suturaing, midwives and skill in, 158–159
swallowing, breastfeeding pattern and, 220–221
swine flu, 253
SWOT analysis, 16
symphysis-fundal height, serial measurement of, 128
symphysis pubis, definition of, 138, 185
syntheses, definition of, 320
syntocinon, 359
syntometrine, 359
syphilis, 126, 138
tachycardia, definition of, 185
tachypnoea, respiratory distress in newborns and, 198b
Tai Chi, 308t
tamponade balloon, postpartum haemorrhage and insertion of, 360
taoists, contraception and views of, 269t
Task Force on Violence against Women and Children, 257
TCM. See Traditional Chinese Medicine
team approach. see also team players; team working: teams in clinical systems of care, 12
individualised care of woman and, 123
team players
definition of, 34
key characteristics of, 35
team working, 22–38
accountability and, 32–33
collaboration and, 29–30
communication and, 28–29
effective, 23–24
effective communication as best practice for, 22
escalating concerns and, 33–34
key principles of, 35
leadership and, 25
management and, 25–27
power dynamics and, 31–32
theories, 24
woman as key team member, 22, 23, 24f, 30, 36
woman-centred care and, 23, 33
teams
conflict resolution in, 27
definition of, 24, 38
teaching and learning, 75
technological advances, family relationships and, 44
teenage pregnancies
contexts of, 104f, 105
ethnic groups and, 105
health outcomes for women and babies, 104f
risk for, 105t
Teenage Pregnancy Independent Advisory Group, 103
Teenage Pregnancy Strategy, 103
Teenage Pregnancy Strategy, 103
temperature
definition of, 104f, 105
health outcomes for women and babies, 104f
risk for, 105t
Teenage Pregnancy Independent Advisory Group, 103
Teenage Pregnancy Strategy, 103
teratogen, 253
termination for fetal abnormality, midwifery care and, 382
termination of pregnancy, screening tests and implications for, 126
testes, neonatal examination of, by midwife and, 205
TFR. See Total Fertility Rate
thalamus, 129
thalassaemia
definition of, 138
screening, 127
thalidomide, 253
theories, definition of, 385
Tibb tradition, 306t
tissue, postpartum haemorrhage and, 357t, 358f
thromboembolic disorders, 169
thromboembolism, 172–173, 366–368
combined pill and risk of, 272
contraceptive patch and risk of, 273
definition of, 371
management of, 368
signs and symptoms of, 368
venous, risk factors for, 367b
thromboprophylaxis, 367
thrush (candida albicans), 172, 228, 229
thyroxin, lactogenesis II and, 214
Tibb tradition, 306t
tissue, postpartum haemorrhage and, 357t, 358f, 359
smoking in pregnancy, 254
tocopherol, 253
tocoerina, 254
topic effect, 254
request for Caesarean sections due to, 71
toes of newborn, examining, 195t
tone, postpartum haemorrhage and, 357t
tongue tie, 223–224
tonic phase, in eclamptic fit, 362
tonic phase, in eclamptic fit, 362
topical, definition of, 344
topical route of medication administration, 330t
Total Fertility Rate, 241
Townsend, Peter, 43
toxicity, preventing, timing between doses of medicine and, 326
toxins, 253
in cigarette smoke, 254f
pregnant smokers and inhalation of, 254
