Academic coursework, 54

*Achieving Health for All: A Framework for Health Promotion*, 97

ACOTUP. See Association of Canadian Occupational Therapy University Programmes (ACOTUP)

American Journal of Occupational Therapy, 12

Association of Canadian Occupational Therapy University Programmes (ACOTUP), 23

Asylum seekers, working with, 125–9
   occupational therapy practice placement educator perspective, 126–7
   restart skills for UK, 126
   social and activity space, 127
   student perspective of, 128–9

‘A Way With Words’ project, 131

Biomedicine, 5

Body–mind–soul tricotomy, 104

Braveman, B., 88

Building on Values: The Future of Health Care in Canada, 97

Canada, health goals for, 138

Canadian Association of Occupational Therapists, 8

Canadian Model of Occupational Performance, 83, 93

Canadian Occupational Performance Measure (COPM), 92, 117

Cardiac services, 111
   in client group, 117–18
   in community, 115–17
   occupational perspective of, 114–15
   occupational therapy in, 113–14

CBFE-OT. See Competency Based Fieldwork Evaluation for Occupational Therapists (CBFE-OT)

Change management, 93

CHC. See Community health centre (CHC)

CHD. See Coronary heart disease (CHD)

‘Choosing Health,’ 69

City-wide referrals, 85

Client-centred practice, 62

College of Occupational Therapists (COT), 16, 83

College of Occupational Therapists of Ontario (COTO), 21

Communication strategies, Braveman’s work on, 88

Community agencies, feedback from, 144

Community cardiac care case study of, 116–17
   overview of, 115–16

Community development defined, 123–4
   at Leeds Metropolitan University experience, 125–32

Index

Community development (cont.)
in library service, 129–32
overview, 123
Community health, 138–9
Community health centre (CHC), 97
  broadening descriptions of, 106
  challenging medical hegemony, 104–5
  coupling evidence with, 103–4
  health promotion of, 98
