Acceptance, setting an example of, 139
Accommodation plan, See 504
   Accommodation Plan
Activities schedule, 123
ADA, See Americans with Disabilities Act (ADA),
ADHD, See Attention deficit hyperactivity disorder (ADHD)
Americans with Disabilities Act (ADA), 127, 132–133
Antihypertensive medications, 18
Anxiety: disorders, 21; and OCD, 118–119, 153–158; and tics, 12, 101
Aripiprazole (Abilify©), 18
Asperger syndrome, 21
Assignments, See also Homework: and executive dysfunction, 122–123; providing alternatives for, 120; quality vs. quantity, 120; structuring, 123
Assistive technology evaluation, requesting, 121
Associated disorders, 21–47; accommodations for, 116–125; anxiety disorders, 21; attention deficit hyperactivity disorder (ADHD), 21–23; auditory processing deficits, 34, 121–122; behavior issues, 21, 36–38; depression, 21, 29; dysgraphia, 21, 24–26; and executive dysfunction, 21, 27–28, 122–124; fine-motor difficulties, 21, 24–26; learning disabilities, 33; obsessive-compulsive disorder (OCD), 21, 39–47; repeated anger-generated episodes (RAGE), 21; sensory processing, 21, 31–32; sleep disorders, 21, 30, 69, 71; social skills deficits, 21, 35; social skills training, 125; social stories, 125
Attention Deficit Disorder Association web site, 143
Attention deficit hyperactivity disorder (ADHD), 21–23; disorganization, 23; hyperactivity, 22; impulsiveness, 22; inattentiveness, 22; socially immaturity, 23
Auditory processing deficits, 34, 121–122
Autism spectrum, overlaps with TS, 21

B
Background noises, 34, 121
Behavior issues, 21, 36–38; accommodations for, 117; precipitating factors, 37–38
Behavior plans, real-life scenarios, 161–163
Binders, 83
Biofeedback, 140
Blackboard (software), 74, 120
Brain chemical imbalance, and vocal tics, 11
Bupropion (Wellbutrin©), and OCD, 46

C
Children and Adults with Attention Deficit/Hyperactivity Disorder web site, 143
Chronic motor or vocal tic disorder, 16–17
Citalopram (Celexa©), and OCD, 46
Class notes, providing, 120
Classmates, educating about TS, 93–97
Classroom: Classroom Observation
   Form, 104; dealing with tics in, 98; environment, 100
Clonidine (Catapres), 18
Clothing, and sensory issues, 70–71
Cognitive behavioral therapy (CBT), 47
Color coding, 123
Communication: with parents, 100;
   between school and parents, 79, 88
Complex motor tics, 8
Complex vocal tics, 9–11
Comprehensive Behavioral Intervention
   for Tics (CBIT), 19
Compulsions, 39–40, 56, 119
Coping mechanism, sense of humor as, 2
Coprolalia, 10, 101
Coughing tic, 152–153
Council for Exceptional Children web
   site, 143
Creativity, and OCD, 119
Cursing, 150–151

D
Depression, 21, 29
Diagnostic criteria, TS, 6
Disabilities Education Act (IDEA),
   137–138
Disney’s Adventures in Typing with
   Timon and Pumba, 77
Distraction: and obsession, 70, 118; and
   OCD, 118
Dopamine, 5–6
Dragon Speak Naturally (Nuance), 121
Dysgraphia, 21, 24–26, 33, 73, 88, 119, 131; characteristics of, 24; classroom
difficulties for children with, 25–26;
diagnosis of, 24; and handwriting,
   25–26; real-life scenarios, 159–161

E
Echolalia, 10
Educational rights of students, with TS/
   OCD, 127
Eisenreich, J., 97
Environment, 88–89; accommodations,
   100; and sensory issues, 70–71
Escitalopram (Lexapro©), and OCD, 46
Excitement, and tics, 12, 101
Executive dysfunction, 21, 27–28; and
   assignments, 122–123; and associated
   disorders, 122–124; defined, 27;
   real-life scenarios, 164–166
Exercise, 71
Eye blinking, 13, 14, 96

F
Fatigue, and tics, 13, 101
Fine-motor difficulties, 21; See also
   Dysgraphia
Finger tics, 100
504 Accommodation Plan, 74, 79, 127,
   132–133
Fluoxetine (Prozac©), and OCD, 46
Fluvoxamine (Luvox©), and OCD, 46
Functional Behavioral Assessment (FBA),
   105–108
Functional behavioral assessment
   worksheet: for student with TS and
   associated disorders, 109–111;
   summary of, 111–112

G
Garcia, M., 125
Germ obsession, 43, 56–57, 117, 158
Ginnott, Haim, 139
Gray, C., 125
Green, R. W., 141
Guanfacine (Tenex), 18

