Contents

Part I  Ingredients for Dairy Products Manufacturing  1

1.1  Milk  3
1.1.1 Milk Quality and Processing  4
   Germano Mucchetti and Angelo V. Zambrini
1.1.2 Milk Preparation for Further Processing into Dairy Products  21
   Angelo V. Zambrini and Germano Mucchetti

1.2  Starter Cultures  37
1.2.1 Probiotics and Prebiotics  38
   Carla Orsi and Angelo V. Zambrini
1.2.2 Starter and Ancillary Cultures  58
   Carla Orsi and Angelo V. Zambrini

1.3  Other Ingredients  75
1.3.1 Vitamins, Minerals, and Bioactive Compounds  76
   Emanuela Donati
1.3.2 Fruit and Vegetables  98
   Carlo Tagliabue

1.4  Additives and Processing Aids  117
1.4.1 Acidity Regulators, Preservatives, and Antioxidants  118
   Andelka Bacak
1.4.2 Flavors, Colors, Thickeners, and Emulsifiers  132
   Andelka Bacak
1.4.3 Enzymes  146
   Martino Verga

Part II  Processing of Dairy Products  163

2.1  Process innovation  165
2.1.1 Enzymes Applications for the Dairy Industry  166
   Antonio Trani, Pasqua Loizzo, Angela Cassone and Michele Faccia
2.1.2 Plant Cleaning and Sanitizing  176
   Pierangelo Galimberti
2.1.3 Membrane Technologies Applied to Cheese Milk  194
   Antonio Trani, Pasqua Loizzo, Angela Cassone and Michele Faccia
2.1.4 Process/Product Control: Analysis of Cheese by Proteomics Techniques  202
Antonio Trani, Pasqua Loizzo, Angela Cassone and Michele Faccia

2.2 Product innovation  215
2.2.1 Functional Dairy Products Including Pro/Pre/Symbiotics  216
Fabio Minervini, Maria De Angelis and Marco Gobbetti
2.2.2 Dairy Products and Their Role in Human Health  248
Teresa Trotta, Francesca Posa, Giorgio Mori and Chiara Porro

Part III Shelf Life of Dairy Products  263
3.1 Technological Options to Prolong Shelf Life  265
3.1.1 Freezing of Dairy Products  266
Sebnem Tavman and Tuncay Yilmaz
3.1.2 Antimicrobial Compounds Applied to Dairy Food  274
Luisa Angiolillo, Annalisa Lucera, Matteo A. Del Nobile and Amalia Conte

3.2 Modern packaging systems to prolong shelf life  295
3.2.1 Active Packaging Applied to Dairy Products  296
Ozlem Kizilirmak Esmer and Busra Sahin
3.2.2 Nanotechnology Applied to the Dairy Sector  314
Cristina Costa, Matteo A. Del Nobile and Amalia Conte
3.2.3 Biodegradable Packaging Applied to Dairy Products  328
Lia Noemi Gerschenson, Rosa Jagus and Carolina Patricia Olle Resa

Part IV Consumer Acceptance  341
4.1 Consumer Behavior with Regard to Quality Perception of Food Products and Decision Making  343
4.1.1 The Quality Concept  344
Mariantonietta Fiore and Francesco Contò
4.1.2 Food Quality Perception  355
Raffaele Silvestri and Pierrimichele La Sala
4.1.3 Consumer Behavior Models Applied to Food Sector  367
Elka Vasileva
4.1.4 Evaluation, Choice, and Purchase  374
Daniela Ivanova

4.2 Consumer insight in the process of new dairy products development  381
4.2.1 The New Product Development Process  382
Plamen Dimitrov Mishev and Yulia Vladimirova Dzhabarova
4.2.2 Market Opportunities  394
Raffaele Silvestri
4.2.3 Consumer Insight and Approaches in New Dairy Products Development  404
Minna Mikkola and Fedele Colantuono
Part V  Environmental and Policy Issues  421

5.1.1  The Milk and Dairy Sector in the European Union: Environmental and Policy Issues  423
Caterina De Lucia, Pasquale Pazienza and Vincenzo Vecchione

5.1.2  Policies and Strategies for Eco-Friendly Dairy Product  438
Gerrit Willem Ziggers

Index  449
