#### Chapter 1  Construction Personnel in Practice  1

1.1 Background to Stress Management in Construction  1  
1.2 Construction Organisations  3  
1.3 Construction Personnel  8  
1.4 Construction Projects  12  
1.5 Stress in the Construction Industry  14  
References  28  

#### Chapter 2  Theories of Stress  37

2.1 The History of Stress Theory  37  
2.2 Arousal Theories  41  
2.3 Appraisal and Regulatory Theories  44  
2.4 Summary  48  
References  48  

#### Chapter 3  Stress  53

3.1 Stress Levels of Construction Personnel  53  
3.2 Development of a Conceptual Model of Stress  65  
3.3 Research Results on Stress among Construction Personnel  66  
3.4 Case Studies  77  
3.5 Practical Implications  84  
3.6 Summary  85  
References  86  

#### Chapter 4  Sources of Stress Affecting Construction Personnel  91

4.1 Stressors Affecting Construction Personnel  91  
4.2 Development of a Conceptual Model of Stressors and Stress  104  
4.3 Research Results on Stressors and Different Construction Personnel  105
## Contents

### Chapter 5 Consequences of Stress

5.1 Consequences of Stress Affecting Construction Personnel 149  
5.2 (Inter)Personal Performance of Construction Personnel 149  
5.3 Task Performance of Construction Personnel 151  
5.4 Organisational Performance of Construction Personnel 152  
5.5 Development of a Conceptual Model of Stress and Performance 153  
5.6 Research Results on Stress and Performance of Construction Personnel 158  
5.7 Discussion 165  
5.8 Case Studies 169  
5.9 Practical Implications 177  
References 178

### Chapter 6 Stress Management

6.1 Coping Behaviours 185  
6.2 Effectiveness of Coping Behaviours 195  
6.3 Determinants of Various Coping Behaviours 196  
6.4 Developing a Conceptual Model of the Individual Coping Behaviours of Construction Personnel 197  
6.5 Studies on the Coping Behaviours of Construction Personnel 198  
6.6 Case Studies 211  
6.7 Discussion 217  
6.8 Practical Implications 223  
6.9 Summary 224  
References 225

### Chapter 7 Conclusions

7.1 Stress Management for Construction Personnel 233  
7.2 Practical Recommendations 242  
7.3 Recommendations for Further Research 246  
7.4 Conclusion 249  
References 251
