## Contents

Preface, vii  
Notes, viii  

1 Sinus Rhythm, 1  
   ECG characteristics, 1  
   Sinus bradycardia, 4  
   Sinus tachycardia, 4  
   Sinus arrhythmia, 5  

2 Ectopic Beats, 6  
   Prematurity, 6  
   Atrial ectopic beats, 8  
   Atrioventricular junctional ectopic beats, 9  
   Ventricular ectopic beats, 10  

3 Escape Beats, 15  
   Timing, 15  
   Origins, 16  

4 Bundle Branch and Fascicular Blocks, 17  
   Right bundle branch block, 17  
   Left bundle branch block, 18  
   Left anterior and posterior fascicular blocks, 19  

5 The Supraventricular Tachycardias, 24  
   Main types, 24  
   Atrial origin versus atrioventricular re-entry, 25  
   Effects of supraventricular tachycardias, 26  

6 Atrial Fibrillation, 29  
   ECG characteristics, 29  
   Causes, 33  
   Prevalence, 34  
   Prognosis, 34  
   Classification, 34  
   Management, 35  
   Systemic embolism, 35  
   Rhythm management, 38  

7 Atrial Flutter, 44  
   Common atrial flutter, 44  
   Causes, 49  
   Prevalence, 49  

8 Atrial Tachycardia, 52  
   ECG characteristics, 52  
   Causes, 54  
   Treatment, 55  
   Multifocal atrial tachycardia, 55  

9 Atrioventricular Junctional Re-entrant Tachycardias, 56  
   Mechanism, 56  
   ECG characteristics, 57  
   Clinical features, 62  
   Treatment, 63  

10 Wolff–Parkinson–White Syndrome, 67  
   Pre-excitation, 67  
   ECG characteristics, 68  
   Arrhythmias, 69  
   Treatment, 72  

11 Ventricular Tachyarrhythmias, 77  
   Ventricular tachycardia, 77  
   Ventricular fibrillation, 78  
   Supraventricular versus ventricular tachycardia, 78  

12 Monomorphic Ventricular Tachycardia, 79  
   ECG characteristics, 79  
   Causes, 81  
   Mechanisms of ventricular tachycardias, 81  
   Investigations, 83  
   Treatment, 85  
   Coronary heart disease, 88  
   Hypertrophic cardiomyopathy, 88  
   Arrhythmogenic right ventricular cardiomyopathy, 89  
   Dilated cardiomyopathy, 92  
   Ventricular tachycardias not due to structural heart disease, 92  
   Non-sustained ventricular tachycardia, 97  
   Accelerated idioventricular rhythm, 97
