1. General Introduction ..................................... 1

   1.1 What is Environmental Sustainability? ............ 4
   1.2 Linking the Consequences of Plastics .......... 8
   1.3 Plastics at Play in Contemporary Lifestyles .... 10
   1.4 Consequences of Consuming Plastics ............ 12

   1.4.1 PVC and Multilayer Plastic Worcees .......... 12
   1.4.2 Plastic Shopping Bags .......................... 14
   1.4.3 Chemical Bites to BPA (Bisphenol-A) ......... 16

2 The Plastics Cycle: The “Cyclical” Approach ......... 19

   2.1 Consumer Interface in Sustainability .......... 19
   2.2 Consequences Interface: Where and How......... 21
   2.3 The Consequences of This Book: A Chapter-by-Chapter Overview ................................. 26
