# Contents

Preface xi

Part I  FUZZY INFORMATION  1

1  Fuzzy data  3
  1.1 One-dimensional fuzzy data  3
  1.2 Vector-valued fuzzy data  4
  1.3 Fuzziness and variability  4
  1.4 Fuzziness and errors  4
  1.5 Problems  5

2  Fuzzy numbers and fuzzy vectors  7
  2.1 Fuzzy numbers and characterizing functions  7
  2.2 Vectors of fuzzy numbers and fuzzy vectors  14
  2.3 Triangular norms  16
  2.4 Problems  18

3  Mathematical operations for fuzzy quantities  21
  3.1 Functions of fuzzy variables  21
  3.2 Addition of fuzzy numbers  23
  3.3 Multiplication of fuzzy numbers  25
  3.4 Mean value of fuzzy numbers  25
  3.5 Differences and quotients  27
  3.6 Fuzzy valued functions  27
  3.7 Problems  28

Part II  DESCRIPTIVE STATISTICS FOR FUZZY DATA  31

4  Fuzzy samples  33
  4.1 Minimum of fuzzy data  33
  4.2 Maximum of fuzzy data  33
  4.3 Cumulative sum for fuzzy data  34
  4.4 Problems  34
5 Histograms for fuzzy data 37
  5.1 Fuzzy frequency of a fixed class 37
  5.2 Fuzzy frequency distributions 38
  5.3 Axonometric diagram of the fuzzy histogram 40
  5.4 Problems 41

6 Empirical distribution functions 43
  6.1 Fuzzy valued empirical distribution function 43
  6.2 Fuzzy empirical fractiles 45
  6.3 Smoothed empirical distribution function 45
  6.4 Problems 47

7 Empirical correlation for fuzzy data 49
  7.1 Fuzzy empirical correlation coefficient 49
  7.2 Problems 52

Part III FOUNDATIONS OF STATISTICAL INFERENCE WITH FUZZY DATA 53

8 Fuzzy probability distributions 55
  8.1 Fuzzy probability densities 55
  8.2 Probabilities based on fuzzy probability densities 56
  8.3 General fuzzy probability distributions 57
  8.4 Problems 58

9 A law of large numbers 59
  9.1 Fuzzy random variables 59
  9.2 Fuzzy probability distributions induced by fuzzy random variables 61
  9.3 Sequences of fuzzy random variables 62
  9.4 Law of large numbers for fuzzy random variables 63
  9.5 Problems 64

10 Combined fuzzy samples 65
  10.1 Observation space and sample space 65
  10.2 Combination of fuzzy samples 66
  10.3 Statistics of fuzzy data 66
  10.4 Problems 67

Part IV CLASSICAL STATISTICAL INFERENCE FOR FUZZY DATA 69

11 Generalized point estimators 71
  11.1 Estimators based on fuzzy samples 71
