INDEX

Abraham, Karl, 53
Abramowitz, C. S., 173
Abramowitz, J. S., 238, 255
Abramson, L., 130
Abrasive (interpersonal conduct), 23, 204–206, 224, 228, 302
Abrasive subtype, skeptical/negativistic personality, 296, 300–303
Abstinent (expressive behavior), 21
Accommodating subtype, needy/dependent personality, 71, 74–78
Acting out (intrapsychic mechanisms), 31, 152, 191
Active-independent, 130
Admirable (self-image), 26, 132, 133, 135, 162, 188
Affsprung, E. H., 148
Agas, D., 149
Aggrieved/masochistic personalities. See Masochistic (aggrieved/masochistic) personalities (code L)
Aizawa, N., 131
Akiskal, H. S., 237
Alarcon, R. D., 139
Albert, U., 236
Alcohol/drug abuse, sociable/histrionic, 91
Alienated (self-image), 26, 197
Alloy, L. B., 52
Amorous subtype, confident/narcissistic personality, 150, 154–157
Anacritic depressive, 53
Andershed, H., 174
Anguished (mood/affect), 28, 73, 159
Antisocial (nonconforming/antisocial) personalities, 165–200
clinical domains, prototype, 168–175
acting-out regulatory mechanism, 31, 169, 173, 191
autonomous self-image, 27, 169, 172, 194
callous mood/temperament, 29, 169, 174–175
debased object representations, 33, 169, 172–173
destitute cognitive style, 25, 169, 171–172, 188, 197
impulsive expressive behavior, 21, 168–170, 191
irresponsible interpersonal conduct, 23, 169, 170–171, 188, 194, 197
unruly morphologic organization, 35, 169, 173–174
illustrative cases, 185–199
covetous type (Case 5.1: Randall M.), 186–189
nomadic type (Case 5.4: Matt S.), 196–199
reputation-defending type (Case 5.2: Gustavo R.), 189–192
risk-taking type (Case 5.3: Shawn M.), 192–195
interventional goals, 177–180
prototype definition:
domain descriptors (code I), 19, 21, 23, 25, 27, 29, 31, 33, 35, 169
overview table, domain descriptors, 169
polarity dimensions, 167
salience diagram, 168
resistances and risks, 199–200
self-perpetuation processes, 175–177
subtypes (overview table), 186
synergistic arrangements, making, 185
therapeutic modalities, 181–185
behavioral techniques, 181
cognitive techniques, 183–184
interpersonal techniques, 181–182
intrapsychic techniques, 184–185
332 INDEX

Antisocial (nonconforming/antisocial) personalities
(Continued)
pharmacologic techniques, 185
self-image techniques, 184
Antisocial features/traits:
confident/narcissistic, unprincipled subtype,
150–153
sociable/histrionic, disingenuous subtype, 110
Apathetic (mood/affect), 28
Appeasing subtype, sociable/histrionic personality, 110,
120–123
Applegate, B., 170
Arkowitz, H., 6, 7, 51
Arntz, A., 58, 176
Asceticism (intrapsychic mechanisms), 31
Assertive personalities. See Sadistic (assertive/sadistic)
personalities
Attention-seeking (interpersonal conduct), 22, 92,
94–95, 112, 121–122, 125, 155
Autistic (cognitive style/content), 24
Autonomous (self-image), 27, 194
Aversive (interpersonal conduct), 22
Avny, S. B., 174
Avoidant (shy/avoidant) personalities:
domain descriptors (code C), 19, 20, 22, 24, 26, 28,
30, 32, 34, 36
tactic modalities, 43
Avoidant features/traits:
assertive/sadistic personality, spineless subtype, 219,
229–232
confident/narcissistic, compensatory subtype, 150,
157–160
needy/dependent personality, disquieted subtype,
71–74
Awakenings (Sacks), 39
Bandura, A., 198
Barnett, W., 95
Bates, A. T., 174
Battle, C. L., 236
Beck, A. T., 41, 53, 58, 67, 68, 70, 107, 112, 119, 125,
147, 148, 156, 160, 166, 181, 183, 191, 195, 198,
216, 217, 228, 232, 254, 255, 260, 293, 310
Bedeviled subtype, conscientious/compulsive
personality, 257, 268–272
Beech, A. R., 165
Behavioral techniques:
assertive/sadistic personalities, 214–215
confident/narcissistic personalities, 145
conscientious/compulsive personalities, 252–253
needy/dependent personalities, 65
nonconforming/antisocial, 181
skeptical/negativistic personalities, 291–292
sociable/histrionic personalities, 105
Belfrage, H., 175
Bender, D. S., 63, 69, 105, 252
Benjamin, L. S., 12, 14, 66, 83, 105, 113, 116, 144,
145, 146, 156, 160, 181–182, 189, 198, 215, 225,
229, 252, 253, 271, 292, 303, 306, 310
Benning, S. D., 170
Berk, S., 57
Bernstein, D. P., 276
Bhar, S. S., 236
Bienvenu, O. J., 60
Binder, J., 149
Binder, J. L., 222, 306
Bipolar disorder, needy/dependent personality
resembling, 53
Birbaumer, N., 173
Birket-Smith, M., 165
Bivens, A., 287
Blackburn, R., 165, 218
Blair, R. J. R., 167, 170, 171, 174

