Guidelines for Using Science Activities and Investigations Successfully in the Classroom, 3

I. Investigating, 7
   1. The Scientific Method, 9
   2. Cause and Effect, 28

II. Observing, 37
   3. Sight, 39
   4. Hearing, 50
   5. Smell, 61
   6. Taste, 67
   7. Touch, 76

III. Communication, 89
   8. Model, 91
   9. Data, 100

IV. Making and Using Definitions, 111
   10. New Words, 113
   11. Dictionary Skills, 122

V. Measuring and Estimating, 135
   12. Length, 137
   13. Capacity, 146
   14. Weight, 152
   15. Time, 158
   16. Temperature, 165

VI. Grouping, 179
   17. Classifying, 181
   18. Sequencing, 189

Glossary, 195
Index, 199
