Part 1: Types of Urinary Stones and Their Medical Management

1 How to Build a Kidney Stone Prevention Clinic, 3
   David S. Goldfarb
2 Metabolic Evaluation: Interpretation of 24-Hour Urine Chemistries, 13
   John R. Asplin
3 Uric Acid Stones, 26
   Naim M. Maalouf
4 Calcium Stones, 36
   John C. Lieske
5 Struvite Stones, 48
   Brian H. Eisner, Sameer M. Deshmukh, and Dirk Lange
6 Genetic Causes of Kidney Stones: Cystinuria, Primary Hyperoxaluria, Dent’s Disease, and APRT Deficiency, 57
   Runolfur Palsson
7 Evaluation and Management of Pediatric Stones, 70
   Vidar O. Edvardsson and Sherry S. Ross
8 Primary Hyperparathyroidism and Stones, 81
   Marcella Donovan Walker and Shonni J. Silverberg
9 Renal Tubular Acidosis, Stones, and Nephrocalcinosis, 93
   Robert J. Unwin, Stephen B. Walsh, and Oliver M. Wrong
10 Drug-Induced Stones, 106
    Michel Daudon and Paul Jungers
11 Management of Renal Colic and Medical Expulsive Therapy, 120
    Michael S. Borofsky and Ojas Shah
Part 2: Surgical Management of Urinary Stones

12 Indications for Conservative and Surgical Management of Urinary Stone Disease, 135
Brian D. Duty and Michael J. Conlin

13 Perioperative Imaging: Plain Film, Sonography, Contrast-Based Fluoroscopic Imaging, Computed Tomography, and Magnetic Resonance Urography, 148
Nicole Hindman

14 Emergency Urinary Drainage Techniques Employed for an Obstructing Upper Urinary Tract Calculus With and Without Associated Sepsis, 157
Sunil Mathur and Francis X. Keeley Jr

15 Endoscopic Management of Lower Urinary Tract Calculi: Tips and Tricks, 166
Christopher M. Dixon and Sean Fullerton

16 Ureteroscopy, 176
Israel Franco and Lesli Nicolay

17 Extracorporeal Shock Wave Lithotripsy in Children: Renal Stones, 195
Jordan Gitlin and Kai-wen Chuan

18 Extracorporeal Shock Wave Lithotripsy: Generators and Treatment Techniques, 216
Jessica E. Paonessa and James E. Lingeman

19 Ureteroscopic Lithotripsy: Indications, Access Endoscopes, Accessories, and Lithotrites, 227
Julien Letendre and Olivier Traxer

20 Ureteropyeloscopic Management of Upper Urinary Tract Calculi, 243
Michael Grasso, Andrew I. Fishman, and Bobby Alexander

21 Percutaneous Nephrolithotomy: Access and Instrumentation, 264
Arvind P. Ganpule, Sachin Abrol, Abhishek Laddha, and Mahesh R. Desai

22 Percutaneous Management of Intrarenal Calculi, 278
Michael Degen and Majid Eshghi

23 Laparoscopic and Open Surgical Management of Urinary Calculi, 296
Ahmed Alasker, Reza Ghavamian, and David Hoenig
24 Multimodality Therapy: Mixing and Matching of Surgical Techniques for the Treatment of Stone Disease, 311  
*Nir Kleinmann, Kelly A. Healy, and Demetrius H. Bagley*

25 Management of Complications Associated with Various Lithotripsy Techniques, 326  
*Angela M. Cottrell and Andrew J. Dickinson*

Index, 340
