Ambiguity, 39
American Educator, 160–161
American Federation of Teachers,
    160–161
Analogies, in arguments, 35
Analytic philosophy and logic:
    description of, 32–34; language
    tricks of, 33–36; in textbooks,
    32–33, 53
Anderson, L. W., 258
Andolina, N., 53
Anger, 135
Anxiety, of students, 185, 229

Appraisal process, 12
Appreciation Board, 194
Appreciation, showing, 193–195
Appreciative Pause exercise, 193–194
Arguments: analytic philosophy and
    logic and, 32–35; Devil’s Advocate
    activity for, 66–67; errors in,
    187–188; in intermediate protocols,
    110–111; online information and,
    249–250; Point-Counterpoint
    activity for, 65–66; recognizing
    tricky language in, 34–36;
understanding of, in critical
    writing, 136–138
Argyris, C., 30, 189
Assessments: Critical Thinking
    Audits as, 175–177; most common
    type of, 129
Assignments: creating, 174–175;
    embedding Critical Thinking
    Audits in, 175–177
Assumptions: about depression, 2–7,
    8; advanced protocols for
    uncovering, 119–127; appropriate
    context of, 21–24; asking students
    to disclose, 69–70; author’s personal
    experiences with, 2–7, 8; avoiding
    negativity when uncovering, 207;
    checking accuracy of, 11–12;
    compiling an inventory of, 64–65,
    242–243; in critical analysis of
literature, 130–131; of critical theory, 48; in critical thinking process, 11–14; in daily routines, 7–8; definition of, 7; in discussion activities, 183–195; in effective discussions, 181; effects of, 7–8; fear of disclosing, 57, 69; giving up, 210; hunting of, 7–10, 11; identification of, in critical writing, 137; identification of, in discussions, 197–199; identification of, to integrate critical thinking across the curriculum, 156–163; intermediate protocols for uncovering, 106–118; most common type of, 19; pragmatists’ questioning of, 40–41, 42; psychoanalysis and, 46–47; questions regarding, in discussions, 197–204; Scenario Analysis activities for exploring, 86–102; shared, 57; sharing CIQ results to examine, 67–68; social learning process and, 56–60; timing of critical thinking and, 78–81; types of, 3–7, 17–21; using experiences to discover, 69–71; voting on inventories of, 83–84; in workplace critical thinking, 30

Asynchronous learning environments, 248–249

Authoritative evidence, 12

Authority, revered, 35

Autobiographical disclosures, 234–239

Automaton conformity, 13

Ayers, W. A., 165

Bedau, H., 53

Behavior: casual assumptions about, 19–20, 22–24; reward structures and, 170–171

Belenky, M. F., 214–216

Believing game, 215

Belonging, sense of, 229–230

Consensus, 183
Constitution, references to, 35
Content grammar, 28
Contextuality, 21–24
Cooks, H. C., 224
Cooper, S., 53
Course completion audits, 177
Course materials: definition of critical thinking in, 157–158; students’ culture and, 164
Cranton, P., 133
Credibility, of faculty, 253–254
Crisis Decision Simulation activity:
   description of, 106–107; example of, 108–109
Critical Conversation Protocol:
   description of, 59–60, 120–127; teaching demonstration of, 127
Critical Debate exercise, 110–111
Critical Incident Questionnaire (CIQ): description of, 54–55; designing disorienting dilemmas and, 72–73; to evaluate faculty modeling, 254; for faculty meetings, 240–241; helpfulness of, 258; in online environments, 248–249; sharing results of, with students, 67–68; themes emerging from, 55–74
Critical person, 48–49
Critical reviews, of text: components of, xii, 130–131, 135–141; faculty’s guidance in, 130; faculty’s modeling of, 149–153; misunderstandings of, 131–135
Critical theory: activism and, 49; approach of, to critical thinking, 220–221; criticisms of, 50–51; description of, 47–51; instruction in, 20, 50; main concern of, 31; online sources and, 250; versus pragmatism, 49; versus psychoanalytic tradition, 49; purpose of, 49–50
Critical Theory (Bronner), 51
Critical thinking: basic process of, 1, 11–14, 73–74, 156, 160; basic questions in, 163; challenges to, 214–221; clear outcome of, 213–214; common misunderstandings about, xiv, 11, 16–17, 205–214; commonalities of, across disciplines, 27–30; definition
Index

of, 1–2, 24, 30, 157–160; faculty's laments about, vii; final phase of, 119; goal of, 28; importance of, 1–7; intellectual traditions shaping, 31–50; introduction of, in classrooms, 77–81; prerequisites to, 161; rationale for, 14–17, 81–83, 163–173; risks of, 221–230

