Introduction 1

Test of phonological awareness 3

Programme administration 10
Phonological training activities 10
Phonological linkage activities 12

Section 1: Identification of words as units within sentences 15
Activity 1: Introduction to the concepts of ‘beginning’, ‘middle’ and ‘end’ 16
Activity 2: Comprehension of the concepts of ‘beginning’, ‘middle’ and ‘end’ in sentences 16
Activity 3: Transferring the concepts of ‘beginning’, ‘middle’ and ‘end’ to an aural activity 17
Activity 4: Production of initial, final and medial words in sentences of two to four words 18
Activity 5: Matching counters to words in sentences of two to five words 19

Section 2: Identification and manipulation of syllables 21
Activity 1: Introduction to syllabic rhythm in poems (A) 22
Activity 2: Introduction to syllabic rhythm in poems (B) 23
Activity 3: Syllable blending (two to four syllables) 24
Activity 4: Introduction to syllable segmentation 25
Activity 5: Segmentation of words into syllables (two to four) 26
Activity 6: Syllable counting in words of two to four syllables 27
Activity 7: Syllable deletion 28

Section 3: Identification and supply of rhyming words 29
Activity 1: Introduction to rhyme 30
Activity 2: Discrimination of pairs of rhyming and non-rhyming words 31
Activity 3: Supplying rhymes (A) 31
Activity 4: Supplying rhymes (B) 32
Activity 5: Supplying rhymes (C) 33
Activity 6: Rhyme supply (riddles) 35
Activity 7: Discrimination of one of three words that rhymes with a target word

Section 4: Identification and discrimination of phonemes
Activity 1: Introduction to 'saying a word slowly'
Activity 2: Picture sound association (initial sounds of words)
Activity 3: Word pair discrimination
Activity 4: Identification of initial sounds in words
Activity 5: Identification of final sounds in words
Activity 6: Identification of medial sounds in words
Activity 7: Discrimination of two of three words with the same initial sound
Activity 8: Introduction to the concept of 'same end' sound
Activity 9: Discrimination of two of three words with the same final sound
Activity 10: Discrimination of two of three words with the same medial sound
Activity 11: Discrimination of word pairs with the same initial sound
Activity 12: Discrimination of word pairs with the same final sound
Activity 13: Discrimination of word pairs with the same medial sound
Activity 14: Discrimination of one of three words with the same initial sound as a target word
Activity 15: Discrimination of one of four words with a different initial sound
Activity 16: Discrimination of one of three words with the same final sound as a target word
Activity 17: Discrimination of one of four words with a different final sound

Section 5: Phoneme blending
Activity 1: Production of words from two to four sounds
Activity 2: Production of words from two sounds
Activity 3: Production of words from three sounds
Activity 4: Production of words from four sounds
Activity 5: Production of words from five sounds
Activity 6: Sound linkage: Blending of two sounds
Activity 7: Sound linkage: Blending of three sounds
Activity 8: Sound linkage: Blending of four sounds (initial blends)
Activity 9: Sound linkage: Blending of four sounds (final blends)

Section 6: Phoneme segmentation
Activity 1: Production of the initial sound of target words
Activity 2: Production of the final sound of target words
Activity 3: Production of the medial sound of target words
Activity 4: Introduction to the concept of breaking up a word into sounds 72
Activity 5: Introduction to segmenting a word while pushing counters into boxes 73
Activity 6: Phoneme counting with two to four counters (A) 74
Activity 7: Phoneme counting with two to four counters (B) 75
Activity 8: Segmenting words into sounds 75
Activity 9: Sound linkage: Discrimination of two of three words with the same initial 'sound' 76
Activity 10: Sound linkage: Discrimination of two of three words with the same final 'sound' 77
Activity 11: Sound linkage: Discrimination of two of three words with the same medial 'sound' 79

Section 7: Phoneme deletion 81
Activity 1: Introduction to the concepts of ‘missing from’ and ‘without’ 82
Activity 2: Introduction to the concepts of ‘taken away’ and ‘left’ in relation to sounds in words 83
Activity 3: Specification of the initial sound deleted from a word 85
Activity 4: Specification of the final sound deleted from a word 85
Activity 5: Specification of a medial sound that has been deleted from a word 86
Activity 6: Deletion of the initial sound of a word to produce another word (A) 87
Activity 7: Deletion of the initial sound of a word to produce another word (B) 88
Activity 8: Deletion of the final sound of a word to produce another word 89
Activity 9: Deletion of the medial sound of a word to produce another word 89
Activity 10: Sound linkage: Discrimination of a word produced by deleting the initial sound from a stimulus word 90
Activity 11: Sound linkage: Discrimination of a word produced by deleting the final sound from a stimulus word 92

Section 8: Phoneme substitution 95
Activity 1: Introduction to the concept of changing the beginning item of a sequence 96
Activity 2: Revision of the concept of ‘first sound in a word’ 96
Activity 3: Changing the initial sound of a word 97
Activity 4: Phoneme substitution (initial sound) 98
Activity 5: Phoneme substitution (final sound) 98
Activity 6: Phoneme substitution (medial sound) 99
Activity 7: Sound linkage: Substitution of initial letters/phonemes in words 100
Activity 8: Sound linkage: Substitution of final letters/phonemes in words 102
Activity 9: Sound linkage: Substitution of medial letters/phonemes in words 103
Section 9: Phoneme transposition

- Activity 1: Defining the concept of backwards (using pictures) 106
- Activity 2: Defining the concept of backwards (in relation to words) 106
- Activity 3: Defining the concept of backwards (in relation to sounds in words) 107
- Activity 4: Reversing the sequence of sounds in a word 108
- Activity 5: Introduction to spoonerisms 109
- Activity 6: Spoonerisms 110
- Activity 7: Sound linkage: Reversing the sequence of sounds in a word 111
- Activity 8: Sound linkage: Spoonerisms 112

Section 10: Phonological linkage activities

- Instructions 116
- Establishing a link between sounds and the written form of words 116
- Using letters as clues in text reading 117
- Multisyllabic words and words with suffixes and prefixes 118
- Playing with words 118

Sound Linkage: Theoretical background to the programme

- Phonological awareness and learning to read 120
- The Hatcher, Hulme and Ellis study 121
- Evidence from subsequent studies for the effectiveness of ‘reading with phonology’ programmes 126
- Using sound linkage as one component of an integrated approach to teaching reading 128
- Grading children’s early reading books 132
- Summary 132

Test development and standardisation

Appendix 1: Additional activities 142

- Section 2: Identification and manipulation of syllables 142
- Section 3: Identification and supply of rhyming words 142
- Section 4: Identification and discrimination of phonemes 143
- Section 5: Phoneme blending 144
- Section 6: Phoneme segmentation 145
- Section 7: Phoneme deletion 146
- Section 8: Phoneme substitution 146
- Section 9: Phoneme transposition 146

Appendix 2: Table of percentages (observed score / possible score) × 100 148

Appendix 3: Grading children’s early reading books 149

Sound linkage training programme: Record Sheets 156
- Record Sheet A: Test of phonological awareness 156
- Record Sheet B: Identification of words as units within sentences 158
Record Sheet C: Identification and manipulation of syllables 160
Record Sheet D: Identification and supply of rhyming words 162
Record Sheet E: Identification and discrimination of phonemes 164
Record Sheet F: Phoneme blending 171
Record Sheet G: Phoneme segmentation 174
Record Sheet H: Phoneme deletion 177
Record Sheet I: Phoneme substitution 180
Record Sheet J: Phoneme transposition 183
