Preface                             xiii  
Acknowledgments                    xvii  
Quick Reference List               xix  

### SECTION I

Utilizing the *DSM-5*: Assessment, Planning, and Practice Strategy

#### Chapter 1  Getting Started

Introduction                        3  
Beginning the Process                3  
Making the Diagnostic Assessment: Tools That Facilitate the Assessment Process 4  
Role of Social Workers and Other Mental Health Professionals 4  
Development of the *DSM* Classification System: History and Reservations 6  
Diagnostic Labels 14  
Another Mental Health Assessment Measure 16  
Professional Training in the Professional Counseling Fields 18  
Summary 19  
Questions for Further Thought 20  
References 20

#### Chapter 2  Basics and Application

Utilizing the *DSM-5* in the Practice Setting 23  
Working as Part of a Team: Connections and Collaborations 25  
Diagnosis and Assessment: Is There a Difference? 28  
A Combination Approach: The Diagnostic Assessment 33  
*DSM-5* Updates and Structural Changes 35  
*DSM-5*: Sections and Appendices 39  
Important Sections in the *DSM-5* 45  
Culture, Age, and Gender-Related Information 47  
Concepts of Distress 53  
Culture and Other Diagnostic Assessment Factors Related to Age 57  
Culture and Other Diagnostic Assessment Factors Related to Gender 59
Contents

Schizophrenia and Factors for Consideration in the Diagnostic Assessment 174
Case Application of the Diagnostic Assessment 181
Treatment Planning and Intervention Strategy 186
Special Topics 195
Summary and Future Directions 196
References 197

Chapter 6  Bipolar and Related Disorders 202
Sophia F. Dziegielewski and Olga Molina
Introduction 202
Toward a Basic Understanding of the Bipolar and Related Disorders 202
Understanding Individuals Who Suffer From Bipolar and Related Disorders 204
Overview of the Bipolar and Related Disorders 212
Summary of Bipolar Disorders 221
Diagnostic Assessment in Adults With Bipolar Disorder 222
General Intervention Strategies: Models and Treatment Modalities for the Bipolar Disorders 223
Special Topics 236
Summary and Future Directions 238
References 239

Chapter 7  Depressive Disorders 242
Sophia F. Dziegielewski
Introduction 242
Toward a Basic Understanding of the Disorders 243
Important Features Related to the Depressive Disorders 244
Endogenous and Exogenous Depression: Making a Distinction 246
Overview of the Depressive Disorders 247
The Depressive Disorders and the Diagnostic Assessment 259
Special Topics 270
Assessment of Danger to Self or Others 271
Summary and Future Directions 272
References 273

Chapter 8  Obsessive-Compulsive and Related Disorders 278
Sophia F. Dziegielewski and Barbara F. Turnage
Introduction 278
Toward a Basic Understanding of the Obsessive-Compulsive and Related Disorders 278
Chapter 9  Trauma- and Stressor-Related Disorders  
Sophia F. Dziegielewski and Barbara F. Turnage

Introduction 309
Toward a Basic Understanding of Trauma- and Stressor-Related Disorders 309
Understanding Individuals Who Suffer From the Trauma- and Stressor-Related Disorders 310
Important Features Related to the Trauma- and Stressor-Related Disorders 311
Overview of the Trauma- and Stressor-Related Disorders 313
Beginning the Diagnostic Assessment 321
Pulling It All Together: An Integrated Approach 333
Summary and Future Directions 335
References 335

Chapter 10  Sexual Dysfunctions  
Sophia F. Dziegielewski and Joshua Kirven

Introduction 338
Toward a Basic Understanding of the Sexual Dysfunctions 338
Individuals Who Suffer From a Sexual Dysfunction 340
Important Features and Terms Related to the Sexual Dysfunctions 341
Overview of the Sexual Dysfunctions 343
Sexual Dysfunctions and the Diagnostic Assessment 353
Completing the Diagnostic Assessment 353
Overview of Treatment Methods for the Sexual Disorders 358
Selected Assessment Scales and Methods for Treating the Sexual Disorders 361
Special Topics 364
Applying a Cultural Competence Lens to Diagnosis 367
Summary and Future Directions 369
