## INDEX

### Anxiety syndromes (Continued)
- among eccentric/schizotypal personalities, 131–132
- among forceful/sadistic personalities, 142–143
- gender, 130
general clinical picture, 129–130
- Generalized Anxiety Disorder (GAD), 129
- introduction, 115–117, 127–129
- among needy/dependent personalities, 137
- among nonconforming/antisocial personalities, 142–143
- among pessimistic/depressive personalities, 149
- among retiring/schizoid personalities, 131–132
- among shy/avoidant personalities, 134
- among skeptical/negativistic personalities, 146
- among suspicious/paranoid personalities, 152
treatment options, 130–131
- posttraumatic stress syndromes, 126–127

### Apathetic (mood/affect)
- 58, 243

### Arkowitz, H.
- 12, 13

### Arthur, A.
- 195

### Asceticism (intrapsychic mechanisms)
- 61

### Assertive/sadistic personalities:
- alcohol-related syndromes among, 224–226
- in circulargrams, 28, 29, 30
- domain analysis (code J in tables), 34, 51, 53, 55, 57, 59, 61, 63, 65, 66
generalized anxiety among, 142–143
- paranoid schizophrenic disorders among, 250
- Attention-seeking (interpersonal conduct), 52, 88, 95, 108, 141, 164, 179

### Awakenings
- 70
