List of contributors, vii
Introduction, xi

Section I: Preclinical sciences of stress
1 Posttraumatic stress disorder: from neurobiology to clinical presentation, 3
  Arieh Y. Shalev & J. Douglas Bremner
2 The epidemiology of posttraumatic stress disorder in children and adolescents: a critical review, 27
  Leah A. McGuire
3 Early life stress and development: preclinical science, 61
  Dora B. Guzman, Brittany Howell & Mar Sanchez
4 Amygdala contributions to fear and safety conditioning: insights into PTSD from an animal model across development, 81
  Christopher Cain & Regina Sullivan
5 Preclinical evidence for benzodiazepine receptor involvement in the pathophysiology of PTSD, comorbid substance abuse, and alcoholism, 105
  Robert Drugan, Nathaniel P. Stafford & Timothy A. Warner
6 Psychosocial predator stress model of PTSD based on clinically relevant risk factors for trauma-induced psychopathology, 125
  Phillip R. Zoladz & David Diamond
7 Coping with stress in wild birds – the evolutionary foundations of stress responses, 145
  Molly J. Dickens & Michael Romero
8 Stress, fear, and memory in healthy individuals, 159
  Christian J. Merz, Bernet M. Elzinga & Lars Schwabe

Section II: Neurobiology of PTSD
9 Neurotransmitter, neurohormonal, and neuropeptidal function in stress and PTSD, 181
  J. Douglas Bremner & Brad Pearce
10 Genomics of PTSD, 233  
   *Anthony S. Zannas, Elisabeth Binder & Divya Mehta*

11 Cortisol and the Hypothalamic–Pituitary–Adrenal Axis in PTSD, 265  
   *Amy Lehrner, Nicolaos Daskalakis & Rachel Yehuda*

12 Neuroimaging of PTSD, 291  
   *Carolina Campanella & J. Douglas Bremner*

**Section III: PTSD and co-occurring conditions**

13 PTSD and mild traumatic brain injury, 321  
   *J. Douglas Bremner*

14 Stress-related psychopathology and pain, 345  
   *Sarah C. Reitz, Karl-Juergen Bär & Christian Schmahl*

15 Stress and health, 361  
   *Viola Vaccarino, Emeran Mayer & J. Douglas Bremner*

**Section IV: PTSD: from neurobiology to treatment**

16 Pharmacotherapy for PTSD: effects on PTSD symptoms and the brain, 389  
   *Lori Davis, Mark Hamner & J. Douglas Bremner*

17 Effects of psychotherapy for psychological trauma on PTSD symptoms and the brain, 413  
   *J. Douglas Bremner & Carolina Campanella*

Index, 421
