bipolar and related disorders, 134, 136
depressive disorders, 167–168, 170
disruptive, impulse control, and conduct disorders, 410, 412
dissociative disorders, 285, 286
elimination disorders, 350, 351
examples of reputable online mental health sites, 25–26
feeding and eating disorders, 334, 335
gender dysphoria, 390, 391
neurocognitive disorders (ND), 475, 476
neurodevelopmental disorders, 63, 64
obsessive–compulsive and related disorders, 27, 239–240, 241
overview of the, 3, 25–26
paraphilic disorders, 548
personality disorders, 526, 527
schizophrenia spectrum and other psychotic disorders, 96, 98
sexual dysfunctions, 379, 380
sleep–wake disorders, 364, 365
somatic symptom and related disorders, 305, 308
substance-related and addictive disorders, 452, 453
trauma- and stressor-related disorders, 269–270
Adjustment disorders
assessment, 263–264
case study, 245
children and adolescents with, 246, 261, 262
client characteristics, 262
comorbidity with, 263, 450, 551
intervention strategies for, 264–267
overview and description of, 6, 246, 260–261
preferred therapist characteristics, 263
prognosis, 267
suicide and, 262–263, 266–267, 551, 554
Adolescent Dissociative Experiences Scale–II (A–DES), 282
Adolescents
ADHD assessment in, 52–53
adjustment disorders in, 261
alcohol use and binge drinking by, 423–424
anorexia nervosa (AN) in, 316–322
antisocial personality disorder (APD) in, 492
Autism Spectrum Disorder (ASD) in, 43, 48
avoidant personality disorder, 516
avoidant/restrictive food intake disorder (ARFID) in, 314–316
binge eating disorder in, 326–331
Bipolar I disorder, 111–114, 119
brief psychotic disorder, 75
bulimia nervosa (BN) in, 322–326
cannabis-related disorders treatment of, 435
energy drinks abuse by, 431–432
gender dysphoria in, 387–388
generalized anxiety disorder (GAD) in, 207
inhalant-related disorders in, 438
major depressive disorder (MDD), 156–157
prognosis, 267
residential treatment of, 13
Adolescents (continued)
    schizophreniaiform disorder, 78
    suicide and self harm, 553–554, 557
    tobacco-related disorders among, 445

  client characteristics, 404–405
  description of, 403–404
  preferred therapist characteristics and intervention strategies, 406–407
  prognosis, 407

Racial/ethnic differences
  alcohol-related disorders, 420–421
  ALDH2*2 allele in Asian populations, 421
  gender dysphoria and, 386
  personality disorders and ethnicity, 481
  therapist awareness of, 12, 557

Reactive attachment disorder (RAD)
  assessment and preferred therapist characteristics, 250
  client characteristics, 249–250
  intervention strategies, 250–252
  overview and definition of, 247–248
  prognosis, 252

Reading disorders, 57–58

Reasons for Living Questionnaire (RFL), 556–557

Reasons for Quitting Questionnaire, 435

Relapse prevention
  mindfulness–based relapse prevention (MBRP), 426–427
  paraphilic disorders, 539
  techniques for alcohol disorder, 427

Relaxation techniques, 16, 56, 61, 179, 191, 197, 200, 258, 293, 377, 524

Repetitive transcranial magnetic stimulation (rTMS), 118, 156

Residential treatment, 13, 49, 428, 441, 445, 471, 496, 497, 540

Resistance to change, 6–7

Revised Diagnostic Interview for Borderline Patients (DIB–R), 507

Ritalin, 24, 55, 443

Rogerian conditions for change, 7

Rumination disorder, 313–314
Schedule for Affective Disorders and Schizophrenia for School-Age Children, 154
Schema therapy 488, 496, 508, 513–514, 520–521, 524
Schizoaffective disorder, 87–92
Schizoid personality disorder
  assessment, 486
  client characteristics, 486–487
  description of, 485–486
  intervention strategies, 487–488
  preferred therapist characteristics, 487
  prognosis, 488
Schizophrenia
  assessment of, 81–82
  client characteristics of, 79–81
  description of the disorder, 78–79
  diagnosis in childhood, 79
  intervention strategies for, 82–86
  preferred therapist characteristics, 82
  prognosis, 86–87
  PTSD symptoms may mimic symptoms of, 79, 81
  symptoms and "negative symptoms" of, 78
Schizophrenia spectrum and other psychotic disorders
  brief psychotic disorder, 74–76
