business Rationale  149
Why Is Records Management So Challenging?  150
Benefits of Electronic Records Management  152
Additional Intangible Benefits  153
Inventorying E-Records  154
Generally Accepted Recordkeeping Principles®  155
E-Records Inventory Challenges  155
Challenge of Securing Confidential E-Documents 213
Apply Better Technology for Better Enforcement in the Extended Enterprise 215
E-Mail Encryption 217
Secure Communications Using Record-Free E-Mail 217
Digital Signatures 218
Document Encryption 219
Data Loss Prevention (DLP) Technology 220
Missing Piece: Information Rights Management (IRM) 222
Embedded Protection 226
Hybrid Approach: Combining DLP and IRM Technologies 227
Securing Trade Secrets after Layoffs and Terminations 228
Persistently Protecting Blueprints and CAD Documents 228
Securing Internal Price Lists 229
Approaches for Securing Data Once It Leaves the Organization 230
Document Labeling 231
Document Analytics 232
Confidential Stream Messaging 233
Notes 236

PART FOUR—Information Governance for Delivery Platforms 239

CHAPTER 12 Information Governance for E-Mail and Instant Messaging 241

Employees Regularly Expose Organizations to E-Mail Risk 242
E-Mail Policies Should Be Realistic and Technology Agnostic 243
E-Record Retention: Fundamentally a Legal Issue 243
Preserve E-Mail Integrity and Admissibility with Automatic Archiving 244
Instant Messaging 247
Best Practices for Business IM Use 247
Technology to Monitor IM 249
Tips for Safer IM 249
Notes 251

CHAPTER 13 Information Governance for Social Media 253

By Patricia Franks, Ph.D, CRM, and Robert Smallwood

Types of Social Media in Web 2.0 253
Additional Social Media Categories 255
Social Media in the Enterprise 256
Key Ways Social Media Is Different from E-Mail and Instant Messaging 257
Biggest Risks of Social Media 257
Legal Risks of Social Media Posts 259
Tools to Archive Social Media 261
IG Considerations for Social Media 262
Key Social Media Policy Guidelines 263
Records Management and Litigation Considerations for Social Media 264
Emerging Best Practices for Managing Social Media Records 267
Notes 269

CHAPTER 14 Information Governance for Mobile Devices 271

Current Trends in Mobile Computing 273
Security Risks of Mobile Computing 274
Securing Mobile Data 274
Mobile Device Management 275
IG for Mobile Computing 276
Building Security into Mobile Applications 277
Best Practices to Secure Mobile Applications 280
Developing Mobile Device Policies 281
Notes 283

CHAPTER 15 Information Governance for Cloud Computing 285

By Monica Crocker CRM, PMP, CIP, and Robert Smallwood

Defining Cloud Computing 286
Key Characteristics of Cloud Computing 287
What Cloud Computing Really Means 288
Cloud Deployment Models 289
Security Threats with Cloud Computing 290
Benefits of the Cloud 298
Managing Documents and Records in the Cloud 299
IG Guidelines for Cloud Computing Solutions 300
Notes 301

CHAPTER 16 SharePoint Information Governance 303

By Monica Crocker, CRM, PMP, CIP; edited by Robert Smallwood

Process Change, People Change 304
Where to Begin the Planning Process 306
Policy Considerations 310
Roles and Responsibilities 311
Establish Processes 312
Training Plan 313
Communication Plan 313
Note 314
PART FIVE—Long-Term Program Issues  315

CHAPTER 17 Long-Term Digital Preservation  317

By Charles M. Dollar and Lori J. Ashley

Defining Long-Term Digital Preservation  317
Key Factors in Long-Term Digital Preservation  318
Threats to Preserving Records  320
Digital Preservation Standards  321
PREMIS Preservation Metadata Standard  328
Recommended Open Standard Technology-Neutral Formats  329
Digital Preservation Requirements  333
Long-Term Digital Preservation Capability Maturity Model®  334
Scope of the Capability Maturity Model  336
Digital Preservation Capability Performance Metrics  341
Digital Preservation Strategies and Techniques  341
Evolving Marketplace  344
Looking Forward  344
Notes  346

CHAPTER 18 Maintaining an Information Governance Program and Culture of Compliance  349

Monitoring and Accountability  349
Staffing Continuity Plan  350
Continuous Process Improvement  351
Why Continuous Improvement Is Needed  351
Notes  353

APPENDIX A Information Organization and Classification: Taxonomies and Metadata  355

By Barb Blackburn, CRM, with Robert Smallwood; edited by Seth Earley

Importance of Navigation and Classification  357
When Is a New Taxonomy Needed?  358
Taxonomies Improve Search Results  358
Metadata and Taxonomy  359
Metadata Governance, Standards, and Strategies  360
Types of Metadata  362
Core Metadata Issues  363
International Metadata Standards and Guidance  364
Records Grouping Rationale  368
Business Classification Scheme, File Plans, and Taxonomy  368
Classification and Taxonomy  369
CONTENTS

Prebuilt versus Custom Taxonomies 370
Thesaurus Use in Taxonomies 371
Taxonomy Types 371
Business Process Analysis 377
Taxonomy Testing: A Necessary Step 379
Taxonomy Maintenance 380
Social Tagging and Folksonomies 381
Notes 383

APPENDIX B  Laws and Major Regulations Related to Records Management 385

United States 385
Canada 387
By Ken Chasse, J.D., LL.M.

United Kingdom 389
Australia 391
Notes 394

APPENDIX C  Laws and Major Regulations Related to Privacy 397

United States 397
Major Privacy Laws Worldwide, by Country 398
Notes 400
