About the companion website xiii

Section 1 Basics for Clinical Veterinary Ophthalmology

Chapter 1
Development of the Eye 3

Chapter 2
Ophthalmic Structures 12

Chapter 3
Physiology of the Eye 40

Chapter 4
Optics and Physiology of Vision 55

Chapter 5
Ocular Pharmacology and Therapeutics 66
Drug Delivery and Pharmacokinetics 66
Antimicrobial Agents 74
Anti-inflammatory and Immunosuppressant Drugs 84
Mydriatics/Cycloplegics, Anesthetics, and Tear Substitutes and Stimulators 87
Drugs That Affect Aqueous Humor Dynamics and Intraocular Pressure 91

Section 2 Ophthalmic Examination and Imaging

Chapter 6
Eye Examination and Diagnostics 103
General (Basic and Advanced) Ocular Examination 104
Ophthalmic Diagnostic Procedures 110
Ocular Imaging: Basic and Advanced Diagnostics 130
Ophthalmic Imaging by Ultrasonography 135
Electrodiagnostic Evaluation of Vision 140

Section 3 Canine Ophthalmology

Chapter 7
Canine Orbit: Diseases and Surgery 147

Chapter 8
Canine Eyelids: Diseases and Surgery 163

Chapter 9
Canine Nasolacrimal Duct and Lacrimal Secretory Systems: Diseases and Surgery 186
Nasolacrimal Duct System 186
Lacrimal Secretory System 192
Chapter 10
Canine Conjunctiva: Diseases and Surgery 200
 Conjunctiva 200
 Nictitating Membrane 210

Chapter 11
Canine Cornea: Diseases and Surgery 216
 Cornea 216
 Scleral Diseases 247

Chapter 12
Canine Glaucomas 249

Chapter 13
Canine Anterior Uvea: Diseases and Surgery 276

Chapter 14
Canine Lens: Cataract, Luxation, and Surgery 301

Chapter 15
Canine Posterior Segment: Diseases and Surgery 324
 Diseases of the Vitreous 324
 Diseases of the Canine Ocular Fundus 331
 Surgery of the Canine Posterior Segment 360
 Diseases of the Canine Optic Nerve 368

Section 4 Special Species
Chapter 16
Feline Ophthalmology 379

Chapter 17
Equine Ophthalmology 418

Chapter 18
Food Animal Ophthalmology 449
 Cattle 449
 Sheep and Goats 472
 Pigs 481

Chapter 19
Exotic Animals: Ophthalmic Diseases and Surgery 485
 Camelids 485
 Laboratory Animals 490
 Rabbits 499
 Exotic Animals 506

Section 5 Ophthalmic and Systemic Diseases

Chapter 20
Comparative Neuro-Ophthalmology 529

Chapter 21
Systemic Disease and the Eye 545
 Dogs 545
 Cats 577
 Horses 596
 Food Animals 608

Appendix A Adrenergics in Veterinary Ophthalmology 615
Appendix B Artificial Tear Substitutes for Veterinary Ophthalmology 616
Appendix C Topical and Local/Injectable Anesthetics for Veterinary Ophthalmology 618
Appendix D Topical and Subconjunctival Antibiotics for Veterinary Ophthalmology 619
Appendix E Antiviral Drugs for Veterinary Ophthalmology (To Treat FHV-1 Ocular Infections) 621
Appendix F Antifungals for Veterinary Ophthalmology 622
Appendix G Carbonic Anhydrase Inhibitors (CAIs) for the Dog and Cat 624
Appendix H Corticosteroids in Veterinary Ophthalmology 625
Appendix I Nonsteroidal Anti-inflammatory Drugs (NSAIDS) in Veterinary Ophthalmology 626
Appendix J Hyperosmotics for Veterinary Ophthalmology 627
Appendix K Miotics in the Dog and Cat  628
Appendix L Mydriatics or Pupil-Dilating Agents for the Dog  629
Appendix M Mydriatics or Pupil-Dilating Agents for the Cat  630
Appendix N Mydriatics or Pupil-Dilating Agents for the Horse  631
Appendix O Mydriatics or Pupil-Dilating Agents for the Cow  632
Appendix P Available Pupil Dilating Agents for Selected Birds  633
Appendix Q Topical Prostaglandins for the Dog  634
Appendix R Other Drugs for Veterinary Ophthalmology  635
Appendix S DNA Tests for Feline and Canine Eye Diseases  636
Appendix T Inherited Eye Diseases in the Dog  639
Appendix U Inherited Eye Diseases in the Cat  642
Appendix V Inherited Eye Diseases in the Horse  643
Appendix W Inherited Eye Diseases in Food Animals  644
Appendix X Lysosomal Storage Diseases in the Dog, Cat, and Food Animals  645
Glossary  646
Index  651
