Abbreviations, common, in veterinary medicine, 9–10
Abyssinian cat breed, 40
Acceptance, grief and, 127, 129
Acceptance period, 54
Acetabulum, 14, 15
Acquired (specific) immunity, 72
Active immunity, 72
ACVN. See American College of Veterinary Nutrition
Adderall, 121
Adson-Brown thumb tissue forceps, 89
Adson 1 x 2 thumb tissue forceps, 90
Adr, 79
Age of pets, evaluating, 61
Aggression
- canine aggressive body language, 21
- in cats
- aggressive/conflicted expression, 25
- body posture of, 24
Air sacs, avian, 100
AKC. See American Kennel Club
Allalords, 79
Allantoischorion membrane, 57
Allergic reactions to vaccines, symptoms of, 73
Alla tissue forceps, 90
Alprazolam, 121
American Animal Hospital Association abbreviation guide, 140
- canine vaccination guidelines, 73
- feline vaccination guidelines, 75
- Standards of Accreditation, 136
American Association of Feline Practitioners, feline vaccination guidelines, 73
American Bobtail cat breed, 40
American College of Veterinary Nutrition, 33
American Cym Cat Club, 55
American Veterinary Medical Association, 3, 4, 39, 147
American Wirehair cat breed, 40
American Bobtail cat breed, 40
American Wirehair cat breed, 40
Amphatamine, 121
Anatomy, 11–19
- appendicular skeleton, 14–16
- axial skeleton, 15–14
- body systems, 16
- branches of science, 16
- common veins, 16–17
- defined, 15
- directional terms, 11, 12, 13, 13
- external, 15, 16, 16–17, 17
- internal and external, root words, 9
- internal structures of thorax, 19
- muscles, 17–18
- urogenital system, 18
- Anestria, 58
Anger, grief and, 127
Angry clients, dealing with, 132
Animal body language
- canine, 21–24
- equine, 111–112
- feline, 24–26
- Anisodactyl feet, 99
Anterior, 11, 22
Antihistamines, 79
Antibiotics, 79, 122
Antibodies, 79, 122
Antibodies, 72, 72r
Antigens, 72
Antiserum, 72
Ara, 18, 18
Apatite, 110
Appendicular skeleton
- appendicular skeleton, 107
- hindlimb bones, 14, 14
- hindlimb bones, 14–15, 13
- Appointments, making, 27
- Arachidonic acid, 32
- Arrhythmias, pulse deficits and, 75–76
- Arthritis, in dogs, 50
- Artificial active immunity, 72r
- Artificial insemination, 54
- Artificial passive immunity, 72r
- Aspergillosis, 87
- Aspartic technique, 87
- Ash, 33
- Assessment, medical record and, 140
- Attire, 121
- Atropine, 79
- Attitude, client management and, 132
- Aural hematomas, 78
