Contents

SECTION I  FOUNDATIONS OF SCHOOL NEUROPSYCHOLOGICAL PRACTICE

1 School Neuropsychology: The Evolution of a Specialty in School Psychology
George W. Hynd and Cecil R. Reynolds 3

2 Providing Neurodevelopmental, Collaborative, Consultative, and Crisis Intervention School Neuropsychology Services
Kimberly A. Root, Rik Carl D’Amato, and Cecil R. Reynolds 15

SECTION II  DEVELOPMENT, STRUCTURE, AND FUNCTIONING OF THE BRAIN

3 Foundations of Developmental Neuroanatomy
W. Grant Willis 41

4 Abnormalities of Neurological Development
Cynthia A. Riccio and Kelly Pizzitola-Jarratt 61

5 The Brain as a Dynamic Organ of Information Processing and Learning
Cecil R. Reynolds and Christine L. French 86

6 Lateralization of Cerebral Functions and Hemispheric Specialization: Linking Behavior, Structure, and Neuroimaging
Andrew S. Davis and Raymond S. Dean 120

SECTION III  NEUROPSYCHOLOGICAL ASSESSMENT FOR INTERVENTION

7 The Pediatric Neurological Examination and School Neuropsychology
Tim R. Allen Jr., David Hulac, and Rik Carl D’Amato 145
8 The School Neuropsychological Examination  
   *Elaine Fletcher-Janzen*  
   172

9 Clinical Interviewing and Report Writing in  
   School Neuropsychology  
   *Janiece L. Pompa, Lora Tuesday Heathfield, and Elaine Clark*  
   213

10 Evaluating and Using Long-Standing School Neuropsychological  
   Batteries: The Halstead-Reitan and the Luria-Nebraska  
   Neuropsychological Batteries  
   *Andrew S. Davis, Judy A. Johnson, and Rik Carl D’Amato*  
   236

11 Evaluating and Using Contemporary Neuropsychological  
   Batteries: The NEPSY and the Dean-Woodcock Assessment System  
   *Andrew S. Davis and Rik Carl D’Amato*  
   264

12 Evaluating and Using Qualitative Approaches to  
   Neuropsychological Assessment  
   *Margaret Semrud-Clikeman, Alison Wilkinson, and  
     Tasha McMahon Wellington*  
   287

13 Assessing and Understanding Brain Function through  
   Neuropsychologically Based Ability Tests  
   *John J. Brinkman Jr., Scott L. Decker, and Raymond S. Dean*  
   303

14 Behavioral Neuroimaging: What Is It and What Does It Tell Us?  
   *Sherri L. Provencal and Erin D. Bigler*  
   327

### SECTION IV UNDERSTANDING AND SERVING LEARNERS WITH  
DISEASES AND DISORDERS OR FROM SPECIAL POPULATIONS

15 Understanding and Evaluating Special Education, IDEA, ADA,  
   NCLB, and Section 504 in School Neuropsychology  
   *David E. McIntosh and Scott L. Decker*  
   365

16 Understanding the School Neuropsychology of Nosology, Pediatric  
   Neuropsychiatry, and Developmental Disorders  
   *Margaret Semrud-Clikeman, Elizabeth Portman, and  
     Aimee Gerrard-Morris*  
   383

17 Providing Neuropsychological Services to Students with  
   Learning Disabilities  
   *Margaret Semrud-Clikeman, Jodene Goldenring Fine, and Lana Harder*  
   403

18 Providing Neuropsychological Services to Learners with  
   Traumatic Brain Injuries  
   *Margaret Semrud-Clikeman, Alexandra Kutz, and Emily Strassner*  
   425
19 Neurological and Psychological Issues for Learners with Seizures
   Elaine Clark and Elizabeth Christiansen

20 School Neuropsychology of Attention-Deficit/Hyperactivity Disorder
   Phyllis Anne Teeter Ellison

21 Providing Neuropsychological Services to Learners with Otitis Media and Central Auditory Processing Disorders
   Dalene M. McCloskey

22 Providing Neuropsychological Services to Learners with Chronic Illnesses
   James P. Donnelly

23 Providing Neuropsychological Services to Early Childhood Learners
   Cathy F. Telzrow, Andrea Beebe, and Julie Wojcik

24 Fetal Alcohol Syndrome: Neuropsychological Outcomes, Psychoeducational Implications, and Prevention Models
   LeAdelle Phelps

25 Providing Neuropsychological Services to Children Exposed Prenatally and Perinatally to Neurotoxins and Deprivation
   Laura M. Arnstein and Ronald T. Brown

26 Understanding the Neuropsychology of Drug Abuse
   Arthur MacNeill Horton Jr. and Arthur MacNeill Horton III

27 Providing Neuropsychological Services to Learners with Low-Incidence Disabilities
   Lawrence Lewandowski

28 Providing Neuropsychological Services to Culturally and Linguistically Diverse Learners
   Robyn S. Hess and Robert L. Rhodes

SECTION V NEUROPSYCHOLOGICAL INTERVENTIONS IN THE SCHOOLS

29 Developing Classroom and Group Interventions Based on a Neuropsychological Paradigm
   Patricia H. L. Work and Hee-sook Choi

30 Translating Neuropsychological Evaluation Information into the Individualized Education Plan, School Discipline Plan, and Functional Assessments of Behavior
   Lora Tuesday Heathfield, Janiece L. Pompa, and Elaine Clark
31 Understanding and Implementing Cognitive Neuropsychological Retraining
Donghyung Lee and Cynthia A. Riccio

701

32 Understanding and Implementing School-Family Interventions after Neuropsychological Impairment
Jane Close Conoley and Susan M. Sheridan

721

33 Understanding and Implementing Neuropsychologically Based Literacy Interventions
Laurice M. Joseph

738

34 Understanding and Implementing Neuropsychologically Based Arithmetic Interventions
Cherise D. Lerew

758

35 Understanding and Implementing Neuropsychologically Based Written Language Interventions
Mary M. Chittooran and Raymond C. Tait

777

36 Understanding Psychopharmacology with Learners
Thomas M. Dunn and Paul D. Retzlaff

804

37 Integrating Evidence-Based Neuropsychological Services into School Settings: Issues and Challenges for the Future
Matthew C. Traughber and Rik Carl D’Amato

827

Appendix A: Sample Neuropsychological Questionnaire
Michael J. Tincup, Rik Carl D’Amato, Jonathan E. Titley, and Raymond S. Dean

859

Appendix B: Sample Report of Psychological Examination
Janiece Pompa

873

Appendix C: Sample Neuropsychological Evaluation
Leesa V. Huang, Cherise D. Lerew, and Rik Carl D’Amato

885

Appendix D: Sample Neuropsychological Evaluation
Kimberly A. Root, David Hulac, and Rik Carl D’Amato

901

Appendix E: Sample Neuropsychological IEP
Kendra J. Bjoraker

919

Appendix F: Neuropsychology Organizations and Web Sites
Rik Carl D’Amato and Elizabeth A. McGrain

929
