## Chapter 1  The case for nursing theory  
1

Introduction 2  
The necessity and meaning of theory 4  
Theory defined 5  
Construction of theory 9  
Theory and science of nursing 11  
Other interpretations of theory 13  
Main paradigms and philosophies and their influence on the development of nursing science 14  
Theory and practice of nursing 16  
Do we really need theory? 18  
Nursing theories today 18  
Conclusion 21

## Chapter 2  Knowing in nursing and nursing knowledge  
23

Introduction 24  
Defining knowing and knowledge 24  
Philosophies of knowledge 25  
How do nurses know? 35  
Developing nursing knowledge 48  
Conclusion 52

## Chapter 3  Theory from practice and practice from theory  
53

Introduction 54  
First steps – reflecting on theory 54  
The questions begged 55  
Developing nursing theory 56  
Levels of theory 58
# Contents

The relationship between theory and practice 69  
The questions begged – some answers 76  
Conclusion 77  

**Chapter 4**  
Nursing theories and new nursing roles 79  
  
Introduction 80  
Defining role 81  
Background to the development of new roles in nursing 81  
Some implications of the new nursing roles 84  
Using theory to understand new roles in nursing 85  
Conclusion 97  

**Chapter 5**  
Nursing theories or nursing models 99  
  
Introduction 100  
Reasons for historical nursing theory evolution 100  
Model 102  
Theory 103  
Theory or model? 104  
The classification of theories 106  
Current trends in nursing theories 109  
The nursing metaparadigm 110  
Limitations of nursing theories 114  
Benefits of nursing theories 118  
Conclusions 121  

**Chapter 6**  
Interpersonal relationships: the essence of nursing models and theories 123  
  
Introduction 124  
Types of interpersonal relationships 124  
Interpersonal theories of nursing 127  
Implications for nurse education 133  
Social capital 135  
Threats to the development of interpersonal relationships in nursing and the use of interpersonal theories 136  
Conclusion 138  

**Chapter 7**  
How to select a suitable model or theory 140  
  
Introduction 141  
Selecting an appropriate nursing theory 142  
Potential problems when selecting a nursing theory 143  
Choosing a suitable nursing theory 150  
Nurses’ own philosophy as a basis for selecting a theory 153  
A strategy for choice 154  
Who should select the theory? 155  
Nursing theories or theories developed by another discipline? 156  
Conclusion 158
