Preface xviii
Introduction xix

1 Stomas: The Past, Present and Future 1
Jennie Burch
Introduction 1
The history of stomas 1
Stomas 3
Stoma care nursing 7
Roles of the stoma specialist nurse 8
Present day stoma care 9
Support groups 10
The future of stoma care 10
References 11

2 Anatomy and Physiology of the Urinary and Gastrointestinal System 14
Jennie Burch
Introduction 14
The skin 14
Wound healing process 17
The abdominal wall 18
The peritoneum 19
The gastrointestinal tract 19
The digestive process 20
The bowel wall 21
Blood supply 22
Lymphatic supply 22
Mouth 23
Oesophagus 23
Stomach 23
Small intestine 25
Duodenum 25

Contents

Medical therapy for IBD 63
Dietary therapy for IBD 67
Surgery for Crohn’s disease 67
Surgery for ulcerative colitis 68
Malignancy in ulcerative colitis 69
Malignancy in Crohn’s disease 69
Extra-intestinal manifestations 69
Other medical issues in IBD 70
Fertility in IBD 70
Patient education 71
Conclusion 71
References 72

5 Familial Adenomatous Polyposis 75
Jacquie Wright and Kay Neale
Introduction 75
The Polyposis Registry and research 75
Diagnosing FAP 76
Bowel screening of relatives ‘at-risk’ 78
Surgery 78
Colectomy with IRA 79
Restorative proctocolectomy 79
Total/panproctocolectomy 80
Upper GI disease 80
Extra-colonic manifestations (ECMs) 81
Desmoid disease 82
An accessible expert centre 83
References 85

6 Continence 86
Julie Duncan and Christine Norton
Introduction 86
Normal bladder and bowel control 86
Risk factors for incontinence 87
Obstetric trauma to the pelvic floor 87
Age 88
Investigations 89
Treatment of incontinence 90
Practical management 91
Surgical interventions 92
Conclusion 94
Useful websites 94

7 Other Conditions Leading to Stoma Formation 96
Jennie Burch
Introduction 96
Congenital malformations/anomalies 96
Cystic fibrosis 97
Diverticular disease 98
8 Surgery
Alistair Windsor and Gemma Conn
Introduction 106
Temporary stomas 106
Permanent stomas 107
Stoma formation 108
Surgical technique 109
Surgical alternatives 112
Complications 113
Enhanced recovery after surgery (ERAS) 116
Conclusion 117
References and further reading 117

9 Pre- and Post-operative Care
Steve Wright and Jennie Burch
Introduction 119
Referral to health care professionals 119
Pre-operative assessment and investigations 119
Pre-operative information 122
Bowel preparation 123
Meeting another ostomate 124
Informed consent 124
Stoma siting assessment 125
Cultural/religious issues related to siting 127
Stoma siting 127
Pre-operative fasting 128
Post-operative aims 128
10 Intestinal Pouches
Zarah Perry-Woodford
Introduction 142
The coloanal or colonic ‘J’ pouch 142
The Kock pouch/reservoir 143
The ileoanal pouch 144
Patient suitability and selection 145
The ‘S’, ‘J’ or ‘W’ pouch 145
Pre-operative counselling (surgical vs. medical approach) 146
Post-operative care 148
Anal skin care 148
Fertility, pregnancy and childbirth 149
Pouch absorption and diet 151
Problems following RPC 152
Research and current development 156
Laparoscopic surgery 157
Probiotics 158
Quality of life 158
Nursing developments 158
References 159

11 Urinary Diversion
Sharon Fillingham
Introduction 163
Reasons for urinary diversion 163
Urostomy 163
Colonic conduit 164
The ileal conduit 164
12 Appliances
Jo Sica and Jennie Burch

Introduction 183

History of stoma care products 183

Modern pouches 185

Colostomy appliances 185

Ileostomy appliances 186

Urostomy appliances 186

Additional drainage bags 187

One- and two-piece appliances 188

Adhesive coupling system 188

Toilet flushable colostomy appliances 188

Stoma caps 189

Stoma plug 190

Appliances for high-output stomas 190

Fistula appliances 191

Convex flanges 191

Stoma accessories 192

Protective wafers/sheets 192

Skin cleansers 193

Paste 193

Seals and washers 194

Flange securing tape 194

Ostomy belts 194

Adhesive 194

Adhesive removers 195

Odour treatment options 195

Protective powder 195

Protective film 195

Protective cream 196

Pancaking prevention agents 196

Discharge solidifying agents 196

Pouch clips and soft ties 197

Pouch covers 197

Flatus filters 197

Hernia support garments 197

Protective shields 198

Clothing 198

Stoma appliance costing 198

Conclusion 199
