# CONTENTS

**Figures, Tables, Exhibits**  xi
**Preface**  xvii
**The Authors**  xxiii

1  **A General Framework to Study Vulnerable Populations**  1
   Learning Objectives  1
   Why Study Vulnerable Populations?  3
   Models for Studying Vulnerability  8
   The Vulnerability Model: A New Conceptual Framework  18
   Summary  33
   Key Terms  33
   Review Questions  34
   Essay Questions  34

2  **Community Determinants and Mechanisms of Vulnerability**  35
   Learning Objectives  35
   Race and Ethnicity  36
   Socioeconomic Status  49
   Health Insurance  72
   Multiple Risk Factors  85
   Summary  90
   Key Terms  91
3 The Influence of Individual Risk Factors 93
Learning Objectives 93
Racial and Ethnic Disparities 94
Socioeconomic Status Disparities 110
Health Insurance Disparities 124
Summary 135
Key Terms 135
Review Questions 135
Essay Question 136

4 The Influence of Multiple Risk Factors 137
Learning Objectives 137
Health Care Access 141
Quality of Health Care 152
Health Status 164
Summary 176
Key Terms 176
Review Questions 177
Essay Questions 177

5 Current Strategies to Serve Vulnerable Populations 179
Learning Objectives 179
Programs to Eliminate Racial and Ethnic Disparities 185
Programs to Eliminate Socioeconomic Disparities 198
Programs to Eliminate Disparities in Health Insurance 209
Summary 217
Key Terms 218
Review Questions 218
Essay Questions 218
6 Resolving Disparities in the United States 221
Learning Objectives 221
The Healthy People Initiative 222
Framework to Resolve Disparities 230
Resolving Disparities in Health and Health Care 234
Integrative Approaches to Resolving Disparities 256
Challenges and Barriers in Implementing the Strategies 267
Course of Action for Resolving Disparities 272
Summary 281
Key Terms 281
Review Questions 282
Essay Questions 282
