Index

The index lists the technical terms and names in the book, together with the number of the section(s) in which they are introduced or discussed.

acoustic phonetics 1.1
Adam’s apple 1.3.2
affix 7.5
affricate 1.3.4, 1.4.2, 3.3, 5.4.3
airstream 1.3.4
airstream mechanism
  glottalic 1.4.4
  pulmonic 1.4.4
  velaric 1.4.4
alliteration 6.1
allomorph 2.5
allophone 2.2.2, 2.3
alveolar 1.3.3
alveolar ridge 1.3.1
ambisyllabicity 6.7
amplitude 5.1
antepenult 7.1–7.3
aperiodic 5.1
apex 1.3.1
aphasia 5.7
apical 1.3.3
approximant 1.3.4, 3.5, 5.4.4
apraxia 5.7
Arabic–English contrasts 2.3,
  Appendix A, Ch. 8
articulatory phonetics 1.1
arytenoid cartilages 1.3.2
aspiration 1.3.5, 3.1
assimilation 2.3
auditory phonetics 1.1
back vowels 1.3.6, 4.5
basic context 8.3.1
Bernoulli principle 1.3.2
bilabial 1.3.3
bilingual phonology 8.8
branching rhyme 7.1
breathy voice 1.3.5, 1.4.1, 5.4.2
British English spelling 9.4
British English stress patterns 7.7
bunched r-sound 1.3.3
cardinal vowels 1.5
central vowels 1.3.6, 4.4
classroom context 2.6
clicks 1.4.4
clinical context 2.6
coda 1.6, 6.1
double 6.5.5
single 6.5.4
triple 6.5.6
code-switching 8.8
complementary distribution 2.2.2, 2.3
compound adjectives 7.6

Companion website: www.wiley.com/go/yavas/appliedenglishphonology3e
compound nouns 7.6
compound verbs 7.6
consonant cluster 6.5.2, 6.5.3
continuant 1.3.4
contrast 2.2.1
contrastive patterns 8.2
creaky voice 1.4.1
Cree–English contrasts 2.3
cricoid cartilage 1.3.2
Czech–English contrasts 2.3
dark 1.3.5
deflected contrast 8.3.2
dental 1.3.3
dento-labial 1.4.2
derived context 8.3.1
dialectal variation 3.1–3.5
diphthongs 1.3.6, 4.2, 4.6, 5.3
dorsum 1.3.1
dysarthria 5.7
dehc questions 7.8
ejectives 1.4.4
epiglottis 1.3.1
esophagus 1.3.1
faithfulness constraints 8.6
fall
full (long) 7.8
short (low) 7.8
falling intonation 7.8
falling–rising 7.8
final devoicing 3.1
flap 1.4.2, 3.1
foreign accent 8.1
formants 5.2–5.5
frequency 5.1–5.5
transition 5.4.1
fortis 3.1–3.3
free variation 2.4
fricative 1.3.4, 1.4.2, 3.2, 5.4.2
friction 5.4.2
front vowels 1.3.6, 4.3
full vowels 4.9
fundamental frequency 5.1
glides 1.3.4, 1.4.2, 3.5, 5.4.4
glottal 1.3.3
glottal stop 3.1
glottalic airstream mechanism 1.4.4
glottalization 1.4.4
glottis 1.3.2
grapheme 2.6
Great Vowel Shift 9.1
Greek–English contrasts 2.3, 8.2.3,
Appendix A, Ch. 8
hard palate 1.3.1
hearing impairment 5.7
Hebrew–English contrasts 2.3
heteromorphemic 8.3.1
high vowels 1.3.6
historical linguistics 2.6
homorganic 2.5
hypercontrast 8.3.3
hyperspeech 5.6
hypospeech 5.6
implosives 1.4.4
initial devoicing 3.1
intensity 5.1
interdental 1.3.3
International Phonetic Alphabet 1.2
intervocalic 2.3
intonation 1.6, 7.8
intrusive r 3.5
Italian 2.5
Italian–English contrasts 2.3
Korean–English contrasts 2.3,
Appendix A, Ch. 8
labial 1.3.3
labialization 1.4.3
labio-alaevoral 1.4.2
labio-dental 1.3.3
labio-velar 1.3.3
lamina 1.3.1
laminal 1.3.3
laryngealization 1.4.1
larynx 1.3.1
lateral 1.3.4
lateral plosion 3.1
lax vowels 1.3.6, 4.2.2
length 1.6, 4.2.4
lenis 3.1–3.3
lips 1.3.1
liquids 1.3.4, 1.4.2, 3.5, 5.4.4
loan phonology 8.9
locus 5.4.1
INDEX

loudness 5.1
low vowels 1.3.6

Malayalam–English contrasts 2.3
manner of articulation 1.3.4
markedness 8.4
markedness constraints 8.6
maximal onset principle 6.4
mid vowels 1.3.6
minimal pair 2.2.1, 2.3
monophthong 1.3.6
morphophonology 2.5
murmur 1.3.5, 1.4.1
mutual exclusivity 2.2.2, 2.3

