Index

Note to the Reader: Throughout this index **boldfaced** page numbers indicate primary discussions of a topic. *Italicized* page numbers indicate illustrations.

**A**

A/B tests
- in behavior targeting, 302
- as first test, 81, 209
- overview, 197, 197
- pros and cons, 198
Abandonment Rate metric, 55
- benchmarks, 218
- importance, 73, 152
Absolute Unique Visitors metric, 39–43
- accuracy vs. precision, 284–285
Action dashboards, 288
- benchmarks and segments, 291–292
- consolidated, 290–291
- critical few metrics, 292–293
- elements, 288–290, 289
- evolving, 294
- guidelines, 291
- insights in, 289, 293
- single-page rule, 293–294
Actionable Web Analytics (Atchison and Burby), 437
Actions
- actionable insights, 4–5, 422
- actionable testing ideas, 202–204
- actionable vs. knowable in surveys, 184, 184
- metrics for, 36
Actions/Steps quadrant in action dashboards, 290
Activity metric for Twitter, 272
Ad Planner tool, 4, 214
- demographic segmentation analysis, 236–237, 237
- psychographic segmentation analysis, 238, 238
- search behavior, 239
- self-reported data, 219, 220
- ad position in PPC, 113–114, 113–114
- Adblade ad provider, 236
- Aden, Timo, 400
- administration costs, vendor questions about, 23–24
- Adobe AIR technology, 248–249
- ads, number and layout, 203
- AdSense for blog ads, 264, 395
- AdWords Keyword tool
  - campaign tracking, 309
  - competitive intelligence, 217
  - integration with, 26
  - keyword expansion analysis, 234, 235
  - paid clicks, 110
Affinium NetInsight
- cookies, 129
- SEO analysis, 102
- tags, 140
- in three-bucket strategy, 29
aggregate data vs. customer behavior, 93–94, 93–94
AIR technology, 248–249
Alexa toolbar, 214
All Visits metric, 103, 103, 108
Alltop site, 244
Also Visited reports, 223–224, 224
Amazon, video use by, 273
Amethon company, 251
analyses
  action-driving, 412–415, 413
  in tool selection strategy, 17–19
  vendor questions about, 24
analytics managers and directors hiring guidelines, 403–406
Analytics Talk blog, 400
Android-based phones, 250
annual support costs, vendor questions about, 23
applications
  analyzing, 248–249, 248
  data limitations, 139
areas of caution in lab usability studies, 174–175
artificially intelligent visual heat maps, 192–193, 193
Atchison, Shane, 437
Atlas Solutions, 236
Attention Tracking reports, 276, 276
attributes
  of analytics managers, 404
  metrics, 59–62, 61
attrition in multitouch campaigns, 358
alternatives, 366–368, 366
challenges, 364–365
issues, 359–361, 360
models, 361–365, 361
overview, 358–359
summary, 368
Audience Attention reports, 276, 276
audience growth in blogs, 258–260, 259
audience identification in competitive intelligence, 235–240, 236–238, 240
Audience Science company, 299
auditing data, 287
author contributions to blogs, 257–258, 258
Authority metric, 262, 262
authorized consultants, vendor questions about, 24
automated modeling engines in behavior targeting, 300, 300
availability factors
  in SLAs, 32–33
  tool selection strategy, 18
Average Order Value metric, 109, 109, 153–154, 154
Average Position reports, 113
Average Revenue per Email Sent metric, 122
Average Shared Links Click-Through Rate (CTR) metric, 268–269, 269
Average Time on Site metric, 77, 114, 114
Average Time to This Page metric, 83
average Visits per visitor metric, 162–164, 163
averages, 330
  distributions, 331, 331
  segmentations, 330–331, 330
Avg. Time on Site metric, 77, 114, 114
B
B&H Photo Video site, 224–225, 225
B2B (business-to-business) websites, 166–168
Bachman, Jess, 398–399
bad exit tracking, 55, 151
barriers to web measurement, 432–433
  budget and resources, 433–434
  data excess, 435–436
  data reconciliation, 436–437
  IT blockages, 437–438, 437–438
  misunderstandings, 435
  senior management buy-in, 436
  siloed organizations, 434–435
  staff competency, 439
  strategy vacuums, 434
  tools and technology, 433, 439–440
  trust, 439
baseline performance metrics, 275, 275
basic statistics skills for web analytics, 396–397
behavior targeting (BT), 298
  challenges, 299–301, 300
prerequisites, 301–302
promises, 299
testing in, 302
benchmarks
  action dashboards, 291–292
  competitive studies, 190–191
  for context, 319–320, 319–320
  inaccurate, 425
  online survey providers, 188
  for pressure on management, 430–431
  from vendors, 218–219, 218
Bennett, Steve, 63
best friend metrics, 318
biased video segments, 279
Blog Metrics plug-in, 261
blogs, 257
  audience growth, 258–260, 259
  birth of, 243–244
  Bounce Rate, 53
citations and ripple index, 262–263, 262
costs, 263
  raw author contributions, 257–258, 258
  ROI, 263–265, 265
  on web analytics, 400–401
Bango Analytics company, 251, 253, 255
bosses
  data-driven, 426–429
  pressure on, 429–432
  receptive, 420–421