Blatt, S., 53
Blizard, R. A., 201
Blonigen, D. M., 170
Bloom, C., 13
Bogetto, F., 218, 236
Bogwald, K., 109
Bohme, H., 109
Bolognini, M., 56
Borderline (capricious/borderline) personalities (code
N), 19, 21, 23, 25, 27, 29, 31, 33, 36
Borderline features/traits:
assertive/sadistic personality, explosive subtype,
219–222
skeptical/negativistic personality, vacillating subtype,
296, 307–310
sociable/histrionic personality, infantile subtype, 110,
113–116
Bornstein, R. E., 59, 60, 67, 68, 69, 90
Borton, J. L. S., 236
Bos, J., 206
Brandes, M., 60
Braicic, J. R., 94
Britton, R., 129
Brook, J. S., 90, 236, 276
Brown, J., 276
Budhani, S., 167
Bureaucratic subtype, conscientious/compulsive personality, 257
Burke, J. D., 170
Burket, R. C., 202
Burnette, M. L., 174

Calamari, J. E., 173, 255
Cale, E. M., 95, 174

Callahan, K. L., 130
Callous (mood/affect), 29
Camp, J., 179
Capponi, A., 140
Capricious/borderline personalities. See Borderline (capricious/borderline) personalities (code N)
Capricious/skeptical, cognitively, 125, 309
Carlson, G., 164
Carlson, J., 292
Cartwright, D., 143
Catalytic sequences, potentiated pairings and, 37–45
Chabrol, H., 168
Chaotic (intrapsychic content), 32
Chen, H., 276
Chevron, E. S., 65
Cicchetti, D., 58
Circuitous subtype, skeptical/negativistic personality, 296, 297–300
Clancy, C., 59
Clark, D. A., 165, 176
Clarkin, J. F., 5, 181
Cleckley, H., 166
Cloninger, Robert, 12
Coghlan, D., 276
Cognitive style/content domain: in circulargram of functional domains, 14
trait descriptions checklist, 24–25
trait descriptions framework explained, 18–19
Cognitive techniques:
assertive/sadistic personalities, 216–217
confident/narcissistic personalities, 147–148
conscientious/compulsive personalities, 254–255
needy/dependent personalities, 67–68
nonconforming/antisocial, 183–184
skeptical/negativistic personalities, 293–294
sociable/histrionic personalities, 106–107
Cogswell, A., 52
Cohen, P., 90, 236, 276
Coid, J. W., 275, 284
Coles, M. E., 236
Colwell, L. H., 179

Combative (self-image), 27, 205, 206–207, 230–231
Compartmentalized (intrapsychic structure), 36, 242, 244–245
Compensatory subtype, confident/narcissistic personality, 150, 157–160
Complacent (self-image), 26
Compulsive (conscientious/compulsive) personalities, 235–273
clinical domains, prototype, 239–246
compartmentalized morphologic organization, 36, 242, 244–245
concealed objects, 33, 242, 243, 263
disciplined expressive behavior, 21, 239–240, 242, 259, 267
reaction-formation regulatory mechanism, 31, 242, 243–244
respectful interpersonal behavior, 23, 240, 242, 263
solemn mood/temperament, 29, 242, 245–246, 267
illustrative cases, 257–272
bedeviled type (Case 7.4, Bryan G.), 268–272
conscientious type (Case 7.1, Mark T.), 257–261
parsimonious type (Case 7.3, Julie V.), 265–268
puritanical type (Case 7.2, Norma S.), 261–265
interventional goals, 248–252
prototype definition:
domain descriptors (code O), 19, 21, 23, 25, 27, 29, 31, 33, 36, 242
overview table, domain descriptors, 242
polarity dimensions, 238
salience diagram, 239
resistances and risks, 272–273
self-perpetuation processes, 246–248
synergistic arrangements, making, 256–257
therapeutic modalities, 252–256
behavioral techniques, 252–253
cognitive techniques, 254–255
interpersonal techniques, 253–254
intrapsychic techniques, 255–256
pharmacologic techniques, 256
self-image techniques, 255
Compulsive features/traits, assertive/sadistic personalities, enforcing subtype, 219, 226–229
Concealed (intrapsychic content), 33, 242, 243, 263
Confident personalities. See Narcissistic (confident/narcissistic) personalities
INDEX

