## 1 Introduction to Meridians

*Huisheng Xie and Vanessa Preast*

### Jing-Luo System

- A. Discovery of the Jing-Luo System 3
- B. The 12 Regular Channels 5
- C. The 8 Extraordinary Channels (Qi-Jing-Ba-Mai) 6
- D. The 14 Regular Channels 7
- E. The 15 Collaterals 9
- F. The 12 Divergent Meridians (Shi-Er-Jing-Bie) 10
- G. The 12 Muscle Regions (Shi-Er-Jing-Jin) 10
- H. The 12 Cutaneous Regions 10

### Root, Basis, Manifestation, and Branch of Meridians

- A. The Basis (Ben) and Manifestation (Biao) 10
- B. The Root (Gen) and Branch (Jie) 10

### Qi Streets and Four Seas of the Meridians

- A. The Qi Streets (Qi-Jie) 11
- B. Four Seas (Si-Hai) 11

### Functions of the Jing-Luo

- A. Physiological Aspects 11
- B. Pathological Aspects 12
- C. Therapeutic Aspects 12

## 2 Introduction to Acupuncture Points

*Huisheng Xie and Vanessa Preast*

### Nomenclature of Acupoints

- A. Traditional Nomenclature System 13
- B. Western Nomenclature System 13

### Classification of Acupoints

- 14

### Therapeutic Effects of Acupoints

- A. General Therapeutic Effects 15
- B. Special Acupoints 15

### Methods to Locate the Points

- A. The Acupuncture Unit of Measurement of the Body 24

## 3 Equine Transpositional Acupoints

*Huisheng Xie and Lisa Trevisanello*

### Lung Channel 27
### Large Intestine Channel 29
### Stomach Channel 34
### Spleen Channel 41
### Heart Channel 46
### Small Intestine Channel 48
### Bladder Channel 53
### Kidney Channel 60
### Pericardium Channel 64
### Triple Heater Channel 66
### Gallbladder Channel 70
### Liver Channel 75
### Governing Vessel Channel 78
### Conception Vessel Channel 82

## 4 Equine Classical Acupoints

*Huisheng Xie and Kosei Yamagiwa*

### Head Regions 89
### Trunk and Tail Regions 95
### Thoracic Limb Regions 104
### Pelvic Limb Regions 110
### Extra Points 117
### Ear Points 123
### Acupuncture Analgesia Points 126

## 5 Canine Transpositional Acupoints

*Cheryl Chrisman and Huisheng Xie*

### Lung Channel 134
### Large Intestine Channel 137
### Stomach Channel 141
CONTENTS

Spleen Channel 149
Heart Channel 154
Small Intestine Channel 156
Bladder Channel 160
Kidney Channel 169
Pericardium Channel 174
Triple Heater Channel 176
Gallbladder Channel 182
Liver Channel 190
Governing Vessel Channel 194
Conception Vessel Channel 200
Overview of the Most Commonly Used Transpositional Acupoints 204

6 Canine Classical Acupoints 217
Cheryl Chrisman and Huisheng Xie

Head and Neck Regions 217
Trunk and Tail Regions 222
Thoracic Limbs 228
Pelvic Limbs 232

7 General Rules of Acupuncture Therapy 235
Huisheng Xie and Vanessa Preast

Six Basic Acupuncture Methods 235
A. Tonifying and Reducing Methods 235
B. Warming and Cooling Methods 237
C. Ascending and Descending Method 237

Five General Principles to Select Acupuncture Points 238
A. Selection of Local Points 238
B. Selection of Distant Points 238
C. Selection of Symptomatic Points 238
D. Selection of Balance Points 238
E. Selection of Special Points 239

Eight Methods for Deficiency Pattern 239
A. General Tonic Points 240
B. Source (Yuan) Point 240
C. Influential Point 240
D. Back-shu Association Points or Front-mu Alarm Points 240
E. Mother Point on That Channel 241
F. Five Levels of Five-Shu Points 241
G. Hind Limb Yin Channel He-Sea Points 241
H. Four-Point Techniques 241