nasal 1.3.4, 1.4.2, 3.4, 5.4.5
assimilation 2.5
cavity 1.3.4
plosion 3.1
nasalized vowels 4.2.3
Native Language Magnet (NLM) 8.7
near-minimal pair 2.2.1
neutralization 2.3
non-rhotic dialect 3.5
Northern Cities Shift 4.6
nucleus 1.6, 6.1

obstruents 1.3.4, 5.4.1
onset 1.6, 6.1
double 6.5.2
single 6.5.1
triple 6.5.3
Ontogeny Phylogeny Model 8.5
Optimality Theory 8.6
orthography 2.6
overlapping distribution 2.2.1, 2.3

palatal 1.3.3
palatalization 1.4.3
palato-alveolar 1.3.3
partial devoicing 1.3.5
peak of syllable 6.3
penult 7.1–7.3
Perceptual Assimilation Model 8.7
periodic 5.1
pharyngealization 1.4.3
pharynx 1.3.1
phone 2.2, 2.3, 2.6
phoneme-grapheme correspondence 9.2
phonemic 2.2.2

analysis 2.3
motivation 2.5
phonetics 1.1
similarity 2.2.2, 2.3
transcription 1.2
phonotactics 8.2.1
pitch 1.6
place of articulation 1.3.1, 1.3.3, 3.1
polysyllabic words 7.4
Portuguese–English contrasts 2.3,
Appendix A, Ch.8
possessive suffix 3.2
practical applications 2.6, 5.7, 6.8
preglottalized 3.1
primary stress 7.3, 7.4
progressive assimilation 2.3
psycholinguistics 2.6
pulmonic airstream mechanism 1.4.4

r-coloring 4.2.5
Received Pronunciation (RP) 4.8
reduced forms 4.10
reduced vowels 4.9
regressive assimilation 2.3
release burst 5.4.1
remediation 2.6
resonance 5.2
retroflex 1.3.3
rhotic dialect 3.5
rhyme 1.6, 6.1
rhythm 1.6
rise, high (long/sharp) 7.8
rise, low (short) 7.8
rising–falling 7.8
rising intonation 7.8
root of the tongue 1.3.1
Russian–English contrasts 2.3

semivowel 1.3.4
sibilant 1.3.4, 3.2
simple vowels 4.2
Sindhi–English contrasts 2.3
skeletal tier 6.1
sociolinguistics 2.6
sociophonetic variation 3.6, 4.7
soft palate 1.3.1
sonorants 1.3.4, 5.4.2
sonority 6.3, 6.8
sonority scale 6.3
Sonority Sequencing Principle (SSP) 6.5.2
Southern Shift 4.6
Spanish 2.5
Spanish–English contrasts 2.3, 8.2
spectrogram 5.1–5.5
Speech Learning Model (SLM) 8.7
spelling and morphology 9.3
spelling in British English 9.4
spoonerisms 3.3
states of glottis 1.4.1
stop 1.3.4, 1.4.2, 3.1, 5.4.1, 5.6
stop gap 5.4.1
stress 1.6, 7.1–7.6
    in adjectives 7.2
    in British English 7.7
    in compounds 7.6
    in nouns 7.2
    in verbs 7.3
stress, secondary 7.4
stress-bearing suffixes 7.5.1
stress-neutral suffixes 7.5.2
stress-shifting suffixes 7.5.3
stress-timed languages 1.6
suprasegmentals 1.6
syllabic liquids 3.5
syllabic nasals 3.4
syllabification
    spoken 6.4
    written 6.6
syllable 1.6, 6.1
    closed 6.7
    heavy 6.7
    light 6.7
    open 6.7
syllable phonotactics 6.5
syllable weight 6.7
syllable-timed languages 1.6

tag question 7.8
tap 1.4.2
tautomorphemic 8.3.1
tautosyllabic 6.1
teeth 1.3.1
tense vowels 1.3.6, 4.2.2

thyroid cartilage 1.3.2
tone group 7.8
tone languages 1.6
tongue
    back of 1.3.1
    blade of 1.3.1
    front of 1.3.1
    tip of 1.3.1
tonic accent 7.4
trachea 1.3.1
trill 1.4.2
Turkish–English contrasts
    Appendix A, Ch. 8
ult 7.1–7.3
uvula 1.3.1
uvular 1.4.2
velar 1.3.3
velaric airstream mechanism 1.4.4
velarization 1.4.3, 3.5
velopharyngeal snort 1.4.2
velum 1.3.1
vibration 1.3.2
vocal cords 1.3.2
vocal fry 1.4.1
vocal tract 1.3.1
voice
    bar 5.4.1
    lag 1.3.5
    lead 1.3.5
voice onset time (VOT) 1.3.5, 5.4.1
voiced 1.3.2
voiceless 1.3.2
voicing 1.3.2, 3.1
vowels 1.3.6, 4.2, 5.2
    before /l/ 4.2.6
    before /ɹ/ 4.2.5

waveform analysis 5.6
wh- questions 7.8

yes–no questions
