Chapter index

| Acknowledgements | 4 |
| Introduction | 5 |
| Design and pattern cutting for menswear | 6 |
| Tools and equipment for making patterns | 7 |
| Aliquot parts | 8 |
| Glossary | 8 |

Chapter 1  The basic principles – sizing – using the blocks

| Metric sizing and size charts | 10 |
| Standard body measurements | 11 |
| Size charts | 12 |
| Using block patterns | 16 |
| Seam allowances | 17 |
| Pattern instructions | 18 |

PART ONE: ‘FLAT’ CUTTING

Chapter 2  The ‘flat’ blocks – woven and jersey fabrics

| The ‘flat’ trouser blocks |
| The one-piece trouser block (woven or jersey fabrics) | 20 |
| The two-piece trouser block (woven or jersey fabrics) | 20 |

| The ‘flat’ shirt and overgarment blocks |
| The ‘flat’ shirt block (woven fabrics) | 22 |
| The ‘flat’ overgarment block (woven fabrics) | 22 |

| The tee shirt and overgarment jersey blocks |
| The tee shirt and knitwear blocks (jersey fabrics) | 24 |
| The overgarment blocks (jersey fabrics) | 24 |
| The ‘flat’ kimono block (woven or jersey fabrics) | 26 |

Chapter 3  Leisurewear, weatherwear and sportswear

| Leisurewear and weatherwear (woven fabrics) |
| 1a  Casual overgarment | 28 |
| 1b  Casual jacket | 28 |
| 2  Jeans jacket | 30 |
| Weatherwear | 32 |
| 3  Anorak | 32 |

| Leisurewear and sportswear (jersey fabrics) |
| Tee shirts |
| 1  Sports tee adaptation | 34 |
| 2  Polo shirt | 34 |

| Jersey casual tops |
| 3  Raglan top with hood (track) | 36 |
| 4  Raglan top with collar (track) | 36 |

| Casual trousers (woven and jersey fabrics) |
| 1  Weatherwear trousers | 38 |
| 2  Casual jersey trousers (track) | 38 |
| The basic jeans blocks | 40 |
| 3  Jeans adaptation | 42 |
| 4  Combat trousers and shorts | 44 |
| 5  Boxer shorts | 46 |
| 6  Swimming trunks (stretch fabrics) | 46 |

Chapter 4  Workwear

| 1  Indoor work jacket or coat | 48 |
| 2  Easy fitting overjacket or coat | 48 |
| 3  Basic work shirt | 50 |
| 4  Dungarees | 52 |
| 5  One-piece overalls | 54 |
| Two-piece overalls | 56 |
| 6  Work jacket | 56 |
| 7  Work trousers | 56 |

Chapter 5  Basic nightwear

| Pyjama block | 58 |
| 1  Bathrobe | 60 |
| Jersey nightwear | 62 |
| 2a  Jersey nightwear – tops | 62 |
| 2b  Jersey nightwear – pants | 62 |
PART TWO: STANDARD PATTERN CUTTING PROCESSES

Chapter 6 Constructing sleeves

Sleeves – ‘flat’ cutting
Using the ‘flat’ kimono block 64
1 Dolman sleeve (‘flat’ kimono block) 64
2 Raglan sleeve (‘flat’ kimono block) 64

Sleeves – ‘flat’ or ‘form cutting
3 Modification to ‘flat’ blocks (menswear shaping) 66
4 Shaped sleeve with back seam 66
5 Closer fitting kimono blocks 66
6 Simple gussetting (closer fitting kimono blocks) 68
7 Seam styling with gusset (closer fitting kimono blocks) 68

Sleeves – ‘form’ cutting
Easy fitting armhole (scye) shapes 70
8 Lowered armhole (scye) 70
9 Extended shoulder 70
10 Strap shoulder 72
11 Extended yoke sleeve 72
12 Classic raglan sleeve 74
13 Easy fitting raglan sleeve 74
14 Oversleeve – raglan 76
15 Raglan sleeve (two-piece sleeve) 76