Conscientious personalities. See Compulsive
(conscientious/compulsive) personalities
Conscientious subtype, conscientious/compulsive personalities, 257–261
Constricted (cognitive style/content), 25, 228, 241, 242, 259, 270
Contrary (interpersonal conduct), 23, 279–282, 298, 309
Contrived (intrapsychic content), 32, 132, 133, 135–136
Cooke, D. J., 165, 170, 176, 201
Coolidge, F. L., 284, 285

Defensive (expressive behavior), 21
Differential (interpersonal conduct), 23
DeMatteo, D., 165
DenBoer, J. W., 285
Dependent (needy/dependent) personalities, 51–88
clinical domains, prototype, 55–60
immature objects, 32, 57, 58–59, 80
inchoate organization (intrapsychic structure), 34, 57, 59–60, 86
incompetent expressive behavior, 20, 56, 57
inert self-image, 26, 57, 58, 73, 79, 82–83
introjection regulatory mechanism, 30, 57, 59
naive cognitive style, 24, 57, 58, 76, 79
pacific mood/temperament, 28, 57, 60, 86
submissive interpersonal conduct, 22, 56–57, 73, 76, 83
illustrative cases, 71–87
accommodating type (Case 2.2: Wayne M.), 74–78
disquieted type (Case 2.1: Melissa K.), 71–74
immature type (Case 2.3: Cindi S.), 78–81
ineffectual type (Case 2.4: Thalya R.), 81–84
selfless type (Case 2.5: Kristine M.), 84–87
interventional goals, 62–64
prototype definition:
domain descriptors (code D), 19, 20, 22, 24, 26, 28, 30, 32, 34, 57
overview table, domain descriptors, 57
polarity dimensions, 54
salience diagram, 55
resistances and risks, 87–88
self-perpetuation processes, 60–62
subtypes (overview table), 71
synergistic arrangements, making, 70
therapeutic modalities, 64–70
behavioral techniques, 65
cognitive techniques, 67–68
interpersonal techniques, 65–67
intrapsychic/psychodynamic techniques, 69
pharmacologic techniques, 69–70
self-image techniques, 68–69
Dependent features/traits:
conscientious/compulsive, conscientious subtype, 257–261
skeptical/negativistic, circuitous subtype, 296, 297–300
sociable/histrionic, appeasing subtype, 110, 120–123
Depleted (intrapsychic structure), 35
Depression/dysthymia:
confident/narcissistic, 130
needy/dependent personality and, 52–53
sociable/histrionic, 90–91
Depressive (pessimistic/melancholic) personalities (code K), 19, 21, 23, 25, 27, 29, 31, 33, 35, 36
Depressive features/traits, skeptical/negativistic, discontented subtype, 296, 303–307
Depressive subtypes, anaclitic/introjective, 53
Deviant (cognitive style/content), 25, 152, 188, 197
Dickinson, K. A., 134
Dieterich, J., 236
Diffident (cognitive style/content), 25
Dilley, G., 90
Discipio, W. J., 237
Disciplined (expressive behavior), 21, 239–240, 242, 259, 267
Disconsolate (expressive behavior), 21
Discontented (self-image), 27, 280, 282–283, 305, 309
Discontented subtype, skeptical/negativistic personality, 296, 303–307
Discredited representations (intrapsychic content), 33
Disingenuous subtype, sociable/histrionic personality, 110
Disjointed (intrapsychic structure), 35, 92, 98
Displacement (intrapsychic mechanisms), 31, 280, 283–284, 305
Disquieted subtype, needy/dependent personality, 71–74
Dissociation (intrapsychic mechanisms), 30, 92, 97–98, 115
Distracted (cognitive style/content), 24
Distracted or insentient (mood/affect), 28
Divergent (intrapsychic structure), 36, 280, 284
DNA, psychic, 4
Dogmatic (cognitive style/content), 25, 191, 205, 206, 224, 231, 302
Domain checklists:
  - cognitive style/content, 24–26
  - expressive behavior, 20–21
  - interpersonal conduct, 22–23
  - intrapsychic content, 32–33
  - intrapsychic mechanisms, 30–31
  - intrapsychic structure, 34–36
  - mood/affect, 28–78
  - self-image, 26–27