Critical Thinking Audits, 175–177

Critiques, published, 137

Cult leaders, 16

Cultural suicide, 223–225

Culture, of students: changing of, as a result of learning, 223–225; Eurocentrism and, 217; teaching methods and, 164–166

Curricula: common definition of critical thinking across, 157–158; embedding critical thinking into specific disciplines of, 173–177; freshman seminars in, 160–163; rationale for critical thinking in, 163–173

Cynicism, 131

D

Debates, 110–111

Decision making, 208–209, 243

Democracy: assumptions related to, 9, 10; critical theory's core assumption of, 48; critical theory's purpose and, 49–50; effective discussions and, 180; pragmatism and, 39–40, 41; scientific method's correspondence with, 37–38

Demonstrations, teaching, 127

Denali Elementary School, 196

Depression, 2–7, 8; psychoanalysis for, 46–47

Derrida, J., 220

Detectives, 121–126

Devil's Advocate activity, 66–67, 243

Dewey, J., 40, 41

Diestler, S., 33

Direct questions, 202–204

Discussion as a Way of Teaching (Brookfield & Preskill), 180

Discussions: conditions for, 181–182; democracy and, 179–180; effectiveness of, 179–180; exercises to foster, 183–195; grading for participation in, 82–83, 170, 171–172; importance of questions in, 195–196; questioning techniques for, 195–204; showing appreciate for participation in, 193–195; uncontrolled types of, 179–180; using questions to end, 68–69. See also Small group activities

Disorienting dilemma, 71–73

Diversity task forces, 212

Divorce, 50

Doctoral programs, 132

Domestic violence, 16

Dominant ideology: critical theory and, 48–49; mass media and, 51

Doubting game, 215–216

Objectivity, 250
Online instruction: Critical Incident Questionnaire in, 248–249; evaluating sources in, 249–250; versus face-to-face discussions, 185; modeling in, 247–251; for peer feedback, 148; writing ability and, 129–130
Open questions, 196–204
Open society, 37
Opening questions, 197–199
Openness, 38–39
Opinions, 180
Oppression, 219–220
Orientation courses, 162
Orwell, G., 33–34

P
Palmer, P., 45
Paradigmatic assumptions: critical writing and, 137; definition of, 4–5; description of, 17–18; examples of, 4–6, 18; in Inferential Ladder exercise, 190, 192t; uncovering of, 9–10
Parental constraints, 162
Pari, C., 165
Participation, in discussions: grades for, 82–83, 170; showing appreciation for, 193–195
Passionate intensity, 38
Patriarchy: assumptions related to, 4–5; definition of, 4; uncovering assumptions related to, 10
Patton, R., 53
Paul, R. W., 33, 53
Paxton, D., 237
Peer feedback, 146, 147e, 149–153e
Peer learning communities, 229–230
Personal stories, 34
Personality: capitalism and, 46; influences on, 45–46; psychoanalysis and, 44–45
Pessimism, 131
Peters, R. S., 28, 78
Philosophy, 133
Physics, content grammar of, 28
Pierce, C. S., 40
Point-Counterpoint activity, 65–66
Points of view, multiple: Devil’s Advocate activity to examine, 66–67; in discussions, 181, 200–202; instructional example for considering, 62–64; Point-Counterpoint activity to examine, 65–66; pragmatism and, 42; questions to consider, 200–202; risks of modeling and, 254–256; team teaching of, 255; viewing assumptions from, 12
Political leaders: analytic philosophy and logic and, 34; questionable actions of, 15; uncovering assumptions about, 10
Politics, 133–134
“The Politics of the English Language” (Orwell), 33–34
Pollution, 31
Popper, K. R., 37
Position, taking a, 139–141
Post-It Appreciation activity, 194–195
Postmodernism, 219–221
The Poverty of Historicism (Popper), 37
Power: critical theory and, 47–51; in discussions, 182; in faculty meetings, 241–242; racial problems and, 212; in social learning, 58
Power of Critical Theory: Liberating Adult Learning and Teaching (Brookfield & Holst), ix, 21
Pragmatism: advantages of, 42–43; versus critical theory, 49; definition of, 39–40; description of, 39–42; founding of, 216; influence of, on adult education, 43; misunderstandings related to, 209; popularity of, 43–44; questioning of assumptions in, 40–41, 42; versus scientific method, 41–42
Praise, common assumptions about, 22–23
Pratt, D. D., 217
Prescriptive assumptions: critical writing and, 137; definition of, 3–4; description of, 18; examples of, 18; in Inferential Ladder exercise, 190, 192
Preskill, S., 180
Private modeling, 234
Problem solving: in critical thinking phases, 74; critical versus noncritical types of, 126; lack of solutions in, 212–213; misunderstandings related to, 206, 211–213; pragmatic method of, 42; questioning as part of, 211–212
Profits, 31
Propaganda: analytic philosophy and logic and, 33–34; harmful consequences of, 16–17
Psychoanalysis: analyzing assumptions in, 46–47; versus critical theory, 49; description of, 44–47
Public praise, 23
Q
Questioning ideas: in critical reading, 134, 138–139, 140–141; in critical writing, 145–146; cultural suicide and, 224–225; importance of, 195–197; misunderstandings related to, 208; premature answers to, 256–258; in problem solving, 211–212
Questioning techniques: in assignments, 174–175; basic questions in, 163; in Chalk Talk exercise, 186; to end lectures and discussions, 68–69; to facilitate discussions, 195–204; in Point-Counterpoint activity, 65; preparatory silences in, 183; for Scenario Analysis, 89; for small group instruction, 172; in social learning activities, 59–60; in Structured Silence activity, 188; types of, in discussions, 197–204; using clickers in, 84–86
Quotes, 136, 144 e
Quotes to Affirm and Challenge exercise: description of, 114–116, 117–118; Reflective Audit for, 116 e, 117–118
R
Racial task forces, 212
Racism: analytical thinking of, 16–17; critical theory and, 49–50; in discussion groups, 180; questionable actions related to, 15
Radicalizing Learning: Adult Education for a Just World (Brookfield & Holst), ix
Rand, A., 4
Rationality: Eurocentric type of, 216–219; misconceptions of critical reading involving, 135
Reading, critical: components of, 135–141; description of, 131–132; faculty’s modeling of, 149–153 e; misunderstandings of, 131–135
Reading, textbooks on, 33
Real life application: to build case for critical thinking, 82, 167–169; introduction to critical thinking and, 79–80; using field trips to observe, 166–167

