Index

southern hake (*Merluccius australis*)

(continued)

recruitment and reproduction, 105, 107–8

taxonomy, 156–60, 157, 159, 160

Southern stock, European hake, 17, 18, 19, 22–3, 25

southwestern Atlantic Ocean see Atlantic fisheries; Brazilian fishery; Falkland/Malvinas Islands fishery

Spain, European hake, 2, 332, 333

spawning stock biomass (SSB)

Chilean hake, 138

Chilean hoki, 315

European hake, 20–23, 22, 24, 25, 27

New Zealand hoki, 281

Pacific hake, 253, 254

South African hake species, 64

southern hake, 120

squid species, 52, 155 see also Humboldt squid

statistical catch-at-age analysis (SCAA), Namibia, 86, 89–90

sub-Antarctic ecosystem, 155

Sub-Antarctic fishery, New Zealand, 103, 104, 105, 106, 107–9, 114, 118–20, 326

Sub-Antarctic waters (SAWs), Argentinean–Uruguayan Common Fishing Zone, 187

surimi, 324, 337–8, 367

Chilean hake, 143

Chilean hoki, 316–17, 317

New Zealand hoki, 272

North American hake, 255–6

surveys

Brazilian hake, 214, 217

Falkland/Malvinas fisheries, 180

New Zealand hake, 105, 117, 118, 122

New Zealand hoki, 277, 276–7, 286

Pacific hake, 244, 250–251

sustainability

Chilean hake, 138, 146–8

New Zealand hake, 120, 122

New Zealand hoki, 267, 282, 286

South African hake, 56

swoddies (slope water oceanic eddies), northeast Atlantic Ocean, 7

taxonomy

Chilean hoki, 295–6

common hake, 185–6

New Zealand hoki, 265–6

TCEPR (Trawl Catch Effort Processing Returns) New Zealand hoki, 268, 284

*Theragra chalcogramma* (walleye pollock), 248

*Thyrsites atun* (snoak), 52

Tori lines, 65, 90–91

total allowable catch (TAC), 324, 325

Chilean hake, 128, 139, 148

European hake, 17, 19, 23, 25

New Zealand hake, 111, 112

New Zealand hoki, 285, 286

Pacific hake, 247, 249

Namibian fishery, 61–3, 85, 90

South African fishery, 50, 51–3, 54, 55, 57–63, 58–60

*Trachurus murphyi* (jack mackerel), 325

Trawl Catch Effort Processing Returns see TCEPR

trawl surveys see surveys

trawling, 324

benthic impacts, 51, 65, 139, 283–5

European hake, 18, 25

Namibian fishery, 83, 84, 91

South African fishery, 51, 53, 54, 55–6

*Undine* (first commercial trawler), 49

United States see North American fisheries

vessel monitoring systems (VMS), 56, 65, 225, 226

virginal spawning biomass (VSB), Chilean hake, 138

Von Bertalanffy parameters, southern hake, 105

walleye pollock (*Theragra chalcogramma*), 248

WCSI

growth, 326

hoki or blue grenadier (*Macruronus novaezelandiae*) in New Zealand, 273

WCSI fishery (west coast South Island), New Zealand

hake, 104–9, 111–15, 117–20, 122, 326

hoki, 270, 273–9, 284–6

west coast sole (*Austroglossus microlepis*), 49

whiptail see New Zealand hoki

whiting see Pacific hake

widow rockfish (*Sebastes entomelas*), 249
