14. If the business disappeared tomorrow, what impact would this have on the customer base?  

Chapter 4  
**Evaluating the Strengths and Weaknesses of a Business and Industry**  
15. Does the business have a *sustainable* competitive advantage and what is its source?  
16. Does the business possess the ability to raise prices without losing customers?  
17. Does the business operate in a good or bad industry?  
18. How has the industry evolved over time?  
19. What is the competitive landscape, and how intense is the competition?  
20. What type of relationship does the business have with its suppliers?  

Chapter 5  
**Measuring the Operating and Financial Health of the Business**  
21. What are the fundamentals of the business?  
22. What are the operating metrics of the business that you need to monitor?  
23. What are the key risks the business faces?  
24. How does inflation affect the business?  
25. Is the business’s balance sheet strong or weak?  
26. What is the return on invested capital for the business?  

Chapter 6  
**Evaluating the Distribution of Earnings (Cash Flows)**  
27. Are the accounting standards that management uses conservative or liberal?  
28. Does the business generate revenues that are recurring or from one-off transactions?  
29. To what degree is the business cyclical, countercyclical, or recession-resistant?  
30. To what degree does operating leverage impact the earnings of the business?  
31. How does working capital impact the cash flows of the business?  
32. Does the business have high or low capital-expenditure requirements?  

Chapter 7  
**Assessing the Quality of Management—Background and Classification: Who Are They?**  
33. What type of manager is leading the company?  
34. What are the effects on the business of bringing in outside management?
35. Is the manager a lion or a hyena? 183
36. How did the manager rise to lead the business? 186
37. How are senior managers compensated, and how did they gain their ownership interest? 192
38. Have the managers been buying or selling the stock? 202

Chapter 8 Assessing the Quality of Management—Competence: How Management Operates the Business 209
39. Does the CEO manage the business to benefit all stakeholders? 210
40. Does the management team improve its operations day-to-day or does it use a strategic plan to conduct its business? 213
41. Do the CEO and CFO issue guidance regarding earnings? 219
42. Is the business managed in a centralized or decentralized way? 222
43. Does management value its employees? 225
44. Does the management team know how to hire well? 239
45. Does the management team focus on cutting unnecessary costs? 247
46. Are the CEO and CFO disciplined in making capital allocation decisions? 248
47. Do the CEO and CFO buy back stock opportunistically? 250

Chapter 9 Assessing the Quality of Management—Positive and Negative Traits 255
48. Does the CEO love the money or the business? 256
49. Can you identify a moment of integrity for the manager? 264
50. Are managers clear and consistent in their communications and actions with stakeholders? 268
51. Does management think independently and remain unswayed by what others in their industry are doing? 275
52. Is the CEO self-promoting? 276

Chapter 10 Evaluating Growth Opportunities 281
53. Does the business grow through mergers and acquisitions, or does it grow organically? 281
54. What is the management team’s motivation to grow the business? 282
55. Has historical growth been profitable and will it continue? 283
56. What are the future growth prospects for the business? 284
57. Is the management team growing the business too quickly or at a steady pace? 296
## Contents
