INDEX

Academy of Cognitive Therapy, 216
Acceptance, ACT and, 168
Acceptance and commitment therapy (ACT), 161, 167–169
integration and, 170–171
ACCEPTS, 166
Acquiring rituals, 12. See also Rituals
Acquisition, DBT and, 162
Acute Stress Disorder, 16
DSM-IV and, 3
Administrators, school, 193
Adolescents. See Children, CBT for
Agenda, adherence to the, 227–229
Aggressive communication, 132
Agoraphobia, 4
assessment, 39
case example, 6–7
in vivo exposure and, 103
Panic Disorder and, 24
probability overestimation and, 92
psychoeducation, 77
relapse prevention and, 154, 156
Agoraphobic Cognitions Questionnaire (ACQ), 51
All-or-none thinking, 94–95
general anxiety groups and, 205
Animal type, Specific Phobia and, 7, 8
Antidepressants:
GAD and, 31
Panic Disorder and, 24
Social Phobia and, 27
tricyclic, 24, 29–30, 31
Anxiety, normal vs. problematic, 73–74
Anxiety Disorders Association of America (ADAA), 202, 216
Anxiety Disorders Interview Schedule for DSM-IV (ADIS-IV), 42
Anxiety Sensitivity Index (ASI), 51
Apologies, 133
Arranging rituals, 12. See also Rituals
Articles, consultation and, 201
Assertive communication people, 132–134
Assertiveness:
fear of, 9
interpersonal effectiveness skills and, 164
training, 131–136
The Assertiveness Workbook, 133
Assessment:
behavior tests, 49, 54
clinical interview, 41
family members, speaking with, 55–56
initial interview, 37–38
interview methods, 41–47
patient-clinician interaction and, 48
professionals, speaking with, 55–56
self-monitoring, 54
self-report questionnaires, 48–49, 50, 51–53
special issues, 39–41
Association of Behavioral and Cognitive Therapies (ABCT), 216
Attendance, group therapy, 204
Attention Deficit Disorder:
client-centered case consultation, 192
collaboration with teachers, 195
Attention, fear of, 9
Authority figures, fear of, 9
Automatic thoughts, 61, 94–95
Avoidance:
  behavioral maintaining factors, 60–61
  experiential, 168
  theory of, 31
  GAD and, 31
  imaginal exposure and, 121
  in vivo exposure and, 22, 100
  OCD, assessment and, 41
  psychoeducation, 76–77
  worry, theory of, 31
See also Imaginal exposure

Barlow, David, 216
Beck, Judith, 216
Beck Depression Inventory (BDI-II), 48, 49, 50
Behavioral maintaining factors. See Maintaining factors, behavioral
Behavioral work, children and, 184–185
Behavior rehearsal, 163
Behavior tests, 49, 54
Benzodiazepines (BZs):
  GAD and, 31
  Social Phobia and, 27, 28
Blood-injection-injury type, Specific Phobia and, 7, 8
Body Sensations Questionnaire (BSQ), 51
Borderline personality disorder, DBT and, 161
Breathing:
  diaphragmatic, 140, 205
  general anxiety groups and, 205
  retraining, 24
Brochures, 200–201

Caffeine, Panic Disorder and, 6
Cardiac problems:
  collaboration with physicians, 198
  Panic Disorder and, 6
Case conceptualization. See Conceptualization, case
Catastrophizing, 94, 95
  general anxiety groups and, 205
Checking rituals, 12. See also Rituals
Cheerleading, 97–98
Children, CBT for:
  age limitations, 173–174
  behavioral work, 184–185
  cognitive work, 182–184
  hierarchy, making a, 179–181, 182
  homework, 185
  parents and, 187–189
  rapport, establishing, 174–176
  rationale and explanation, 176–178
  relapse prevention, 186
  reward systems, 189–190
  self-monitoring, 179, 180
  termination, 186
Clarification, humanistic therapy and, 169
Clark, David, 113
Cleaning rituals, 12. See also Rituals
Client-centered case consultation, 192
Client-Centered Therapy: Its Current Practice, Implications, and Theory, 169
Clomipramine, 29–30
Coaching, communication training and, 135
Cognitive Behavioral Practice, 115
Cognitive behavioral therapy (CBT):
  ACT and, 167
  components of, 21–23
  GAD and, 30–31
  OCD and, 29–30
  Panic Disorder and, 23–25
  resources, 235–236
  Social Phobia, 26–29
  Specific Phobia and, 25–26
See also Assertiveness training; Children, CBT for; Communication training; In vivo exposure; Problem solving; Relaxation
Cognitive distortion. See Distortion, cognitive
Cognitive errors, 61–62
Cognitive maintaining factors. See Maintaining factors, cognitive
Cognitive restructuring. See Restructuring, cognitive
Cognitive therapy:
  tools, when to use, 87–90
  types of, 90–98
Cognitive Therapy: Basics and Beyond, 216
Cognitive Therapy of Depression, 215
Cognitive Therapy and the Emotional Disorders, 215
Collaboration, 193–199