16 High padded shoulders 78
17 Cuffs 78

Chapter 7 Constructing openings and collars

Front openings
1 Standard front 80
2 Double breasted front 80
3 Single strap front 80
4 Double strap front 80
5 Standard zip front 82

6 Standard zip front with extension 82
7 Concealed zip front 82
8 Concealed zip front with extension 82
9 Standard fly front 84
10 Strap fly front 84

Collars – basic principles
Terms used for collar construction 86
Before drafting a collar 86
Collar shapes 86
Top collars 86

Standing collars
1a Standard straight collar 86
1b Standard straight collar with stand 86
2a Standard convertible collar 88
2b Shaped convertible collar – hidden stand 88
2c Shaped convertible collar with stand 88
3a Shirt collar 88
3b Shirt collar with stand 88
3c Shaped shirt collar with stand 88

Collars cut in one with the garment
4 Standard roll collar 90
5 Changing the style line 90
6 Standard roll collar with stand 90
7 High shaped collar 90

Collars and revers
Bespoke collars and revers 92
8 Bespoke gents collar 92
9 Bespoke reefer collar 92
Engineered collars and revers 94
10a Basic collar and rever draft 94
10b Shaping the collars 94
10c Collar with hidden stand 94
11 Collar with visible stand 94

Flat collars
12 Standard flat collar 96
13 Half collar 96
PART THREE: ‘FORM’ CUTTING – CLASSIC AND CASUAL MENSWEAR

Chapter 8  Classic suit jackets
The classic suit jacket block 98
Closer fitting alterations 98
High cut revers 98
The classic easy fitting suit jacket block 100
High cut revers 100
The suit two-piece sleeve block 102
To complete suit jacket patterns 104
Lining the suit jackets 105
1 Suit jacket design 106
The classic waistcoat block 108

Chapter 9  Classic and casual trousers
The classic trouser block 110
Altering the leg shape 110
Widened trousers 110
1 Basic trousers 112
2 Trousers with pleated waistline 114
3 Trousers – slimline 116
Waistbands 118
1a Single cloth waistband 118
1b Tailored waistband with slide adjusters 118
1c Double cloth waistband 118

Chapter 10  Classic and casual shirts
The classic shirt block 120
The tailored shirt block 122

PART FOUR: SIZING AND FIT

Chapter 12  Basic grading techniques
Pattern grading 156
Grading patterns one size up 156
Grading examples 156

Grading the ‘form’ blocks
The classic suit jacket block 157
The casual shirt block, the classic and casual overgarment blocks 158
The classic trouser block 159

Grading the ‘flat’ blocks
The ‘flat’ shirt and overgarment blocks 160

Chapter 11  Classic and casual overgarments
The classic and casual overgarment blocks 130
The basic jacket block 132
The basic overgarment block 134
The easy fitting overgarment block 136
The one-piece sleeve block 138
Sleeve modifications for the easy fitting jacket and overgarment blocks 138
The two-piece sleeve block 140
Sleeve modifications for the easy fitting jacket and overgarment blocks 140
Shaping the blocks 142

Adaptations of the blocks
1a Jackets – fitted 144
1b Jackets – semi-fitted 144
2 Easy fitting jacket 146
3 Trench coat 148
4 Coats – straight style 150
5 Coats – fitted style 152
6 Formal dressing gown 152

Chapter 13  Drafting and adapting the blocks for individual figures
Drafting and adapting the blocks for individual figures 164
Taking body measurements 164
Fitting problems – trousers 166
Fitting problems – coats, jackets and shirts 168
PART FIVE: COMPUTER AIDED DESIGN (CAD)

Chapter 14  Computer generated design and pattern making

Connectivity and marketing 174
Design creation and illustration 176
Product Data Management (PDM) 178
3D Body scanning and sizing 180

Pattern design and modification 181
Garment sampling – 3D software programs 183
Pattern grading 184
Made-to-measure 188
Production lay planning and marker-making 189
Planning and cutting 190
Product Lifecycle Management (PLM) 192
