Subject Index

A
Advanced placement (AP), 8, 15, 17–18; benefits associated with, 17; and exposure to college campus, 18; minority students and, 17; non acceptance by elite institutions, 18
AP. See Advanced placement (AP)
Asynchronous learning, 33

B
Black and Latino students, 70–71

C
Comprehensive programs, 24–25
Concurrent enrollment, 22–23
Course content, of dual credit programs, 28–29; at postsecondary institutions, 35–36

D
Dual credit, 8–11, 15–16, 19–21, 23–24, 62, 81–82; benefits of, 20–21; college-level courses to high school students, 19; comprehensive program, 24–25; course content, 28–29; enhanced comprehensive program, 25; first offering and today program, distinctions between, 20; funding for, 26–27; future considerations for, 86–89; instructor eligibility, 28; recommendations for future research, 82–86; settings for delivery, 25–26; singleton program, 24; student participation in, 27–28; Syracuse University’s Project Advance, 20; terminology, 21–24; transferability of course credit, issues with, 29; types of, 24–25
Dual credit students, perceptions of, 44
Dual enrollment, 23

E
Early college high schools (ECHSs), 25, 37, 74, 88, 89; benefits and challenges, 60–61; dual credit characteristics of, 56–61; funding, 59; instructor eligibility, 58–59; student participation, 58
ECHSs. See Early college high schools (ECHSs)

F
First-generation students, 15; and dual credit programs, 73–75
Ford Foundation, 88
Full-time enrollment (FTE), 41
Funding, for dual credit courses, 26–27; at early college high schools, 59; at middle college high school, 55; at postsecondary institutions, 40–41; at traditional high schools, 50
G
Gates Foundation, 88
Gender and dual credit outcomes, relationship between, 77–78
Grade point average (GPA) requirements, for dual credit courses, 17, 37–39

H
High-achieving students, dual credit programs and, 63–65
Higher education, challenges related to, 14–15
High school settings, dual credit in, 46; early college high schools, 56–61; middle college high schools, 51–56; traditional high schools, 46–50

I
IB. See International baccalaureate (IB)
Independent virtual courses, 33
Instructor eligibility, for dual credit courses, 28; at early college high schools, 58–59; at middle college high school, 54–55; at postsecondary institutions, 39–40; at traditional high schools, 48–50
International baccalaureate (IB), 8, 15; Diploma Programme, 18–19; goal of, 18; instructors, certifications of, 19; popularity in the United States, 19; traits of, 18

J
Joint enrollment, 22

L
Low-income students, and dual credit programs, 75–77

M
Massive open online courses (MOOCs), 33, 34, 87, 89
MCHSs. See Middle college high schools (MCHSs)
Middle- and lower achieving students, dual credit programs for, 65–69
Middle college high schools (MCHSs), 21, 25; benefits and challenges, 55–56; characteristics of, 52; dual credit characteristics of, 51–56; funding, 55; instructor eligibility, 54–55; student participation, 53–54

N
National Alliance of Concurrent Enrollment Partnerships (NACEP), 22, 26

O
Online dual credit models, 33–34
OnRamps, 34, 87–88

P
Postsecondary institutions, and dual credit programs, 31–32; benefits and challenges, 42–44; campus-based classes, 33; course costs, 41–42; course offerings, 35–36; diversity of dual credit in postsecondary institutions, 32; funding, 40–41; instructor eligibility, 39–40; online dual credit delivery, 33–35; outlets for program delivery, 33–35; programs in community colleges and 4-year institutions, 31–32; student participation, 36–39
Precollege curricular options, 17; advanced placement, 17–18; dual credit (see Dual credit); international baccalaureate, 18–19

R
Racial and ethnic students, and dual credit programs, 70–72
Recruitment tool, 25–26
Remedial coursework, 14–15
Research, recommendations for, 82; college access and degree completion, 83–84; college-based research, 83; high school-based research, 82; instructor and course quality, 83; policy studies, 84; postbaccalaureate outcomes, 85–86; transitions to college, 85

Understanding the Opportunities and Challenges of Dual Credit

113
Singleton programs, 24, 47
Student eligibility requirements, for dual credit courses, 27–28; at postsecondary institutions, 36–39
Student loan debts, 86
Students’ experiences, in dual credit programs, 62–63; dual credits after matriculation, 79; first-generation college students, 73–75; gender differences, 77–79; high-achieving students, 63–65; low-income students, 75–77; middle- and lower achieving students, 65–69; racial and ethnic groups, 70–72; traditionally underrepresented student populations, 69–77
Synchronous learning, 33
Textbooks, payment for, 41–42
Traditional high schools, dual credit characteristics of, 46–50; benefits and challenges, 50; funding, 50; instructor eligibility, 48–50; student participation, 48
Transportation costs, dual credit programs and, 42
Virtual schools, 33
