Contents

Preface xv

Introduction 1

Part I Initial Evaluation 5

Chapter 1 Patient Interview 11
  Summary 27
  References 27
Chapter 2 Review of the “Initial Patient Questionnaire” 31
Chapter 3 Clinical Examination 39
  Range of Motion 40
  TMJ Noise 43
  TMD Palpations 44
  Intraoral Examination 61
    Occlusal Changes 61
    TMD Pain Caused by a Tooth 62
    Tooth Pain without Local Pathology 65
  Additional Evaluations 67
  References 69
Chapter 4 Imaging 71
  Plain Radiographs 72
  Panoramic Radiograph 72
  Axially Corrected Sagittal Tomography 73
  Computed Tomography 74
  Cone Beam Computed Tomography 74
  Magnetic Resonance Imaging 74
  Arthrography 75
  High-Resolution Ultrasound 75
  Imaging Strategies 75
  Imaging Recommendations 76
  References 78
Chapter 5 TMD Diagnostic Categories 81
  TMJ Disorders 82
    Joint Pain 82
    Joint Disorders 84
  Joint Diseases 89
Fractures 91
Congenital/Developmental Disorders 91
Masticatory Muscle Disorders 92
Muscle Pain Limited to the Orofacial Region 92
Contracture 93
Hypertrophy 94
Neoplasm 94
Movement Disorders 94
Masticatory Muscle Pain Attributed to Systemic/Central Disorders 94
Headache Disorders 95
Headache Attributed to TMD 95
Associated Structures 95
Coronoid Hyperplasia 95
References 95

Chapter 6 Contributing Factors 97
References 101

Part II Common Acute TMD Conditions and Treatments 103
Chapter 7 TMD Secondary to Trauma 105
References 108
Chapter 8 TMD Secondary to Dental Treatment 109
Preventing Aggravation from Dental Treatment 112
Medial Pterygoid Muscle Pain 114
Inability to Close into Maximum Intercuspation 116
Occlusal Interference Sequelae 119
Obstructive Sleep Apnea Appliances 120
References 122
Chapter 9 Lateral Pterygoid Spasm 125
References 129
Chapter 10 Intermittent and Continuous Forms of TMJ Disc Displacement without Reduction with Limited Opening 131
Intermittent Disorder (Disc Displacement with Reduction with Intermittent Locking) 134
Continuous Disorder (Disc Displacement without Reduction with Limited Opening, Also Known as Closed Lock) 136
References 143
Chapter 11 TMJ Subluxation and Luxation 145
References 148

Part III Occlusal Appliance Therapy 149
Chapter 12 Stabilization Appliance 153
Mandibular Positions and Interocclusal Record 155
Physical Variables 159
CONTENTS

Full or Partial Coverage 159
Maxillary or Mandibular 160
Hard, Intermediate, or Soft Material 163
Thick or Thin 169
Appliance or Clasp Retention 170
Summary of Physical Variables 171
Appliance Adjustments 172
Internal Adjustments 172
Internal Reline 175
External Adjustments 178
External Reline 184
Appliance Repair 188
Appliance Examples 190
Pressure-Cured Mandibular Acrylic Stabilization Appliance 191
Maxillary Acrylic Stabilization Appliance 193
Hard Thermoplastic Stabilization Appliance 195
Impak Stabilization Appliance 199
Dual Laminate Thermoplastic Stabilization Appliance 200
Soft Thermoplastic Stabilization Appliance 201
Appliance Management 204
References 209
Chapter 13 Anterior Positioning Appliance 213
Mandibular Position and Interocclusal Record 215
Design and Adjustments 216
Appliance Management 218
References 221

Part IV Multidisciplinary Treatment Approach 223
Chapter 14 Self-Management Therapy 229
Self-Management Instructions 230
Closure Muscle-Stretching Exercise 236
Lateral Pterygoid Muscle-Stretching Exercise 238
Posture Exercises 239
Breaking Daytime Habits 240
References 244
Chapter 15 Physical Medicine 247
Muscle Massage 248
Yoga 249
Trigger-Point Compression 249
Trigger-Point Injection 249
Physical Therapy 250
Acupuncture 254
Chiropractics 255
Magnetic Therapy 256
References 257
Chapter 16 Cognitive-Behavioral Intervention 261
   Breaking Daytime Habits 266
   Relaxation 268
   Hypnotherapy 269
   Biofeedback Assisted Relaxation 269
   Stress Management 271
   References 271

Chapter 17 Pharmacological Management 275
   Analgesics 277
   Anti-Inflammatory Medications 277
      Nonsteroidal Anti-Inflammatory Drugs (Ingested Form) 278
      Steroidal Anti-Inflammatory Drugs 279
   Muscle Relaxants 280
   Tricyclic Antidepressants 282
   Topical Medications 284
      Over-the-Counter Topical Medications 284
      Prescription Topical Medications 286
   Nutritional Supplements 289
   References 290