H
Haloperidol (Haldol), 18
Hand tic, 100; real-life scenario, 148
Handwriting, 24, 25–26, 120
Head jerking tics, 96
Headset, use of, 71, 73, 117, 122
Help/support sources, 142
Holding in tics, 14–15
Home Behavior Assessment worksheet,
   65–68
Homework, 88, 120–121; assignments,
   providing alternatives for, 120;
breaking down assignments into manageable parts, 73, 122; buddy, 74, 123; and computers, 73; managing, 73–75, 88–89; school's web site, 74; wind-down time before, 71
Howard, T., 97
Humor, and OCD, 118
Hyposensitivity, sensory, 31

I
IDEA, See Individuals with Disabilities Act (IDEA)
IEP, See Individualized education plan (IEP)
Illness, and tics, 12
Index cards, use of, 121; and homework, 73
Individualized education plan (IEP), 74, 79; sample letter for requesting, 84; synopsis of, 79–81
Individuals with Disabilities Act (IDEA), 128–131; defined, 128; need for services, 128; qualifying for IEP under, 128; reauthorization of, 129–130; refusal for classification, 129; Section 300.324, 129; and TS, 129–131
Inspirations (software), 121
Involuntary movements/vocalizations, 5–6

Learning disabilities, 21, 33
Learning Disabilities Association of America web site, 143
Letters requesting services, 83–84, 135–136

M
Mandell, H., 97
Mavis Beacon Learn to Type, 77
Medical treatment of TS, 18–20; clonidine (Catapres), 18; Comprehensive Behavioral Intervention for Tics (CBIT), 19; guanfacine (Tenex), 18; haloperidol, 18; medication side effects, 19
Meditation, 140
Meltdowns, 65
Motor tics, 7–8, 141; accommodating, 99–100; chronic, 16–17; clapping tic, 151–152; complex, 8; leg jerking tic, 149; real-life scenarios, 148–153; simple, 7; touching body parts in order, 151; twirling tic, 151

N
National Center for Learning Disabilities web site, 143
National Information Clearinghouse for Handicapped Children and Youth (NICHCY) web site, 143
Neuroleptic medication, 18
Neurological disorders, complexity of, 105
New Jersey Center for Tourette Syndrome web site, 143

O
Obsession, 39, 73, 88; and distraction, 70
Obsessive-compulsive disorder (OCD), xix, 21; accentuating the positive, tips for, 59; acting as role model for children with, 137–138; and anxiety, 153–158; behavioral interventions for, 47; behavioral issues, accommodating, 117–118; careful wording for children with, 157; cell phone obsession, 155; checking things over and over, 41–42, 55–56; choking fear, 156; clipboard chronicle, 153; constant doubt/worrying, 56; counting obsession, 157; counting obsessions, 41, 55; dairy dilemma, 154; discipline for symptoms of, 1; educating peers about, 91–92; ensuring success at school, tips for, 60–61; family, impact on, 50–52; germ obsession, 158; germs/contamination,
INDEX

43, 56–57; hidden nature of, 1; locker phobia, 154; manifestations of, 40–45; medical treatment of, 46; misdiagnosis of, 1; obsessive fears, 42–43, 56; obsessive sense of justice, 45, 58, 117; obsessive thoughts, 45, 58; peer in-service model, 93–97; pencil-sharpening obsession, 158; recognition of, 49; repeated questions, asking, 43–44, 57; ritualistic behaviors, 43, 57; Scantron machine scenario, 158; school performance, impact on, 55–58; symmetry/perfectionism/neatness, 40–41, 55; toeing the line, 154–155; training all staff, 90; transitions/change, difficulty, 44–45, 57; trapped feelings, 155; word-counting obsession, 157

Obsessive Compulsive Foundation, 143
Occupational therapy (OT) intervention, 119
OCD Foundation, 142
Olanzapine (Zyprexia©), 18
Organization web sites, 143–144

P
Pallilalia, 10
Parent Advocacy Center for Educational Rights web site, 144
Parent checklists, 62–84;
Accommodations, Tips, and Environmental Changes, 69–72;
Home Behavior Assessment worksheet, 65–68; homework, managing, 73–75, 88–89; positive behavioral management and supports, 65–68; school breaks/rainy weekends/summer vacation, 76–78; school issues, 79; supporting children with TS and OCD, 63–64
Parent Training and Information Center (PTI), 82; web site, 144
Parkinson’s disease: symptoms of, 5–6; and TS, 5
Paroxetine (Paxil©), and OCD, 46
Peers: educating about TS/OCD, 91-92; in-service model, 93–97
Pennsylvania Tourette Syndrome Alliance web site, 143
Pervasive developmental disorder, 21
Photocopying materials, 121
Physician’s letter (sample), 135–136
Physicians referral lists, 19
Pimozide (Orap©), 18
Playground aide’s role in, 116
Positive Behavior Intervention Plan (PBIP), 105–108; for student with TS, 113-115
Praise, offering for homework accomplishment, 73