Reason, R., 42

Reflective Audit exercise: in Critical Debate exercise, 111, 117–118; in Quotes to Affirm and Challenge exercise, 116

Regime of truth, 29–30

Relativism, 132–133

Religion, 16

Religious fundamentalism, 37

Repetition, of argument, 34

Research, conducting: evaluating online sources in, 249–250; introduction of critical thinking and, 80–81

Resistance, to critical thinking, 81, 166

Respect, 196–197, 217–218

Retroactive assumptions, 19–20

Rewards, 82–83, 170–173

Rios, F., 212

Rippe, S., 186

Rogers, C. R., 45–46

Ruggerio, V. R., 53, 217

Russell, C., 212

Scaffolding: for critical writing instruction, 142; in early phases of critical thinking, 74; in modeling, 251

Scenario Analysis: avoiding negativity in, 207; description of, 59, 86–87; faculty’s role in, 100–102; in freshman seminars, 162–163; questioning in, 89; sample activities for, 87–88, 90–99e

Schick, T. Jr., 53

Schizophrenia, 46

Scholarship, review of, 137–138

Sciences: critical traditions in, 36–39; epistemological grammar of, 28–29

Scientific method: democracy’s correspondence with, 37–38; description of, 36–37; importance of, 38; versus pragmatism, 41–42

Scope, of course, 174

Searle, J., 33

Self-criticism: critical theory and, 51; Marxism and, 38–39; to model peer feedback, 148; pragmatism and, 39–41

Self-doubt, 253–254

Self-reflection: in critical thinking process, 74; in discussions, 182, 183, 187, 188–189; sharing CIQ results for, 67

Self-talk, 3

Senge, P., 189

Separate knowers, 215

Sequencing, for critical writing instruction, 142–143

Serial killers, 16

Shor, I., 78, 165

Shy students, 184

Silence, reflective: as condition for discussion, 182; in discussion activities, 183, 187, 188–189

Simon, R. I., 222–223

Simulations: to build case for critical thinking, 82, 167–169; in intermediate protocols, 106–109

Sinnott, J. D., 39

Skepticism, 134, 166, 253–254

Small group activities: in Critical Conversation Protocol, 121; doubting game and, 216; effectiveness of, 179; in freshman seminars, 163; modeling of, 169; quotes exercise in, 115–116, 117; reward structure for, 172; for Scenario Analysis, 89, 93; structure of, 58–59; students’ preference for, 55–60. See also Discussions

Smith, H., 186

Snook, S. A., 133

Soccer, 105–106

Social action, 33
Social justice, 47–51
Social learning: in advanced protocols, 119; communication in, 59; communities in, 229–230; critical thinking as, 55–60; power dynamics in, 58; processes of, 59–60; for quotes exercise, 117; in Scenario Analysis, 89, 93; writing as, 146
Social media, 164
