1 Introduction Jonathan Reed and Jody Warner-Rogers 1

Part I Key Concepts 5

2 The Importance of Tracing Developmental Trajectories for Clinical Child Neuropsychology Dagmara Annaz, Annette Karmiloff-Smith, and Michael C. S. Thomas 7

3 Child Brain Development Hans J. ten Donkelaar 19

4 Genetics of Learning Abilities and Disabilities: Implications for Cognitive Neuroscience and Translational Research Yulia Kovas and Robert Plomin 46

5 Brain Plasticity: Evidence from Children with Perinatal Brain Injury Judy S. Reilly, Susan C. Levine, Ruth Nass, and Joan Stiles 58

6 Neuroimaging in Child and Adolescent Psychiatric Disorders Paramala J. Santosh and Ruksana Ahmed 92

7 The Concept and Development of General Intellectual Ability Mike Anderson 112
Part II  Theory of Neuropsychological Development  137

8  The Neuropsychology of Language Development  139

Frederic Dick, Robert Leech, and Fiona Richardson

9  The Neuropsychology of Visuospatial and Visuomotor Development  183

Janette Atkinson and Marko Nardini

10 The Neuropsychology of Children’s Memory  218

Arthur MacNeill Horton, Jr. and Henry Soper

11 The Neuropsychology of Attention Development  235

Maxine Sinclair and Eric Taylor

12 Executive Functions and Development  264

Claire Hughes and Andrew Graham

13 Self-regulation in the Developing Brain  285

Rebecca M. Todd and Marc D. Lewis

14 Social Neuroscience  316

Simon Baron-Cohen and Bhismadev Chakrabarti

15 Reading  340

Usha Goswami

16 Developmental Dyscalculia  357

Brian Butterworth

Part III  Practice  375

17 Neuropsychological Assessment in a Neurological Setting  377

Ingram Wright and Peta Sharples

18 Neuropsychological Assessment in Child Mental Health Contexts  390

Ian Frampton

19 Applications of Neuropsychology in Schools  404

Sue Harrison and Jane Hood

20 Neuropsychological Assessment in Medical Contexts  421

Sarah Helps

21 A Clinician’s Guide to Child Neuropsychological Assessment and Formulation  432

Jody Warner-Rogers and Jonathan Reed

Index  450

Plate section falls between pages 238 and 239
