Index

AAMR, 73
ABAS-II, 74, 253, 284
Abbott, R. D., 60
Abilities, 53–54
Academic achievement:
  executive functions and, 59–60
  recommendations, 372–375
Academic functioning, direct formal assessment, 204–212
Academic production:
  cognitive assessment, 243–244
  in upper grades, 242–243
Academic skills:
  basic, 188
  mathematics, 200–204
  reading, 189–193
  written expression, 193–200
Adaptive functioning, 73–75
ADD, 41
ADHD, 31–32, 41, 75, 76–77, 78, 84, 110, 126, 164–165, 253, 272, 283, 284
Arnsten, R. F. T., 76
Asperger’s Disorder, 126, 366
Assagioli, R., 23
Assessment and Intervention for Executive Function Difficulties (McCloskey), 23, 73
Assessment framework:
  assessment methods, 96–99
  beyond state-of-the-art, 87–90
  blueprint/comprehensive assessment, 102–103
  domains of functioning/arenas of involvement, 100–101
  general (see EF assessment framework) generally, 82, 104
  issues shaping, 83–84
  state-of-the-art assessment, 86–87
Assessment methods. See also Tests
  advantages/limitations, 97–99
  direct approach, 97
  formal/informal techniques, 96
  indirect approach, 97
Assessment procedures, results reporting, 325–326

explicit/implicit assessments, 145–146,
  151, 204–204
underlying the concern, 143–145
Areas of concern, 143–145
arenas of involvement:
  academic (symbol system) arena, 21
  assessment methods and, 100–101
  behavior rating scales and, 249–250
day-to-day functioning, 89
domains of function within, 27
in EF assessment framework, 93
environment arena, 21
generally, 20, 21–22
interpersonal arena, 21, 77, 78, 88
intrapersonal arena, 21, 78
ADHD, 31–32, 41, 75, 76–77, 78, 84, 110, 126, 164–165, 253, 272, 283, 284
Arnsten, R. F. T., 76
Asperger’s Disorder, 126, 366
Assagioli, R., 23
Assessment and Intervention for Executive Function Difficulties (McCloskey), 23, 73
Assessment framework:
  assessment methods, 96–99
  beyond state-of-the-art, 87–90
  blueprint/comprehensive assessment, 102–103
  domains of functioning/arenas of involvement, 100–101
  general (see EF assessment framework) generally, 82, 104
  issues shaping, 83–84
  state-of-the-art assessment, 86–87
Assessment methods. See also Tests
  advantages/limitations, 97–99
  direct approach, 97
  formal/informal techniques, 96
  indirect approach, 97
Assessment procedures, results reporting, 325–326

explicit/implicit assessments, 145–146,
  151, 204–204
underlying the concern, 143–145
Areas of concern, 143–145
arenas of involvement:
  academic (symbol system) arena, 21
  assessment methods and, 100–101
  behavior rating scales and, 249–250
day-to-day functioning, 89
domains of function within, 27
in EF assessment framework, 93
environment arena, 21
generally, 20, 21–22
interpersonal arena, 21, 77, 78, 88
intrapersonal arena, 21, 78
ADHD, 31–32, 41, 75, 76–77, 78, 84, 110, 126, 164–165, 253, 272, 283, 284
Arnsten, R. F. T., 76
Asperger’s Disorder, 126, 366
Assagioli, R., 23
Assessment and Intervention for Executive Function Difficulties (McCloskey), 23, 73
Assessment framework:
  assessment methods, 96–99
  beyond state-of-the-art, 87–90
  blueprint/comprehensive assessment, 102–103
  domains of functioning/arenas of involvement, 100–101
  general (see EF assessment framework) generally, 82, 104
  issues shaping, 83–84
  state-of-the-art assessment, 86–87
Assessment methods. See also Tests
  advantages/limitations, 97–99
