### Subject Index

Two indexes are provided for your use. The Subject Index presents all topics presented in this book. The Author index lists all authors cited in the text.

An f after a page number indicates a figure. A t after a page number indicates a table.

psychosocial development, 350–55
summary, 6–9, 9

Character structure, 49

Charcot, Jean Martin, 257, 259

Child-rearing styles, 81–82

Children. See also Adolescents; Infants;
Psychosocial development; Twins

attachment bonds, 37–64
birth order and, 227–29
cheating behavior study, 143
defense mechanisms used by, 269–70, 269f
differential continuity of traits, 212–13
ego development in, 375–76
exploratory style assessments in, 330, 333–34
fairy tales and psychological growth, 392–93
field-dependence, 310
intrinsic motivation, 276
Little Albert case study, 70
Little Hans case study, 438f
Oedipus complex in, 433–34, 439–40
prosocial behavior in, 196
psychosocial development in, 350–55
psychosocial development in, 350–55
psychoticism in, 198
school textbooks and achievement themes, 285f
summer camp study, 150–52
temperament, 213–18
toilet training, 352
trust/mistrust of caregiver, 332

Chodorow, Nancy, 439–40
Choice, 422
Chum, 376
“Cinderella,” 392
Circumplex model of traits, 121
Civilization and Its Discontents (Freud), 2601
Classical conditioning, 70, 70f
Client-centered therapy, 271
Client-Centered Therapy: Its Current Practice, Implications, and Theory (Rogers), 271
Clinical/counseling psychology, compared with personality psychology, 26
Clinton, Bill, 187
Cognitive complexity, 307
Cognitive development paradigm, 373
Cognitive niche, 41
Cognitive performance, 157–58
Cognitive/social learning/person variables, 75
Cognitive styles, 308–15. See also
Personal constructs; Social-cognitive theories

Coherence, 423
Cohort effect, 237
Collective unconscious, 451–52
Collectivism, 92–95
Commitment, 365, 366, 367
Commitment script, 402, 402f, 418
Common traits, 113
Communal goals, 298
Communion, 88, 94, 121, 412, 413, 413f, 414
Competencies, 75
Condensation in dreams, 449
Conditional statements, 150–52
Conditioned generalized reinforcers, 73
Conditioning, 70–74
Conditions of worth, 272
Confessions of a Mask (Mishima), 436
Confessions (St. Augustine), 393
Conformist stage of ego development, 376
Conscientious/conformist stage of ego development, 376
Conscientiousness
birth order, 228
changes in adult years, 238–44, 239f
earliness in twins, 222–25
life and longevity, 197, 199–201
longitudinal studies of, 196
love and, 195–97

Luther’s identity, 346–49
psychotism and, 198–99
self-attributed motives, 292–95, 294f
in work setting, 193–95

Conscientious stage of development, 376
Constitutional psychology, 112
Construct similarity, 307
Construct validity, 128

Continuum of justifications, 16, 492
Continuous reinforcement, 73
Control, locus of, 74
Conventionality, 375
Convergent validity, 126
Coping strategies
defense mechanisms, 265–71
for extraversion, 189
for neuroticism, 189
neuroticism and, 169–72
for openness to experience, 189f
core role structure, 305
correlational design, 18–20
correlation coefficient, 18
countertransference, 446
cPI (California Psychological Inventory), 130, 132–34, 194

Creating Minds (Gardner), 494
Creative deceit, 451
Credibility, 425
Criminal behavior, 138, 226
criterion-key method of test construction, 130
cross-sectional studies, 237
cultural demand, 365
Cultural groups, 94–95
Cultural ideals, 81
Cultural resources, 97
culture, 90–96, 98–99
cynical narcissism, 477, 478f
Dali, Salvador, 137, 257
darwin, Charles, 33
Da Vinci, Leonardo, 493–94
d-babies, 61, 335
driving strategies, 340
death instincts, 256
declarative-episodic knowledge, 318
declarative knowledge, 317
declarative-semantic knowledge, 317
decorrelationism, 469
defense mechanisms, 265–71
defensiveness and repressors, 262
Extraversion (continued)

