# Chapter Index

## PART ONE: FABRIC CHARACTERISTICS AND BODY SHAPE

### Chapter 1  Fabric characteristics and garment shapes
- Fabric characteristics 8
- Fabric characteristics and garment toiles 11
- Fabric characteristics and body shapes 12

### Chapter 2  Fabric testing
- Testing methods and fabric characteristics 16
- The simple testing methods 16
- Fabric weight 17
- Fabric thickness 18
- Fabric drape 19
- Fabric shear 20
- Fabric stretch 21
- Fabrics and 3D CAD images 22

### Chapter 3  Selecting fabrics
- Fabrics and fibres 26
  - Natural fibres and fabrics 28
    - Cotton 28
    - Flax (linen) 31
- Blends and mixtures 36
  - Man-made fibres and fabrics 39
    - Silk 32
    - Wool: hair 35
    - Acetate 40
    - Polyamide (nylon) 43
    - Polyester 44
    - Acrylic 47
    - Elastane 48
  - Other fibres and fabrics 48
    - Blends and mixtures 51
    - Man-made and natural fibres 52
    - Coatings and laminates 55
    - Leather: fur 58
    - Non-textile fabrics 58
    - Fabric names and finishes 58
    - Names of major garment fabrics 59
    - Names of leather and fur 59
    - Names of interlinings 59
    - Fabric finishes and pattern cutting 59

## PART TWO: FABRICS AND SIMPLE PATTERN CUTTING

### Chapter 4  Simple ‘flat’ cutting
- Very basic shapes 62
  - Simple geometric shapes: the bell and the balloon 62
  - Simple geometric shapes: the triangle 65
  - Geometric cutting: shaped overlays 66
  - Geometric cutting: trousers 69
- Simple ‘flat’ body shapes 70
  - Geometric cutting: the basic grid 70
  - The simple kimono block: angled sleeve 73
  - The simple kimono block: widened sleeve angle 74
  - The simple kimono block: gussets 77
  - The simple kimono block: dolman sleeve 78

### Chapter 5  Simple ‘form’ cutting
- The bust and shoulder darts 80
  - Transferring the bust and shoulder darts 81
  - Darts and the balanced body shape 82
  - Darts in seams 85
  - The bust dart in ‘cut and spread’ 86
  - The bust dart in overlays 89
  - The easy fitting overshape block: simple jackets and coats 90
  - The easy fitting overshape block: extravagant flare 93
PART THREE: FABRICS AND THE BODY FORM

Chapter 6  Cutting to fit the body form (woven fabrics)
Basic close fitting waist shaping (dress blocks) 96
Horizontal close fitting body shaping (dress blocks) 99
Classic semi-fitting waist shaping (jacket blocks) 100
More complex close body shaping (jacket and dress blocks) 103
Classic easy fitting body shaping (jacket block) 104

Chapter 7  Crossway cutting
Crossway cutting: classic shaping 108
Crossway cutting: cutting closer to the body 111
Crossway cutting: closer fitting cowl back 112
Crossway cutting: easier fitting 115

PART FOUR: FABRICS AND COMPLEX CUTTING

Chapter 9  Complex ‘flat’ cutting
Complex ‘flat’ cutting – knitted fabrics
Complex ‘flat’ cutting: coat 136
Complex ‘flat’ cutting: dress 139
Geometric ‘flat’ cutting: trousers 140

Complex flat cutting – woven and leather fabrics
Complex ‘flat’ cutting: coat – lambskin 143
Complex ‘flat’ cutting: jacket 144
Complex ‘flat’ cutting: using the shirt block 147
Creating a ‘flat’ body map for cutting 148

Chapter 10  Supporting fabrics
Structure: fitting the body 150
Structure: padding 153
Structure: mounting 154
Structure: classic and exaggerated shapes 157

Chapter 11  Combining fabrics
Combining fabrics: simple insertions 160
Combining fabrics: complex insertions 163
Combining fabrics: combination of fabrics and techniques 164
Combining fabrics: appliqué 167
Combining fabrics: framing fabrics 168

PART FIVE: BASIC TEXTILE TECHNOLOGY

Chapter 12  Basic textile technology
Fibres 172
Yarns 174
Fabric construction 175

Crossway cutting and draped sections 116
Crossway cutting and mixing the fabric grains 119

Chapter 8  Stretch fabrics and the body form
Stretch fabrics – knitted
Very close fitting blocks 122
Close fitting blocks 125
Cutting with dart and seam shaping 126

Stretch fabrics – woven
Close fitting bodice shaping 129
Close fitting skirt shaping 130
Simple coat shape – comparisons of fabric stretch 133

Fabric finishes 176
Fabric production 177
New developments in fabric processes 178
Ecology 181
PART SIX: MODEL FIGURES AND GARMENT BLOCKS

Chapter 13  Model stands and figures to reproduce
The model stands – front and right views 184
The model stands – back and left views 185
Figures front views – model poses A B C D 186
Figures front views – model poses E F G 187
Figures back views – model poses A B C D 188
Figures back views – model poses E F G 189
Figures side views – model poses A E F 190
Figures extra front views – model poses H I J 191
Figures extra front views – model poses K L M 192

Chapter 14  Creating the one-fifth and full-scale blocks (methods – manual, CAD or Internet access)
Basic blocks 194
The basic grid 195
Shaped kimono block 197
Shirt block 198
Knitted fabric leggings 200
Knitted fabric body shapes 201
Close fitting jacket block 203
Easy fitting jacket block 204
Easy fitting over shape 205
Skirt block 207
Close fitting bodice (dress) block 208
Lingerie block 209
Two-piece easy fitting trouser block 211
One-piece easy fitting trouser block 212
Full-size blocks from the Website – printing on A0 printers 213
Printing full-size blocks from an A4 printer 214
