1 The history of children’s perioperative care – Jeremy Jolley 1
   Why history is important 1
   What is perioperative nursing? 1
   A brief history of perioperative nursing 2
   An overview of the history of surgery 3
   The development of perioperative nursing 5
   Key discoveries in perioperative care 6
   Early beginnings of surgery for children 7
   The growth of paediatric surgery 9
   Conclusion: perioperative nursing of children 10
   References 11

2 The psychosocial care of children in the perioperative area – Linda Shields 13
   Children’s perceptions of the operating theatre 13
   The effect of hospitalisation on children 14
   Models of care 16
   The presence of parents 19
   Play in the operating theatre suite 20
   Emotional, social and spiritual needs of the patient 20
   Conclusion 21
   References 21

3 Care of the child in the operating room – Linda Shields and Ann Tanner 23
   Preparation of children for theatre 23
   Admission prior to surgery 24
   Observation 25
   Weight 25
   Surgical history 25
   Medical history 25
   Medications 27
   Body/site preparation 27
   Pre-admission clinic 27
   Emergency admission 28
## Contents

Day of surgery admission 29  
Reception in the operating suite 30  
Registration on entrance to the OR 31  
Fasting 31  
Other things to check on admission to the OR 32  
Safety of children in the operating theatre 33  
Specific safety issues for children during induction 33  
Post anaesthetic/post operative 34  
Standing orders 36  
Conclusion 37  
References 37

### 4 Nursing care and management of children’s perioperative pain – Bernie Carter and Denise Jonas

- Introduction 39  
- Preparing and teaching children and parents about pain 41  
- Agency, education and training of health care professionals 42  
- Assessing children’s pain 43  
- Core approaches to pain assessment 44  
- What tools to consider using with particular groups of children 46  
- Non-pharmacological interventions 46  
- Overview of pharmacological intervention 47  
- Routes of administration 48  
- Other local anaesthetic infusions 55  
- Discharge home 55  
- Conclusion 56  
- References 56

### 5 Surgical procedures on children – Linda Shields and Ann Tanner

- Introduction 66  
- Common surgical procedures performed on children 66  
- Acknowledgement 96  
- References 96

### 6 Day surgery for children – Ann Tanner

- Day procedure centres 101  
- Pre-admission preparation 101  
- Admission to the day procedure centre: preparations for surgery 105  
- Compartment syndrome 112  
- Admission to theatre 112  
- Ward stage recovery: post-operative care 113  
- Conclusion: support at home 116  
- References 116

### 7 Anaesthesia in children – Wendy McAlister

- Introduction: What is anaesthesia? 119  
- The anaesthetic nurse 119