R
RAGE, See Repeated anger-generated episodes (RAGE)
Read, Write & Type, 77
Real-life scenarios, 147–166; behavior plans, 161–163; dysgraphia, 159–161; executive dysfunction, 164–166; hand tic, 148; miscellaneous, 163–164; motor tics, 148–153; Scantron machine real-life scenario, 158; tapping tic, 148; vocal tics, 148–153
Red flags, identifying, 119
Relaxation techniques, 140
Repeated anger-generated episodes (RAGE), 21, 65
Reports, providing alternatives for, 120
Requesting services, 134; sample physician’s letter, 135–136
Risperidone (Risperdal©), 18

S
Sample physician’s letter, 135–136
Scantron machine real-life scenario, 158
School(s): assemblies, child’s seat during, 116; and blame, 61; breaks/summer vacation, 76–78; cooperation, 60–61; daily communication system, 60; ensuring success at, 60–61; evaluation, if parents disagree with, 137; issues, 79; and OCD, 118; placement, 141
Scribe, 120
Self-abuse tics, 152-153
Sense of humor, as coping mechanism, 2
Sensory defensiveness, 21
Sensory hypersensitivity, 31–32
Sensory hyposensitivity, 31
Sensory issues, 34, 70–71; accommodations for, 116–117
Sensory processing, 31–32
Sensory tics, 152–153
Sertraline (Zoloft©), and OCD, 46
Simple motor tics, 7
Simple vocal tics, 9
Skype, 102
Slam Dunk Typing, 77
Sleep disorders, 21, 30, 69, 71
Social skills: deficits, 21, 35; training, 125
Social stories, 125
Spelling/spelling errors, 24, 26, 120
Spitting tic, 100
SSRIs (selective serotonin reuptake inhibitors), and OCD, 46
Stress, 101; and OCD, 118; supports to reduce, 118; and tics, 12, 101
Student attitude, toward vocal tics, 103
Study guides, 74
Super Mario Learns to Type, 77
Suppression of symptoms, TS, 14–15

T
Tapping tic, real-life scenario, 148
Teacher attitude, toward vocal tics, 103
Teacher checklists, 85–125; Classroom Observation Form, 104; dealing with tics in the classroom, 98; educating peers, 91–92; major components of TS, 85–86; motor tics, accommodating, 99–100; peer in-service model, 93–97; training all staff, 90; vocal tics, 101–103
Teacher Looks at Tourette Syndrome, A (DVD), 90
Teachers: composure, 118; top ten things to know about TS, 86–87
Tests, providing alternatives for, 120
Thumb drive, 124
Tics, 33, 73, 88, 96–97, 99, 140–141, See Motor tics; Vocal tics; Comprehensive Behavioral Intervention for Tics (CBIT), 19; dealing with in the classroom, 98; and sleep, 71
TICS of Georgia web site, 143
Tolerance, setting an example of, 139
Tourette Syndrome Association (TSA), 19–20, 81, 83, 90, 142; associated disorders, 21–47; autism spectrum, overlaps with TS, 21; defined, 85; major components of TS, 85–86; web site, 143
Tourette Syndrome (TS): acting as role model for children with, 137–138; alignment with bad behavior, 1; characteristics of, 5; childhood onset of, 13; defined, 5; diagnosis of, 6; as disability of disinhibition, 11; discipline for symptoms of, 1; educational rights of students, 127; family, impact on, 50–52; frequency, by gender, 5; genetic basis of, 5; medical treatment of, 18–20, 88; misdiagnosis of, 1; recognition of, 49; school performance, impact on, 53–54; suppression of symptoms, 14–15; symptoms of, xix, 5; top ten things teachers need to know about, 86–87; understanding, 15; waxing and waning of symptoms, 12–13, 60
Training staff, 90
Transient tic disorder, 16
Transitions/transition warnings, 69, 117–118
Trapper Keeper binders, 77, 82

V
Venlafaxine (Effexor©), and OCD, 46
Visuals, use of, 72, 121
Vocal tics, 141; accommodating, 102–103; and brain chemical imbalance, 11; chronic, 16–17; complex, 9–11; coprolalia, 10, 101; cursing, 150–151; dealing with, 101; echolalia, 10; “I have a chicken in my pants” tic, 148–149; manifestations of, 9–11; pallilalia, 10; “peanut butter” tic, 149; real-life scenarios, 148–153; simple, 9; teacher/student attitudes toward, 103
Voice-activated computer software, 121