- personalized goals in, 295
- positive affect and, 159
- stability of, 118

Extrinsic goals, 278

Extrinsic rewards, 276

Facial expressions, 398

Factor analysis, 115, 126

The Facts (Roth), 393

Fairy tales and myths, 392–93

Falling themes, 478–79

Family roles, 228–29

Famous people, studies of, 493–94

Fantasies of Flight (Ogilvie), 479

Fear, 399

Feminist interpretations of stories, 471–73

Fictional finalism, 460–62

Fidelity, 446

Field independence/dependence, 309–12

- research findings on, 311

Fight-flight-freeze system (FFFS), 180

First-person accounts, 479

Five-Factor Model of personality traits. See also Big Five personality traits

Fixed-role therapy, 303

Folk concepts of personality, 132

Foreclosure, 359

Formal operation, 356

Fragmentation corollary, 305

Frank, Jerome, 481

Fraternal twins. See Dizygotic (fraternal) twins

Frau Emmy von N. case study, 438

Free association, 441

Freud, Anna, 268, 350

Freud, Sigmund, 13, 23

- biography of, 258–59
- Oedipus complex, 256, 439–40
- role stereotypes, 87
- stereotypes, 319–20

Generalizations, 323

Genetic interactions with environments, 232–35

Generativity, 349, 363–71

- features of, 364
- individual differences in, 368–70
- model of, 363–68
- script, 367
- types of, 363

Generativity versus stagnation stage, 363

Genetics

- behavior, 222
- genes and, 33–35
- influence on environment, 229–32
- interaction with environments, 232–35
- twin studies, 219–22

Genital stage, 355

Goals

- communal, 298
- personalized, 295–98

“Good story” characteristics, 423, 425

Gough, Harrison, 130

Graham, Martha, 494

Gregg, Gary, 467–69

Grape case study, 476–80, 478t, 482–84, 486–87

Group-think, 286

Guilt, 267, 303, 399

Guilt versus initiative stage, 352, 354

Hagiographies, 495

Hall, G. Stanley, 259

Happiness, 183–63, 183f, 247–48

Harlow, Harry, 273

Harm avoidance, 118

Hartmann, Heinz, 268

Harvard Psychological Clinic, 476, 480–84, 484, 486

Hawthorne, Nathaniel, 446–47

Healing through stories, 392–96

Hegemony, 89

Heritability, 222–25, 230

Heritability quotient, 219–22

Hermans, Hubert, 463–66

Hermeneutics, 490

Hero myths, 417

Higher-order conditioning, 71

Historical differences in achievement motivation, 284

Historical events, impact on personality, 99–101

Historiometric research, 493

Histrionic personality disorder, 137–38

Hitler, Adolf, 494

Hogan, Robert, 49

How the Mind Works (Pinker), 32

Hull, Clark, 27

Humanism, 399

Humanistic theories of motivation, 271–79

Human nature, 50–64

- aggression and, 51–54
- altruism and, 54–57
- attachment and, 57–64

Hunters/gatherers, 47, 49–50

Hyperactivating strategies, 340

Hyperactivity, 168

Hypotheses, 16–18

Hysteria, 259, 440

Icarus complex, 476–80, 478t, 486–87

Id, 265, 266f

Ideal selves, 326

Identical twins. See Monozygotic (identical) twins

Identification, 268, 436

Identity

- Erikson’s concept of, 403
- foreclosure and, 359
- intimacy and, 360–62
- narrative, 403–25
- negative, 359
- as problem, 424–25
- problem of, 355–62

Identity: Cultural Change and the Struggle for Self (Baumeister), 424

Identity achievement, 358

Identity diffusion, 360

Identity statuses, 357–60, 358t, 362t

Identity versus role confusion stage, 355, 503

Idiographic approach to psychology, 22

I-E scale, 74
