ABOUT THE AUTHORS  

PREFACE  

ACKNOWLEDGEMENTS  

## 1  What Is Business Strategy?  

- What Is Business Strategy?  
- Competitive Advantage  
- The Strategic Management Process  
- What Information and Analysis Guides Strategy Formulation?  
  - Mission  
  - External Analysis  
  - Internal Analysis  
- How are Strategies Formulated?  
  - Strategy Vehicles for Achieving Strategic Objectives  
  - Strategy Implementation  
- Who is Responsible for Business Strategy?  
  - Who Benefits from a Good Business Strategy?  
  - Summary  
  - Key Terms  
  - Review Questions  
  - Application Exercises  
  - References  

## 2  Analysis of the External Environment: Opportunities and Threats  

- Determining the Right Landscape: Defining a Firm’s Industry  
- Five Forces that Shape Average Profitability Within Industries  
  - Rivalry: Competition among Established Companies  
  - Buyer Power: Bargaining Power and Price Sensitivity  
  - Supplier Bargaining Power  
  - Threat of New Entrants  
  - Threat of Substitute Products  
- Overall Industry Attractiveness  
- Where Should We Compete? New Thinking about the Five Forces and Industry Attractiveness  
- How the General Environment Shapes Firm and Industry Profitability  
- Complementary Products or Services  
- Technological Change  
- General Economic Conditions  
- Demographic Forces  
- Ecological/Natural Environment  
- Global Forces  
- Political, Legal, and Regulatory Forces  
- Social/Cultural Forces  
- Summary  
- Key Terms  
- Review Questions  
- Application Exercises  
- Strategy Tool  
- References  

## 3  Internal Analysis: Strengths, Weaknesses, and Competitive Advantage  

- The Value Chain  
- The Resource-Based View  
  - Resources  
  - Capabilities  
  - Priorities  
- Creating a Sustainable Competitive Advantage: The VRIO Model of Sustainability  
  - Value  
  - Rarity  
  - Inimitability  
  - Organized to Exploit  
  - Assessing Competitive Advantage with VRIO  
- The Company Diamond: A Tool for Assessing Competitive Advantage  
  - Gathering Data for Company Diamond Analysis  
  - Using the Company Diamond  
- Summary  
- Key Terms  
- Review Questions  
- Application Exercises  
- References  

## 4  Cost Advantage  

- Economies of Scale and Scope  
  - Ability to Spread Fixed Costs of Production  
  - Ability to Spread Nonproduction Costs  

---
## Contents

64 Specialization of Machines and Equipment  
64 Specialization of Tasks and People  
64 Evaluating Economies of Scale:  
65 The Scale Curve  
66 Economies of Scope  
67 Learning and Experience  
67 The Learning Curve  
67 The Experience Curve  
69 Experience Curves and Market Share  
69 How Strategists Use the Scale and Experience Curves to Make Decisions  
70 Proprietary Knowledge  
72 Lower Input Costs  
72 Bargaining Power over Suppliers  
73 Cooperation with Suppliers  
73 Location Advantages  
74 Preferred Access to Inputs  
74 Different Business Model or Value Chain  
74 Eliminating Steps in the Value Chain  
74 Performing Completely New Activities  
75 Revisiting Tata

CASE 17 Uber Technologies Inc.  C-178

CASE 18 Safe Water Network: Mastering the Model at Dzemeni  C-189

ADDITIONAL CASES CAN BE FOUND IN WILEYPLUS
“Exciting, challenging, and well constructed”
KALYAN CHAKRAVARTY, CALIFORNIA STATE UNIVERSITY, NORTH RIDGE

“[The cases] are wide-reaching in terms of topics covered and can easily be used to illustrate a variety of theoretic concepts from strategy. I think they are all well-written and well-informed.”
MEREDITH DOWNES, ILLINOIS STATE UNIVERSITY

“Timely strategic issues; I can easily link the cases to the concepts.”
KONGHEE KIM, ST. CLOUD STATE UNIVERSITY

“It is a challenge to engage and show the application of strategy concepts to undergraduate students. This text...is an effective resource for meeting this challenge. They combine professional and succinct introductory videos with integrated chapter and case content to relate information in a way that is accessible to students.”
DAVID KING, IOWA STATE UNIVERSITY

“The authors have found a way to present the strategy concepts in a concise manner that is easy for modern day students to understand and relate.”
LAKAMI BAKER, AUBURN UNIVERSITY

“Quite an offering of ideas and insights that we want our students to dig in and reflect upon.”
JOSEPH GOLDMAN, UNIVERSITY OF MINNESOTA

“I appreciate the author’s ability to accurately describe the concepts while not losing the target audience in the process.”
LUCAS HOPKINS, MIDDLE GEORGIA STATE COLLEGE

“The book, overall, and individual chapters are exactly what I was looking for myself. It is a fresh breath with contemporary examples and a youthful tone.”
M. NESIJ HUVAJ, SUFFOLK UNIVERSITY

“Good illustration of practical insights...helpful tools for student learning.”
DON OKHOMINA, FAYETTEVILLE STATE UNIVERSITY

“I think students might find the content easy to read and understand. It might actually make the subject enjoyable for more students.”
MITCHELL ADRIAN, MCNEESE STATE UNIVERSITY

“The greatest strength is the combination of academic rigor and practical, consulting-like approach to strategic management.”
HERVE QUENEAU, BROOKLYN COLLEGE

“This project brings a refreshingly practical perspective to strategy, while not sacrificing rigor.”
RAM SUBRAMANIAN, MONTCLAIR STATE UNIVERSITY
“It’s engaging for the students, has hands on strategy tools, and [is] loaded with examples.”

EDWARD WARD, SAINT CLOUD STATE UNIVERSITY

“Practical, applicable, rich with current examples. Well written and more professional than many.”

KRISTIN BACKHAUS, SUNY NEW PALTZ

“Clearly, the greatest strength is the uniqueness of the information as compared to other strategy texts.”

BRIAN CONNELLY, AUBURN UNIVERSITY

“A text on strategy written so that students can grasp the concepts better than most texts I have seen or used.”

DON STULL, TEXAS TECH UNIVERSITY

“My students embraced the contemporary examples utilized in the text, which help to explain concepts, the interesting and focused approach of the timely cases and the animated videos, which help explain the concepts. The text, the cases, and the accompanying animated videos provide effective approaches to support the different learning styles of the students.”

JAMES GLASGOW, VILLANOVA UNIVERSITY

“Excellent text. A great combination of conceptual material and business practices on Strategic Management for students in today’s global economy.”

PETER PINTO, BOWLING GREEN STATE UNIVERSITY

“The Dyer book is one of the best written I’ve seen, accessible to students and having great explanations. It also has cool animations.”

JIM WEBER, ST. CLOUD STATE UNIVERSITY

“The text clearly stands out for its concise approach to strategic business concepts. Illustrative graphs and charts compliment the straight-forward, interesting information.”

JACK HOPKINS, CLEMSON UNIVERSITY

"My students are pleased with the “real world,” be it examples or cases. They also appreciate the straight-forward approach of the authors. I concur with both observations and agree that “straight talk” and reality definitely create value in the classroom."

RICK SMITH, IOWA STATE UNIVERSITY

“Perhaps the top benefits…are the innovative support materials. For example, the animated videos are a great way to wrap-up each lecture.”

DAVID GRAS, TEXAS CHRISTIAN UNIVERSITY

“This text provides excellent in-class exercises that provide hands on demonstration of strategic management concepts.”

GEORGE MASON, PROVIDENCE COLLEGE
