general medical conditions 391, 394–395, 399
hypochondriasis 387, 389, 402–404, 408
Not Otherwise Specified category 387, 389, 394, 403, 407–408
pain disorder 387–388, 398–402, 408
somatization disorder 385–393, 408
treatment 385–386, 388–389
undifferentiated 387–388, 393–395
Specific phobias 325, 331–334
behavioral tests 334–335
brain abnormalities 3
comorbidity patterns 335
course and natural history 335
decision trees 339, 345
differential diagnosis 335–337
DSM-IV-TR diagnostic criteria 332, 333, 335
DSM-IV-TR/ICD-10 diagnostic criteria comparison 345
obsessive–compulsive disorder 350, 351
phenomenology and subtypes 334
treatment 337, 340–343
treatment-refractory patients 343–344
Index 527
Speech disorders 19
delirium 106
dementia 112–113, 118
schizophrenia 248–249
Speech and language pathologists (SLP) 42
SSNRIs See Selective serotonin and noradrenalin reuptake inhibitors
SSRIs See Selective serotonin reuptake inhibitors
Stalkers 275
Standard case management (SCM) 268
STAR*D study 285–286, 293, 295
Stereotypic movement disorder 99–101
assessment 99
comorbidity 100
differential diagnosis 100
DSM-IV-TR diagnostic criteria 99
DSM-IV-TR/ICD-10 diagnostic criteria comparison 103
epidemiology 99–100
treatment 100–101
Steroids 131
Stimulus control therapy 457
STPD See Schizotypal personality disorder
Streptococcal infections 350
Stress inoculation training (SIT) 367
Stuporous catatonia 140–141
Stuttering 46–47
Subacute sclerosing panencephalitis 124
Substance abuse 145–146, 152
alcohol 153–154, 156, 160, 162
amphetamine-type stimulants 167, 172
cannabis 182
cocaine 187, 190
hallucinogens 197–198
inhalants 203–205, 206–208
opioid-related disorders 221, 224
prescription medications 235, 236–239
sleep disorders 461
Substance Abuse and Mental Health Service Administration (SAMHSA) 181
Substance dependence 145–146, 149, 152
alcohol 153–154, 157–162, 164–166
amphetamine-type stimulants 167, 172
biological factors 2
caffeine 177–179
cannabis 182
cocaine 186, 187–188, 191–192
inhalants 205
nicotine 211–219
opioid-related disorders 221–224
prescription medications 235–239
Substance intoxication 146, 148, 152
alcohol 154–155, 156
amphetamine-type stimulants 167–168, 171
caffeine 173–175
cannabis 181–183
cocaine 188
hallucinogens 195–197
inhalants 206
opioid-related disorders 222–223
prescription medications 238
sleep disorders 471
Substance withdrawal 146–147, 152
alcohol 155, 156, 163, 166
amphetamine-type stimulants 168–169, 171
caffeine 175–177, 179
cocaine 186, 188, 192
DSM-IV-TR diagnostic criteria 147
DSM-IV-TR/ICD-10 diagnostic criteria comparison 152
cocaine 211
opioid-related disorders 221–224, 227
prescription medications 238, 239–240, 242–243
sleep disorders 471
Substance-related disorders
