"Foreword by Professor Susan Fainstein, Harvard University" x  
"Preface" xii  
"Contributors" xiii

## PART I INTRODUCTION

1. **Making Competitive Cities: Debates and Challenges**  
   *Sako Musterd and Alan Murie*  
   - Debates and challenges 3  
   - Sectors 5  
   - Questions and theories 7  
   - Regions and sources 10  
   - Pathways, actors and policies 14  
   - References 16

2. **The Idea of the Creative or Knowledge-Based City**  
   *Sako Musterd and Alan Murie*  
   - Essential conditions for competitive cities 17  
   - ‘Hard’ conditions theory 20  
   - Cluster theory 22  
   - Personal networks 24  
   - ‘Soft’ conditions theory 25  
   - Three parts 29  
   - References 30

## PART II PATHWAYS

3. **Pathways in Europe**  
   *Denis Eckert, Alan Murie and Sako Musterd*  
   - Path dependency 35  
   - Initial expectations and comparisons 38  
   - The chapters to come 40  
   - References 42

4. **Stable Trajectories Towards the Creative Knowledge City? Amsterdam, Munich and Milan**  
   *Anne von Streit, Marco Bontje and Elena dell’Agnese*  
   - Introduction 43  
   - The economic base and the creative knowledge economy 44  
   - Development path: roots and current conditions of the creative knowledge economy 49  
   - Development paths: a synthesis and conclusion 61  
   - References 64
## Contents

5 Reinventing the City: Barcelona, Birmingham and Dublin 67

*Veronica Crossa, Montserrat Pareja-Eastaway and Austin Barber*

- Introduction 67
- Historical context 68
- The trajectory of industrial development 69
- The state and policy intervention 76
- The challenge of soft factors 85
- Conclusions 89
- References 91

6 Institutional Change and New Development Paths: Budapest, Leipzig, Poznan, Riga and Sofia 93

*Tadeusz Stryjakiewicz, Joachim Burdack and Tamás Egedy*

- Introduction 93
- Socio-economic characteristics of the study areas 95
- Development pathways shaping the city profiles and the role of the systemic change 99
- Determinants of development of the creative knowledge sector 106
- Conclusions 109
- Acknowledgements 110
- References 110

7 Changing Specialisations and Single Sector Dominance: Helsinki and Toulouse 113

*Hélène Martin-Brelot and Kaisa Kepsu*

- Setting the context – Helsinki and Toulouse 115
- Pathways to knowledge-driven economies 119
- Knowledge driving economic development: sciences, industries and policies 126
- Future challenges 129
- Conclusion and discussion 130
- References 132

PART III ACTORS 135

8 What Works for Managers and Highly Educated Workers in Creative Knowledge Industries? 137

*Sako Musterd and Alan Murie*

- Introduction 137
- Three groups of actors and a range of conditions 139
- The following chapters 142
- References 143
9 Managers and Entrepreneurs in Creative and Knowledge-Intensive Industries: What Determines Their Location?
Toulouse, Helsinki, Budapest, Riga and Sofia 145
Evgenii Dainov and Arnis Sauka
Introduction: places matter 145
Cities and the creative class: major conceptual challenges 146
Characteristics of the cities: a brief overview 148
Location decisions: ‘individual trajectory’ considerations and ‘hard’ factors 150
Location decisions: the role of ‘soft’ factors 151
In-city location decisions 154
Capital city versus provincial city location decisions 156
Policymaking: ‘soft’, ‘hard’ or ‘other’? 157
Conclusions and implications 159
Acknowledgement 161
References 161

10 Transnational Migrants in the Creative Knowledge Industries:
Amsterdam, Barcelona, Dublin and Munich 163
Heike Pethe, Sabine Hafner and Philip Lawton
Introduction 163
Conceptualising transnational migrants and the creative class 164
Places and potentials 167
The attractiveness of European metropolitan regions 174
Conclusion 185
Acknowledgments 188
References 189

11 Attracting Young and High-Skilled Workers: Amsterdam, Milan and Barcelona 192
Montserrat Pareja-Eastaway, Marco Bontje and Marianne d’Ovidio
Introduction 192
Competing for young, high-skilled workers 194
Young and high-skilled workers in European cities 196
The Amsterdam, Barcelona and Milan city-regions 200
Conclusions 205
References 206

12 Working on the Edge? Creative Jobs in Birmingham, Leipzig and Poznan 208
Julie Brown, Robert Nadler and Michal Meczynski
Introduction: creative work – precariousness, uncertainty and risk? 208
Methodology 211
Insecure, casualised or long-term, sustainable employment? 213
PART IV  POLICIES  

13  What Policies Should Cities Adopt?  
*Alan Murie and Sako Musterd*

Introduction  
What should cities do?  
European cities  
Which policy agendas?  
Networking policy  
The following chapters  
References  

14  Strategic Economic Policy: Milan, Dublin and Toulouse  
*Silvia Mugnano, Enda Murphy and Hélène Martin-Brelot*

Introduction  
Distinctive policy traditions  
Existing strengths in creative knowledge policy  
New strategic economic policy approaches  
Key actors in entrepreneurial cities  
Addressing barriers and obstacles  
Conclusion and new challenges  
References  

15  Beyond Cluster Policy? Birmingham, Poznan and Helsinki  
*Caroline Chapain, Krzysztof Stachowiak and Mari Vaattovaara*

Introduction  
The cluster policy paradigm  
The state of the creative and knowledge economy  
Supporting the creative and knowledge economy: 
three approaches  
Conclusions  
Acknowledgments  
References  

16  Policies for Firms or Policies for Individuals? Amsterdam, Munich and Budapest  
*Zoltán Kovács, Heike Pethe and Manfred Miosga*

Introduction  
Do policies help in competition? – a theoretical framework  
Economic development and political conditions  

The creative and knowledge sector and policies enhancing its development 294
Conclusions 302
References 303

17 New Governance, New Geographic Scales, New Institutional Settings 306
Bastian Lange, Marc Pradel i Miquel and Vassil Garnizov
Introduction 306
Conceptual prerequisites: understanding governance in creative and knowledge industries 308
New governance dimensions 309
Professionalisation – self-regulation and self-governance of new professions 310
Towards new geographical scales? 312
Governance approaches in Barcelona, Leipzig and Sofia 314
Knowledge-intensive industries in regard to governance perspectives 321
Conclusions 322
Acknowledgements 324
References 324

PART V SYNTHESIS 327
18 Synthesis: Re-making the Competitive City 329
Sako Musterd and Alan Murie
Introduction 329
A city is not a T-shirt 331
Multi-layered cities: the importance of pathways 333
Personal actor networks: key conditions 338
New governance approaches 344
Conclusion 347
References 349