Eight Methods for Excess 242
A. Local Points 242
B. Master Points 242
C. Influential Points 243
D. Back-shu Associate Points or Front-mu Alarm Points 243
E. Energetic Points 243
F. Five Levels of Five-Shu Points 243
G. The Child Point 243
H. Other Eight Methods 243

8 Acupuncture for Treatment of Musculoskeletal and Neurological Disorders 247
Huisheng Xie and Vanessa Preast

Bi Syndrome 247
Facial Paralysis 251
Shoulder Pain 252
Scapula-Chest Pain (Jia-qi Pain) 253
Elbow Pain 253
Paralysis of the Radial Nerve 254
Carpal Pain 254
Bucked Shins 254
Splints 255
Tendon and Ligament Problems 256
Fetlock and Pastern Pain 256
Heel and Hoof Pain 257
Hip Pain 258
Sciatic and Femoral Nerve Paralysis 259
Stifle Pain 259
Hock Pain 260
Cervical Bi Syndrome and Wobbler’s Syndrome 260
Equine Protozoal Myeloencephalitis (EPM) 261
Lyme Disease 262
Laryngeal Paralysis or Hemiplegia 262
Tying up (Exertional Rhabdomyolysis) 262
Anhidrosis 263
Seizures 263

9 Acupuncture for Internal Medicine 267
Huisheng Xie

Common Cold (Shang-feng) 267
Cough (Ke-Sou Syndrome) 267
Dyspnea and Asthma (Chuan zheng) 270
Nasal Congestion and Discharge 272
Anorexia Syndrome 274
Vomiting 276
Diarrhea 279
Abdominal Pain (Colic) 283
Impaction and Constipation (Jie Zheng) 285
Jaundice Syndrome (Huang-dan) 286
Wei Syndrome 287
Shen Disturbance 290
Heart Failure 292
Edema Syndrome 295
Renal Failure 296
Lin Syndrome 298
Infertility 300
Diabetes 302
Cushing’s Disease 304
Hypothyroidism 306
Hyperthyroidism 307

10  Acupuncture for Acute and Miscellaneous Conditions 309

Huisheng Xie

Syncope and Collapse 309
High Fever 309
Hemorrhage 311
Eye Problems 312
Otitis 314
Stomatitis and Gingivitis 314
Excessive Salivation 315
Pruritus and Skin Allergy 316
Urticaria 318
Sores and Open Wounds 319
Burns 319
Prolapse 320
Heatstroke and Sunstroke 321
Meningitis and Encephalitis 321
Hydrocephalus 322
Diaphragm Spasm (Thumps) 322
Vaginitis and Metritis 323
Edema During Pregnancy 324
Fetus Restlessness 324
Prevention of Abortion 325
Retained Placenta 325
Agalactia (Lack of Milk) 325
Mastitis 326
Poenings 326
Obesity 327
Poor Performance 327
Aging and Senility 327

11  Techniques of Veterinary Acupuncture and Moxibustion 329

Bruce Ferguson

Types and Sizes of Acupuncture Needles 329
Finding Effective Acupuncture Points 330
Techniques for Needle Insertion 330
Arrival of Qi 332
Types and Techniques of Acupuncture 332
Methods of Stimulating Acupuncture Points 333
Dry Needle Acupuncture 333
Hemoacupuncture 333
Aquapuncture 333
Pneumoacupuncture 333
Moxibustion 334
Acupuncture Effect with Electrical Devices 334
Material Implants 335
Acupuncture Needle Mishaps 335
Specialized Dry Needle Techniques 336
Scalp Acupuncture 336
Auriculotherapy 336
Tips for the Acupuncturist 336
Qi-gong Exercises 336
Position of Acupuncturist 336
Position of Patient 337
Caretaker Interference 337
Important Species-Specific Notes 337

12  Functional Neuroanatomical Physiology of Acupuncture 341

Roger M. Clemmons

Historical Evolution of Modern Acupuncture 341
Recent Advances in Acupuncture 343
Neurophysiology 344
Local Effects of Acupuncture 344
Segmental and Super-Segmental Responses to Acupuncture 344
Conclusion 346

Index 349
