A
A117.1 (ICC/ANSI), 227
AARP, 265
abandonment, product design and, 311–312
Abledata.org, 309
abused people, limitations of, 52
“Accessibility for All” (Norway), 81
accessible design
access to resources, 167–172, 168, 169, 171
communication about, 73
Enabler concept, 50, 50
history of, 187, 192–195
purpose of, 188–190
universal design vs., 23, 68, 69
See also public accommodation
acoustics
hearing loss and, 279–281, 309–310, 310, 315–316, 321
interior design, 279–281
perception of, 110, 116, 117–118
product design, 309–310, 310
social participation and, 165–166
Active Symbol of Accessibility (ISA), 15, 16
active transportation, 143–145, 144
activities of daily living (ADL)
defined, 248
simplifying, 249
See also home modification
ADA Accessibility Guidelines (ADAAG) (U.S. Access Board), 192
adaptable housing, 227–229, 229
aesthetic expression, 30–31
affordances, 120–123, 121, 126–127
African Americans. See race
Age Gain Now Empathy System (AGNES) (AgeLab, Massachusetts Institute of Technology), 313, 313, 319
aging
ageism, 61
Aging, Demographics, and Memory Study (ADAMS), 149–150
aging in place, 38, 38
demographics and, 46, 53, 54–55, 58–60
Enabler concept, 50, 50
housing policy and, 224
lifespan housing design, 232–235, 235
lighting and vision, 282–283
product design and marketability, 316–321, 317, 318, 319, 321
public transportation and, 342
aging (continued)
  social participation and, 162, 166
  social participation and elder cohousing, 178
  target populations for home modification, 246–247 (See also home modification)
  See also demographics; interior design
airplanes, access to, 354–355
airports, 210, 210, 343–344, 351–352
air quality, 146, 151
Alliance for Biking and Walking, 143
American Community Survey (2007–2008), 61
American Institute of Architects, 35
American Journal of Health Promotion, 139
American National Standards Institute (ANSI), 190–192, 227, 230
American Public Transportation Association, 341–342
Americans with Disabilities Act (1990), 27, 191–192, 211, 227, 318–319
anthropometry
  accommodation for average users, 101–102
  break with precedent, 102–103
  for choice, 100–101, 101
  defined, 95, 96–99
  for extremes, 99–100
  furnishings and, 292
  key dimensions, 99
Apple
  iPhone, 322–323, 323, 331–332
  Stores, 130–132, 131
Archea, J., 124
architects, career development of, 48
Architectura, De (Vitruvius), 30
Architectural and Transportation Barriers Compliance Board (U.S. Access Board), 191–192
Architectural Barriers Act (1968), 27
architecture. See design; housing; interior design; public transportation; streetscape design
ARPANET, 310
art, barriers and, 4–6, 5, 6
artificial light, 283–284
assessments, home, 261–263
assistive technology (AT), 308, 310–316, 313, 315
asthma, 146
athletic equipment, 308
“at risk” populations, 51
Austin (Texas), visitable housing in, 231, 232
Australia
  home modification, 265–266
  housing, 233
  public accommodation, 204, 204
  public transportation, 342
  universal design practice, 81
automobiles
  car safety and demographics, 55
  dependency on, 34
  housing and neighborhood context, 239
  product design, 326–327, 327
  truck drivers and anthropometry, 98
  See also streetscape design; transportation
ax, evolution of, 1–3, 2
