reading disabilities, 155
visuospatial working memory, 172
written language disabilities, 156
Working memory assessment plan, 141
Working memory capacity, 40–48, 60–62
development of, 64–71
measurement of, 45
Working Memory Test Battery for Children (WMTB-C), 26, 238–243
Backward Digit Recall subtest, 242
Block Recall subtest, 241
Counting Recall subtest, 242
development, 238
Digit Recall subtest, 240
factor structure, 239
interpretation, 242
Listening Recall subtest, 241–242
Mazes Memory subtest, 241
Nonword List Recall subtest, 241
reliability, 238–239
strengths and weaknesses, 243
Word List Matching subtest, 241
Word List Recall subtest, 241
validity, 239–240
