Multiple Regression with Dummy and Non-dummy Explanatory Variables 113
Interacting Dummy and Non-dummy Variables 116

Chapter 8 Qualitative Choice Models 119
The Economics of Choice 120
Choice Probabilities and the Logit and Probit Models 121
Appendix 8.1: Choice Probabilities in the Logit Model 128
References 130

Chapter 9 Regression with Time Lags: Distributed Lag Models 131
Lagged Variables 133
Notation 135
Selection of Lag Order 138
Appendix 9.1: Other Distributed Lag Models 141
Endnotes 143

Chapter 10 Univariate Time Series Analysis 144
The Autocorrelation Function 147
The Autoregressive Model for Univariate Time Series 151
Nonstationary versus Stationary Time Series 154
Extensions of the AR(1) Model 156
Testing in the AR($p$) with Deterministic Trend Model 161
Appendix 10.1: Mathematical Intuition for the AR(1) Model 166
Endnotes 167
References 168

Chapter 11 Regression with Time Series Variables 169
Time Series Regression when $X$ and $Y$ Are Stationary 170
Time Series Regression when $Y$ and $X$ Have Unit Roots: Spurious Regression 174
Time Series Regression when $Y$ and $X$ Have Unit Roots: Cointegration 174
Estimation and Testing with Cointegrated Variables 177
Time Series Regression when $Y$ and $X$ Are Cointegrated: The Error Correction Model 181
Time Series Regression when $Y$ and $X$ Have Unit Roots but Are Not Cointegrated 184
Endnotes 187
Chapter 12 Applications of Time Series Methods in Macroeconomics and Finance 189
Financial Volatility 190
Autoregressive Conditional Heteroskedasticity (ARCH) 196
Granger Causality 200
Vector Autoregressions 206
Appendix 12.1: Hypothesis Tests Involving More than One Coefficient 221
Endnotes 225
Reference 226

Chapter 13 Limitations and Extensions 227
Problems that Occur when the Dependent Variable Has Particular Forms 228
Problems that Occur when the Errors Have Particular Forms 229
Problems that Call for the Use of Multiple Equation Models 231
Endnotes 236

Appendix A Writing an Empirical Project 237
Description of a Typical Empirical Project 237
General Considerations 239
Project Topics 240
References 244

Appendix B Data Directory 246
