## 3 Homo erectus and Homo floresiensis: Archaic Hominins in Island Southeast Asia 34
- Hominin Antecedents in Africa and Asia 35
- Homo erectus in Java 38
  - Java – Pleistocene Mammals and Stratigraphy 39
  - Sangiran 41
  - Ngandong 43
  - When Did Hominins Arrive in Java? 44
- The Evolution of Javan Homo erectus 46
  - An Invited Perspective by Colin Groves 46
- The Dating of the Javan Hominins 47
- The Homo erectus Cranium 49
- The Homo erectus Mandible 50
- Homo erectus Teeth 50
- Homo erectus Postcranial Material 51
- Evolution within Javan Homo erectus 52
- The Philippines, Sulawesi, and Nusa Tenggara: Pleistocene Mammals and Stratigraphy 53
  - The Philippines 54
  - Sulawesi 54
  - Flores and Nusa Tenggara 55
- Homo floresiensis (and Homo erectus?) in Flores 58
  - The Enigma of Homo floresiensis 60
  - An Invited Perspective by Debbie Argue 60
  - The Homo floresiensis Controversy 62
  - Was Homo floresiensis a Dwarfed Homo erectus? 64
  - Was Homo floresiensis Descended from a Separate Hominin Lineage? 64
- Cultural Evidence Related to Homo erectus and Homo floresiensis 65
  - Java and the Tools of Homo erectus 67
  - Flores and the Tools of Homo floresiensis 71
- Retrospect 74
- Notes 75
- References 76

## 4 The Biological History of Homo sapiens in Island Southeast Asia 86
- The First Homo sapiens in Southeast Asia 89
- Early to Middle Holocene Skeletal Data from Island Southeast Asia 93
- The Biological Arrival of an Asian Neolithic Population in Island Southeast Asia 94
  - The Significance of Skin Pigmentation in Equatorial Latitudes 97

5 **Late Paleolithic Archaeology in Island Southeast Asia** 131

Mainland Southeast Asia, Peninsular Malaysia, and Sumatra:

The Hoabinhian and Its Successors 134

*Hoabinhian into Para-Neolithic in Mainland Southeast Asia* 134

*The Hoabinhian of Sumatra* 138

Beyond Sumatra – the Late Palaeolithic in the Islands of Southeast Asia 139

*The Niah Caves, Sarawak* 141

*Eastern Sabah* 143

*Eastern and Central Kalimantan* 147

*Java* 150

*The Philippines* 151

*Sulawesi and the Talaud Islands* 153

*The Toalian of South Sulawesi – a Localized Revolution in Small Tool Technology* 155

*The Northern Moluccas* 159

*Eastern Nusa Tenggara and Timor-Leste* 162

Changing Patterns in Hunting Across Island Southeast Asia Before the Neolithic 165

*An Invited Perspective by Philip J. Piper* 165

The Late Pleistocene (45–14 kya) 165

Terminal Pleistocene to Mid-Holocene (14–4.5 kya) 167

Some Final Thoughts on *Homo sapiens* and the Late Palaeolithic in Island Southeast Asia 170