Chapter 18 Other Dental Procedures 295
   Occlusal Equilibration 298
   Orthodontic–Orthognathic Therapy 300
   Prosthodontic Therapy 302
   TMJ Surgery and Implants 304
   References 308

Chapter 19 Integrating Multidisciplinary Therapies 313
   Treatment Summaries and Clinical Implications 314
      Self-Management Therapy 314
      Massage and Trigger-Point Compression 314
      Lateral Pterygoid Muscle-Stretching Exercise 315
      Closure Muscle-Stretching Exercise 315
      Posture Exercises 315
      Occlusal Appliances 315
      Physical Therapy 316
      Yoga 316
      Trigger-Point Injections 316
      Acupuncture 316
      Chiropractics 317
      Magnetic Therapy 317
      Breaking Daytime Parafunctional, Muscle-Tightening, or Fatiguing Habits 317
      Relaxation 318
      Hypnotherapy (Hypnosis) 318
      Biofeedback-Assisted Relaxation 318
      Stress Management 319
CONTENTS

Pharmacological Management 319
Occlusal Therapy 319
TMJ Surgery 320
Integrating Conservative Therapies 321
TMD Refractory to Initial Therapy 324
Long-Term Management 326
References 327

Part V Case Scenarios 331
Case 1: Pulpal Pathosis Mimicking TMD Symptoms 333
Case 2: Tooth Pain: No TMD Pain 335
Case 3: Chronic Sinusitis 336
Case 4: Chronic Forehead Pain Referred from the Neck 337
Case 5: Myalgia Secondary to Nocturnal Parafunctional Habits 339
Case 6: Tooth Attrition: No Pain 340
Case 7: Myalgia Secondary to Daytime Parafunctional Habits 341
Case 8: Medial Pterygoid Spasm 342
Case 9: Tension, Depression, and Poor Sleep as Contributing Factors 343
Case 10: Fibromyalgia as a Contributing Factor 344
Case 11: TMJ Disc Displacements and When to Treat Them: No Pain 345
Case 12: TMJ Arthralgia 346
Case 13: TMJ Disc Displacement with Reduction with Intermittent Locking 347
Case 14: TMJ Disc Displacement without Reduction with Limited Opening: Unlocked 349
Case 15: TMJ Disc Displacement without Reduction with Limited Opening: Not Unlocked 350
Case 16: Osteitis Causing Inability to Open Wide 353
Case 17: Lateral Pterygoid Spasm 354
Case 18: Acute Exacerbation of TMD 357
Case 19: Multiple Forms of Head and Neck Pain after Crown Insertion 359
Case 20: Appliance That Positioned Condyles into Their “Proper Position” 360
References 362

Part VI Fundamentals of Clinical Studies 365
Designs of and Advice for Performing Clinical Studies 365
Literature Review 365
Study Population 366
Institutional Review Board (IRB) Approval 366
Developing Study’s Parameters 367
Strengthening Your Study 367
Writing and Submitting Manuscript 368
Practice-Based Research 369
Prominent Clinical Study Designs 369
Case Report 370
Case Series Study 371
Cross-Sectional Study 372
Case-Control Study 373
Cohort Study 373
Nonrandomized Clinical Trial 374
Randomized Controlled Trial 376
Other Types of Publications You May Want to Consider 378
Literature Reviews 378
Systematic Reviews 379
Meta-Analyses 379
Considerations in Assessing Clinical Trials 380
Conclusions 380
References 381

Appendices 385
Files on Accompanying CD 385
Appendices 385
Appendices in Spanish 386
TMD Course Presentations 386
TMD Course Manual 386
Appendix 1 Referral Criteria for Hygienists 387
Appendix 2 Initial Patient Questionnaire 389
Appendix 3 TMJ Disc–Condyle Complex Disorders 393
Appendix 4 TMD Self-Management Therapies 395
Appendix 5 Occlusal Appliance Care Instructions 397
Appendix 6 Closure Muscle-Stretching Exercise 399
Appendix 7 Posture Improvement Exercises 401
Instructions 401
Exercises 402
Appendix 8 Laboratory Stabilization Appliance Instructions 405
Maxillary or Mandibular Impak Stabilization Appliance 405
Maxillary or Mandibular 0.15-in. Soft Thermoplastic Appliance or Dual Laminate Thermoplastic Stabilization Appliance 405
Maxillary or Mandibular 2-mm Hard Thermoplastic Appliance or Acrylic Stabilization Appliance 406
Appendix 9 Example of Dental Record Entries 407
Initial Exam 407
Insertion Appointment 408
Follow-Up 408
Follow-Up 408
Appendix 10 Examples of Physical Therapy Referral 409
Appendix 11 Examples of Psychology Referral 411
Appendix 12 Working with Insurance Companies 413
Appendix 13 Sources for Additional TMD Information 415
Patient Brochures and Book 415
Patient Advocacy Group 415
